**Board of Adjustment Meeting Agenda
Thursday, January 3, 2008
7:00 p.m.
City Council Chambers**

- I. Introduction of the Board and City Staff
- II. Request for Affidavit of Publication
- IV. Public Hearing Item:
 - A. **B.A. 13-2007 Barry and Jill Miller (2619 Joyceridge Drive):** A request for variance from City of Chesterfield Ordinance Number 242 Section 4 (A)(ii) to permit a single family residence to maintain a 12 ft. rear yard setback in lieu of the required 15 ft. rear yard setback. (20T310654)
- V. Adjournment

**Notice of Public Hearing
City of Chesterfield
Board of Adjustment**

NOTICE IS HEREBY GIVEN that the Board of Adjustment of the City of Chesterfield will hold a Public Hearing on Thursday, January 3, 2008 at 7:00 p.m. in the City Council Chambers at the City of Chesterfield City Hall, 690 Chesterfield Parkway West, Chesterfield, Missouri, 63017

The Board will consider the following:

B.A. 13-2007 Barry and Jill Miller (2619 Joyceridge Drive): A request for variance from City of Chesterfield Ordinance Number 242 Section 4 (A)(ii) to permit a single family residence to maintain a 12 ft. rear yard setback in lieu of the required 15 ft. rear yard setback. (20T310654)

All interested parties are invited to appear and be heard at the hearing.

Copies of the request are available for review at the City Government Center Monday through Friday, from 8:30 a.m. to 4:30 p.m. If you should need additional information about this project, please contact Anissa McCaskill-Clay, Assistant Director of Planning by telephone at 636-537-4737 or by email at amccaskill@chesterfield.mo.us

Board of Adjustment
City of Chesterfield
690 Chesterfield Parkway West
Chesterfield, MO 63017

Re: **B.A. 13-2007 Barry and Jill Miller (2619 Joyceridge Drive)**: A request for variance from City of Chesterfield Ordinance Number 242 Section 4 (A)(ii) to permit a single family residence to maintain a 12 ft. rear yard setback in lieu of the required 15 ft. rear yard setback. (20T310654)

Dear Board Members:

Barry and Jill Miller, the owners of the above-referenced property have submitted a request to the Board of Adjustment for a variance from City of Chesterfield Ordinance Number 242 to permit retention of a 12 ft. rear yard setback in lieu of the required 15 ft. rear yard setback.

Background of the site

1. The Millers are seeking installation of a swimming pool on the rear of their property at 2619 Joyceridge Drive in Stonebriar Subdivision.
2. Stonebriar Subdivision was zoned "R2/R3" Residence District with a Planned Environment Unit Procedure by the City of Chesterfield via Ordinances 234, 235, 236, 237, 241. Ordinance 242 consolidated previous established zonings and planned environment unit requirements under one ordinance.
3. A Planned Environmental Unit (PEU) is an alternate zoning procedure for residential districts. According to the City of Chesterfield Zoning Ordinance the intent of a PEU is, "to permit flexibility in building types, encourage economic and energy efficient subdivision design, and to encourage the provision of supporting community facilities in the development of diverse, sound, urban developments under conditions of approved site and development plans."
4. In the development of Stonebriar Subdivision, a fifteen (15) foot rear yard setback was established.

EXHIBIT
4

5. On November 9, 2007, the City of Chesterfield rejected a municipal zoning approval for an in-ground swimming pool because it extended beyond the established rear yard setback.

Statement of practical difficulties and unnecessary hardships warranting action by the Board:

From Attachment to Petitioner's Application, #8: *"We have applied for a permit to install an in ground swimming pool in our Chesterfield back yard. It was rejected due to the design encroaching on the 15' rear yard setback. The current plan calls for the pool to be installed 3' into the 15' rear setback of our property. Due to the narrow depth of our backyard, the necessary drainage plan, safety issues and structural concerns associated with the placement of the pool, we are requesting a reduction of the 15' rear setback ordinance to 12' to accommodate our current pool design."*

Unique physical characteristics of the lot (e.g., size, slope, etc.):

From Attachment to Petitioner's Application, #1: *"Our backyard is exceptionally narrow from our house to the rear property line creating a hardship for the proposed improvement. The total distance is 38'. Furthermore, the lot has an 8' slope running from the east side of the property to the west, dictating that the only feasible location for an in ground pool is in the highest area of our yard (on the enclosed proposed plan)."*

Description of the necessity of the proposed improvement

Note from Staff: The Petitioner's description is quite lengthy. Please see item #2 in the Attachment to the Petitioner's Application for their description of the necessity of the proposed improvement. From Attachment to Petitioner's Application, #2: *"Pool is to be used for recreational and exercise purposes."*

Basis for appeal of the above action:

From Attachment to Petitioner's Application, Item #4: *"The pool as designed can not be implemented per the ordinance."*

Approval Criteria

Mr. and Mrs. Miller are requesting a variance to allow a 12 foot rear yard setback in lieu of the 15 foot setback established by City of Chesterfield Ordinance 242:

1. In order to grant a variance, there must be proof that the applicant did not bring the burden upon himself through some action, but instead had the burden imposed on him.

2. An individual cannot create a situation and then claim he needs a variance. *Wolfner v. Board of Adjustment of City of Warson Woods*, 114 S.W.3d 298 (Mo.App.E.D.,2003).
3. The burden of proving the elements is on the applicant.
4. Missouri Revised Statute Chapter 89.090 requires that a Board of Adjustment may only grant variances when the applicant has established the necessary “practical difficulties or unnecessary hardship” and when “the spirit of the ordinance shall be observed, public safety and welfare secured and substantial justice done.”
5. Section 2-216 of the City of Chesterfield Municipal Code states that the Board of Adjustment shall have the following powers:

“To permit a variation in the yard requirements of any zoning district or the building or setback lines from major highways as provided by law where there are practical difficulties or unnecessary hardships in the carrying out of these provisions due to an irregular shape of the lot, topographical or other conditions, provided that such variance will not seriously affect any adjoining property or the general welfare of the public;”

Action by the Board of Adjustment relative to B.A. 13-2007 Barry and Jill Miller is requested.

Respectfully Submitted,

Annisca McCaskill-Clay

Annisca G. McCaskill-Clay, AICP
Assistant Director of Planning

City of Chesterfield

DEPARTMENT OF PLANNING

RECEIVED
DEC 7 2007
PLANNING
DEPARTMENT

APPLICATION TO THE BOARD OF ADJUSTMENT FOR A VARIANCE

The Board of Adjustment is a local body consisting of volunteers appointed by the Mayor. Its responsibility is to hear appeals from decisions of the City of Chesterfield Department of Planning and to consider requests for variances and exceptions. A variance is an approved departure from the provisions of the zoning requirements for a specific parcel, without changing the zoning ordinance underlying zoning of the parcel. A variance usually is granted only upon demonstration of hardship based on the peculiarity of the property in relation to other properties in the same zone district. For questions about this application, please contact the "Planner of the Day" at 636-537-4733. For information about this and other projects under review by the Department of Planning, please visit "Planning Projects" at www.Chesterfield.mo.us.

Check (✓) the type of variance for which you are applying:

Area (bulk) variance: A request to allow deviation from the dimensional (i.e. height, bulk yard) requirements of a zoning district.

Appeal of an Administrative determination

Note: A \$70 fee applies

Please note areas in gray will be completed by the Department of Planning.

[THIS SPACE INTENTIONALLY LEFT BLANK]

① **Unique physical characteristics of the lot (e.g., size, slope, etc.):**

Our backyard is exceptionally narrow from our house to the rear property line creating a hardship for the proposed improvement. The total distance is 38'. Furthermore, the lot has an 8' slope running from the east side of the property to the west, dictating that the only feasible location for an in ground pool is in the highest area of our yard (on the enclosed proposed plan).

② **Description of the necessity of the proposed improvement:**

The proposed pool is 16' wide which is the minimum allowable width for the safe installation of a diving board. (This is also the ANSI industry standard minimum.) Our daughter has been a member of the Chesterfield Swim and Dive team for 6 years and a diving board is a major component of our pool plan. We contracted with Wind Engineering for the best placement of the pool in our yard, with input from our pool contractor, Bi-State pools. The location of the pool was selected for the following reasons:

Drainage – The pool must accommodate drainage from uphill neighboring yards and provide access for underground drainage system to transport storm water around pool.

Safety – The pool will be located directly outside of our 6' x 5' kitchen picture window, which sits 3' off the ground. A minimum distance of 10' between the window and the pool's edge was deemed adequate by our contractors for the safety of all swimmers.

Structural – It is recommended the pool be dug no closer to the house than 8'. This will be a liner pool, which requires a 2' wide perimeter be dug around the entire circumference of the pool. Thus, the 10' distance.

Placing the pool 10' from the house will reduce the 15' rear setback to our property line to 12'.

③ **Ordinance Number and section to which a variance is sought:**

City of Chesterfield Ordinance number 242 Section 4 (A) (ii).

④ **Basis for appeal of the above action:**

The pool as designed cannot be implemented per the ordinance.

⑤ **Specify the action to which the appeal is sought:**

Rejection of municipal zoning approval.

⑥ **Description of the effect or impact on neighboring properties:**

We do not expect this project to have any negative effects on neighboring properties. Our neighbor behind us, Richard Klos, to whom the majority of our yard abuts, has no problem with our planned project. (His letter is attached.) The pool will have a 2' retaining wall along its back edge, which will be backed by landscaping to the rear property line. There is a 6' wooden privacy fence along this rear property line which completely blocks our yard from the view of Mr. Klos's yard. Furthermore, there will not be any decking, or pool access, along the majority of the back edge of the pool. (Decking begins on the east end of the pool where it curves toward the front of our lot and continues around three sides of the pool)

⑦ **Statement of any other hardship or information for this appeal:**

The trustees of Stonebriar subdivision have approved this project and it is in full compliance with the subdivision indentures.

⑧ **The following information correctly presents the true conditions and also describes the practical difficulties and unnecessary hardships warranting action by the Board:**

We have applied for a permit to install an in ground swimming pool in our Chesterfield back yard. It was rejected due to the design encroaching on the 15' rear setback. The current plan calls for the pool to be installed 3' into the 15' rear setback of our property. Due to the narrow depth of our backyard, the necessary drainage plan, safety issues and structural concerns associated with the placement of the pool, we are requesting a reduction of the 15' rear setback ordinance to 12' to accommodate our current pool design.

DEPARTMENT OF PLANNING AND PUBLIC WORKS

APPLICATION FOR MUNICIPAL ZONING APPROVAL

TO: Department of Public Works
Division of Code Enforcement
St. Louis County Government
41 South Central
Clayton, Missouri 63105

FROM: City of Chesterfield

The City of Chesterfield contracts with the St. Louis County Department of Public Works to provide permitting and inspection services. Review of plans, collection of fees, and issuance of permits are handled by the County. However, before obtaining any permit, or beginning any construction project, a zoning approval must be obtained from the City of Chesterfield.

Zoning approval signifies that the property can be used as requested and that the location of a proposed structure is within the legal limits of the property lines as delineated by regulations contained within the City of Chesterfield Zoning Ordinance. Please be advised that some sites have regulations that are more restrictive as part of conditions of the ordinance governing a particular Planned Commercial District, Planned Industrial District, Estate District, Mixed Use Development District, Conditional Use Permit, Commercial-Industrial Designed Development Procedure, Planned Environmental Development Procedure, or Landmark Preservation Area.

Petitioners are strongly urged to visit the County web site at <http://www.stlouisco.com/pubworks/> or contact the St. Louis County Department of Public Works at (314) 615-7155 for submittal requirements, permitting information and a detailed list of work that does not require a building permit and/or zoning approval

For questions about this application, please contact the "Planner of the Day" at 636-537-4733.

I. APPLICANT INSTRUCTIONS

1. Obtain City of Chesterfield approval;
2. Obtain *Fire District approval; An additional separate permit is required from the fire district.
3. Obtain St. Louis County approval.

***NOTE:** It is the responsibility of the applicant to determine which Fire District covers the project property.

- Monarch Fire Protection District: Tel. 314-514-0900, ext. 309
- Metro West Fire Protection District: Tel. 636-458-2100

Section 1. Preliminary approval of a Planned Environment Unit Development of a tract of land located in the R-2 and R-3 Residence Districts, in the City of Chesterfield, is granted, said tract being described as follows:

A tract of land in Section 21, Township 45 North - Range 4 East, St. Louis County, Missouri and being more particularly described as:

Beginning at the intersection of the South line of "Clarkson Woods South Plat 1", a subdivision according to the plat thereof recorded in Plat Book 166 pages 94 and 95 in the St. Louis County records, with the East line of Clarkson Road, 60 feet wide; thence South 89 degrees 22 minutes 30 seconds East 1313.88 feet along said South line of "Clarkson Woods South Plat 1", to the southeast corner thereof, said point being on the West line of "Clarkson Woods Plat No. 2", a subdivision according to the plat thereof recorded in Plat Book 172 pages 70 and 71 in the St. Louis County records; thence South 1 degree 19 minutes 30 seconds West 212.00 feet along said West line of "Clarkson Woods Plat No. 2" to the Southwest corner thereof; thence North 84 degrees 14 minutes 00 seconds East 1331.19 feet along the South line of said "Clarkson Woods Plat No. 2" to the Southeast corner thereof, said point being on the West line of "Meadowbrook Farm Plat 11", a subdivision according to the plat thereof recorded in Plat Book 202 pages 72 through 74 in the St. Louis County records; thence South 1 degree 14 minutes 00 seconds West 1060.40 feet along said West line of "Meadowbrook Farm Plat 11" in a Southward prolongation thereof, to the Northeast corner of "Kehrs Mill Farm Plat Two", a subdivision according to the plat thereof recorded in Plat Book 152 pages 20 and 21 in the St. Louis County records; thence North 88 degrees 46 minutes 00 seconds West 1030.11 feet along the North line of said "Kehrs Mill Farm Plat Two" and the North line of "Kehrs Mil Farm Plat Four", a subdivision

according to the plat thereof recorded in Plat Book 162 pages 46 and 47 in the St. Louis County records, to the Northwest corner thereof; thence South 1 degree 14 minutes 00 seconds West 360.85 feet and South 12 degrees 23 minutes 00 seconds West 8.94 feet along the West line of "Kehrs Mill Farm Plat Four" to the Northeast corner of property conveyed to Rockwood R-6 School District as Daily No. 427 on May 11, 1988 in the St. Louis County records; thence North 77 degrees 07 minutes 00 seconds West 702.04 feet along the North line of said Rockwood R-6 School District property to the Northwest corner thereof; thence South 3 degrees 19 minutes 41 seconds East 745.45 feet along the West line of said Rockwood R-6 School District property to the southwest corner thereof, said point being also in the North line of Kehrs Mill Road, 40 feet wide; thence North 75 degrees 24 minutes 00 seconds West 321.08 feet along said North line of Kehrs Mill Road to a point; thence North 43 degrees 24 minutes 00 seconds West 811.44 feet and North 48 degrees 57 minutes 00 seconds West 55.75 feet along the Northeast line of Kehrs Mill Road to a point; thence leaving said Northeast line of Kehrs Mill Road North 58 degrees 46 minutes 04 seconds East 763.46 feet to a point; thence North 0 degrees 37 minutes 21 seconds West 543.42 feet to a point; thence North 77 degrees 15 minutes 38 seconds West 704.22 feet to a point; thence North 1 degree 17 minutes 00 seconds East 205.43 feet to said East line of Clarkson Road; thence along a curve to the left, whose radius point bears North 77 degrees 05 minutes 20 seconds West 1402.00 feet from the last mentioned point, a distance of 88.30 feet along said East line of Clarkson Road, to the point of beginning and containing 69.3 acres according to calculations by Volz Engineering & Surveying, Inc. dated January 12, 1989.

Section 2. This preliminary approval pursuant to the City of Chesterfield Zoning Ordinance 1003.187 is granted subject to all Ordinances, rules and regulations and to the conditions recommended by the Planning commission in its recommendation to the city Council, as follows:

1. PERMITTED USES

This Planned Environment Unit shall authorize the development of a maximum of one hundred seventy-seven (177) single family residences on individual lots.

2. LOT REQUIREMENTS

- a. All lots within the "R-2" Residence District shall be a minimum of 10,000 square feet in area.

- b. All lots within the "R-3" Residence District shall be a minimum of 8,000 square feet in area.

3. SITE DEVELOPMENT PLAN SUBMITTAL REQUIREMENTS

Within eighteen (18) months of the date of approval of the preliminary development plan by the City Council and prior to any site preparation or construction, the petitioner shall submit to the Planning Commission for its review and approval a Site Development Plan. Where due cause is shown by developer, this time interval may be extended through appeal to and approval by the Planning Commission. Said Site Development Plan shall include, but not be limited to, the following:

- a. A general development plan, including basic arrangement of lot locations, common land areas, sidewalks, setback lines from all internal streets and along the perimeter of the subject tract, roadways on or adjacent to the property in question including roadway right of way dimensions, and a street lighting plan.
- b. The location and size of all outdoor parking areas, if any.
- c. Existing and proposed contours at two (2) foot intervals.
- d. The design, location, and size of all proposed freestanding signs, fences, and other above ground structures, except retaining walls.
- e. A landscape plan, including, but not limited to, the location, size, and general type of all plant and other materials to be used.
- f. The location of any public utility facilities.
- g. All other preliminary plat requirements of the City of Chesterfield Subdivision Ordinance.

4. SITE DEVELOPMENT PLAN DESIGN CRITERIA

The above Site Development Plan shall adhere to the following specific design criteria:

Structure Setbacks

- a. Structure setbacks shall be as follows, except yards abutting the perimeter of the P.E.U. shall comply with setbacks of the underlying district.
 - i. Front: Twenty (20) feet from roadway right-of-way.
 - ii. Rear: Fifteen (15) feet
 - iii. Side: Six (6) foot minimum with a minimum of sixteen (16) feet between structures in the "R-2" district

Parking Requirements

- b. Minimum parking requirements shall be as required by Section 1003.165 of the City of Chesterfield Zoning Ordinance.

Access

- c. Access to the P.E.U. shall be limited to one (1) street intersecting Kehrs Mill Road across from Westpar Drive as approved by the St. Louis County Department of Highway Traffic. The median for the subdivision entrance shall be similar in width to the median on Westpar Drive. The pavement width shall be twenty-six (26) feet wide on each side of the median to provide for two (2) inbound and two (2) outbound lanes for a distance of 150 feet north of Kehrs Mill Road. A 20:1 taper should be provided to connect with the thirty-two (32) feet of pavement north of this wider section.
- d. No private driveway access to Kehrs Mill Road shall be permitted.
- e. Provide a reserve strip to abutting undeveloped property as directed by the Department of Planning and Public Works adjacent to the east. Provide a minimum of two (2) stub streets to the abutting property to the west as directed by the Department of Planning and Department of Public Works.

Road Improvements and Sidewalks

- f. Provide temporary improvements at the existing intersection of Clarkson Road and Kehrs Mill Road as follows:
 - i. Widen Kehrs Mill Road east of Clarkson to provide for a separate westbound right turn lane 150 feet in length with a 10:1 inbound taper.
 - ii. Widen Kehrs Mill Road west of Clarkson Road to provide for a separate eastbound right turn lane 150 feet in length with a 10:1 inbound taper.
 - iii. Widen Clarkson Road to lengthen the 125 foot long southbound left turn lane at Kehrs Mill Road with an additional 175 feet with a 40:1 taper
 - iv. Modify the existing traffic signal at Clarkson Road and Kehrs Mill Road as required by the above noted improvements.

These improvements which are to be made at the existing intersection of Clarkson Road and Kehrs Mill Road will be

eliminated when the Missouri Highway and Transportation Department improves the intersection of these two roadways.

- g. Improve Kehrs Mill Road to provide for the following:
 - i. Improve the vertical and horizontal alignment of Kehrs Mill Road adjacent to the subdivision frontage as directed by the St. Louis County Department of Highways and Traffic.
 - ii. Widen Kehrs Mill Road about the centerline to provide for a twelve foot wide two-way left turn lane between approximately 500 feet east of Clarkson Road and the east property line of the site. Taper of 35:1 shall be used on the east end of this widening.
 - iii. Widen the north side of Kehrs Mill Road to 1/2 of sixty-three (63) feet of pavement from the center of right-of-way to provide for a second westbound lane between approximately 500 feet east of Clarkson Road and the east property line of the site. Taper of 20:1 shall be used on the east end of this widening.
 - iv. Provide sidewalks and handicap ramps along Kehrs Mill Road as directed by the St. Louis Department of Highways and Traffic.
- h. The main access street shall have a minimum pavement width of thirty-two (32) feet from Kehrs Mill Road to its terminus with the eastern most loop street, except as noted in Condition 4.b. Parking shall be restricted along the side of the access street adjacent to the water line easement.
- i. Maintenance of subdivision streets, including but not limited to snow removal, shall be the responsibility of the developer until such time as the streets are accepted for maintenance by the City of Chesterfield.
- j. In no event shall the cost of roadway improvements for Clarkson Road and Kehrs Mill Road exceed a total amount based upon \$525.80 required parking space. This amount shall be increased after January 1, 1989 based in accord with construction cost index as calculated by the St. Louis County Department of Highways and Traffic if improvements are not approved and commenced prior to that date.
- k. As portions of these roadway improvements may require the acquisition of additional right-of-way and easements from private property, the normal sequence of design, right-of-way acquisition and construction shall commence immediately upon approval of the requested rezoning. If

the developer is unable to acquire the necessary right-of-way and easements through negotiation with the particular property owners involved, St. Louis County will acquire same through eminent domain proceedings. The cost of appraisals, negotiations, administration, court proceedings, and all associated costs incurred by Court proceedings shall be paid by the developer.

Landscape Requirements

- l. All new deciduous trees shall be a minimum of one and one-half (1-1/2) inches in caliper. All new evergreen trees shall be a minimum of four (4) feet in height and all shrubs shall have a minimum diameter of eighteen (18) inches.
- m. All landscaping improvements shall be escrowed along with the other standard subdivision improvements.

Signs

- n. Any signs shall be erected in accord with the "R-2" Residence District.

Lighting

- o. Lighting shall be required in compliance with the City of Chesterfield Subdivision Ordinance.

Miscellaneous Design Criteria

- p. Exterior trash areas in common ground (if any) shall be surrounded by six foot high sightproof fencing.
- q. Except as herein noted, comply with all preliminary plat requirements of the City of Chesterfield Subdivision Ordinance.

5. VERIFICATIONS PRIOR TO APPROVAL

Prior to approval of the Site Development Plan, the petitioner shall:

Stormwater

- a. Submit to the Department of Planning a preliminary engineering plan approved by the Department of Public Works showing that adequate handling of the stormwater drainage is provided.

- (1) The developer is required to provide adequate stormwater systems in accordance with City of Chesterfield Standards.
- (2) All stormwater shall be discharged at an adequate natural discharge point.
- (3) Detention of differential runoff of stormwater is required by providing permanent detention facilities, such as: dry reservoirs, ponds or other acceptable alternatives. Detention shall be provided in each watershed. The detention facilities shall be completed and in operation prior to issuance of building permits exceeding sixty percent (60%) of the approved dwelling units.

Roadway Improvements and Access

- b. Provide verification of approval by the St. Louis County Department of Highways and Traffic of the location of proposed curb cuts, areas of new dedication and roadway improvements.

Geotechnical Report

- c. Submit, as deemed necessary by the City Engineer, a geotechnical report prepared by a professional engineer licensed in the State of Missouri for review and approval by the Department of Public Works. Said report shall verify the adaptability of grading and improvements with soil and geologic conditions. A statement of compliance with this study, signed by the Geotechnical Engineer preparing the report, shall be included on all Site Development Plans.

6. RECORDING

Within sixty (60) days of approval of the Site Development Plan by the Planning Commission, the approved plan shall be recorded with the St. Louis County Recorder of Deeds.

7. VERIFICATION PRIOR TO BUILDING PERMITS

Subsequent to approval of the Site Development Plan, and prior to issuance of any building permit the following requirements shall be met:

Notification to the Department of Public Works

- a. Prior to the issuance of foundation or building permits, all approvals from the Department of Planning, the Department of Public Works, the Department of Highways and Traffic, the Metropolitan St. Louis Sewer District

and the Missouri Highway and Transportation Department must be received by the City of Chesterfield.

Road Improvements

- b. Improvement to Kehrs Mill Road must be completed prior to the issuance of building permits in excess of fifty percent (50%) of the total. If development phasing is anticipated, the developer shall complete road improvements, right-of-way dedication, and access requirements for each phase of development prior to issuance of building permits in excess of fifty percent (50%) of the total in any one phase. As previously noted, the delays due to utility relocation and adjustments will not constitute a cause to allow occupancy prior to completion or road improvements.

Certification of Plans

- c. Provide verification that construction plans are designed to conform to the requirements and conditions of the Geotechnical Report. The Geotechnical Engineer shall be required to sign and seal all plans with a certification that the proposed construction will be completed in accordance with the grading and soils requirements and conditions contained in the report.

8. GENERAL DEVELOPMENT CONDITIONS

- a. A grading permit is required prior to any grading on the site. No change in watersheds shall be permitted. Interim stormwater drainage control in the form of siltation control measures is required.
- b. Additional lanes and/or widening, pavement thickness, drainage facilities, granular base, traffic control devices and other improvements may be required to accommodate heavy traffic volumes, unsuitable soil conditions, steep grades, or other conditions not apparent at this time.
- c. If cut and fill operations occur during a season not favorable for immediate establishment of a permanent ground cover, a fast germinating annual such as rye grasses or sudan grasses shall be utilized to retard erosion. Such areas shall be adequately maintained until construction occurs.
- u. Provide adequate temporary off-street parking for construction employees. Parking on non-surfaced areas shall be prohibited in order to eliminate the condition whereby mud from construction and employee vehicles is

tracked onto the pavement causing hazardous roadway and driving conditions.

- e. If roadways in this petition are to be private roadways, these roadways shall remain private forever. Maintenance of private roadways shall be responsibility of the property owner(s) or trustees forever.

The existence of private roadways within the development requires disclosure by the developer of responsibility for street maintenance in accordance with the provisions of Section 1005.265 of the city of Chesterfield Subdivision Ordinance.

- f. A copy of the most recently approved Site Development Plan for this P.E.U. development shall at all times be prominently displayed in all display area sales offices within this development.
- g. Failure to comply with any or all the conditions of this ordinance shall be adequate cause for revocation of permits by issuing City Departments or Commissions.
- h. The Zoning Enforcement Officer of the City of Chesterfield, Missouri, shall enforce the conditions of this ordinance in accord with the Site Development Plan approved by the Planning Commission.

Section 3. The City Council, pursuant to the petition of Miceli Development Company, requesting the approval of a Planned Environmental Unit Development for the tract of land described in Section 1 of the Ordinance and pursuant to the recommendation of the Planning Commission that said petition be granted after public hearing held by the said Commission on September 26, 1988, adopts this Ordinance pursuant to the statutory authority authorizing the City Council to exercise legislative power pertaining to planning and zoning and returns the application and plan to the City of Chesterfield Planning Commission for consideration of the final development plans pursuant to City Ordinance.

Section 4. This Ordinance shall be in full force and effect from and after its passage and approval.

Passed and approved this 6th day of February, 1989.

Judith M. Stutts
MAYOR
