**II. Request for Affidavit of Publication**

**IV. Public Hearing Items:**

**A. B.A. 3-2007 Davis Street Land Company (c/o Doster Mickes James Ullom Benson & Guest, LLC): A request for a variance from Section VIII Specific Criteria, I(4) "Sign Requirements" of City of Chesterfield Ordinance 1884 to permit erection of an off-site free-standing directional sign at 1596 Clarkson Road. (19S420415)**

Assistant Director of Planning Annissa McCaskill-Clay presented exhibits supporting the petition requesting a variance for the erection of an off-site free-standing directional sign that would direct traffic into their development. She stated further that these types of signs (directional) are not an allowed use per the governing ordinance.

Thomas O'Toole, Jr., representative for the petitioner, stated that the ordinance prohibits off-site signs, but asked that a reciprocal easement agreement between the two developments (Capitol Land and Chesterfield Oaks) be a part of the record. Mr. O'Toole presented a power point presentation supporting the petitioner's proposal for the sign. He pointed out that earlier during the zoning process, Capitol Land and Chesterfield Oaks developed an agreement regarding directional signs situated on the Capital Land site. He further stated that the reciprocal easement agreement gives Davis Street Land Company permission to install and maintain a sign as well as an electrical conduit (small spotlight during evening hours) on that sign. He pointed out that the petitioner is attempting to avoid a difficulty for customers accessing the site since the Shops and Clarkson Corner has now been fully developed. He said that the proposed sign would not be viewed by residents east of the development. He stated that the sign would provide better customer access, improve safety, and produce unnecessary traffic congestion and better vehicular movement.

There were additional speaker present in favor of the petition.

David Freeburg, Jr. spoke on behalf of the petitioner noting that the road had to be reconfigured as a result of a traffic study, and an access road was developed as a result. He pointed out that the easement agreement was established to create a temporary road to eventually become a permanent road. He stated that at that time, Davis Street Land was not ready to begin development, and that the ideal was to have clear directional signs for both developments. He also stated that this was fully supported by City Staff in the early planning states without any opposition.

John Wagner, representative for the petitioner, stated that a directional sign was included in the earlier submittals, but the applicant was told that they could not put a sign at the requested location.

Assistant Director of Planning Annissa McCaskill-Clay clarified that the application was rejected due to the specific governing ordinance. She further

stated that Shops at Clarkson Corner was advised of the off-site sign and were asked to remove the sign.

There were no speakers present in opposition.

**CONCLUSION:**

As a result of discussion and questions held between the Board members, Councilmember, and petitioner's representatives, it was determined that no practical difficulty preventing the use of the development had been created, no data showing any demonstrated impact on customer/client access/usage had been proven, Chesterfield Oaks has already used up their sign allotment, existing monument sign would not normally be shared by separate developments, and that this anticipated issue should have been addressed earlier during the planning stages.

**Marilyn Ainsworth made a motion to approve the variance request.  
Dru Thomas seconded the motion.**

**The voice vote was as follows: Marilyn Ainsworth, yes; Laura Lueking, no; Dru Thomas, no; Alan Baudler, yes; Gerald Schwalbe, yes.**

**The motion failed by voice vote 3-2**

Re: **B.A. 04-2007 Karagiannis Investment Corporation (Spiros Restaurant West):**

A request for a variance from Section 3(a) of St. Louis County Ordinance 12,771 to permit an existing restaurant in a "C8" Planned Commercial District to maintain a fifteen (15) foot side yard setback on its southern boundary in lieu of the required the twenty (20) feet. (1054 N. Woodsmill Road/16Q310186)

Dear Board Members:

Spiros Restaurant West has submitted the above-referenced request to the Board of Adjustment for review at its April 5, 2007 meeting. In review of the Petitioners' request, the Department of Planning Submits the following report:

**Background of site**

1. The subject site is a 1.42-acre tract of land located on North Woods Mill Road.
2. It was zoned "C8" Planned Commercial District which was created by St. Louis County Ordinance 5,026. This ordinance was amended in 1986 by St. Louis County Ordinance 12,771.
3. Section 3(a) of Ordinance 12,771 states: "Maintain at least fifteen (15) feet wide side and rear yard setbacks, **except for along the southern boundary of this tract where a twenty (20) foot wide landscaped side yard shall be provided.**"
4. On February 2, 2007, Spiro's West experienced a fire that substantially damaged the restaurant. Repair of the fire damage required building permits from St. Louis County, which recently adopted the International Building Code (IBC). Requirements of the IBC and St. Louis County Health Department regulations do not permit the restaurant to be repaired to it former specifications.
5. Compliance with these requirements will provide no usable area for the freezers necessary for use in support of the restaurant. Therefore, the owners sought to move

EXHIBIT

4

them to the rear of the building. This would result in a "bump" out from the existing structure toward the southern boundary of their property.

6. Upon review with City of Chesterfield staff prior to application, it was determined that this improvement would not meet the required twenty (20) foot side-yard setback. It was determined that while the other fire repair work could be approved, a variance would be needed for placement of the freezers.

**Statement of practical difficulties and unnecessary hardships warranting action by the Board:**

From Petitioner's Application, pg. 4: *"The existing kitchen location, the need for repairs to be in compliance with the current building codes; and the regulations of the health department causes the freezer location to be where we are requesting it.."*

**Unique physical characteristics of the lot (e.g., size, slope, etc.):**

From Petitioner's Application, pg. 2: *"Grade slopes up from bldg. approximately 7' above floor; existing fence to remain, trees to remain."*

Staff Response: The petitioner has provided several pictures from the subject site. Staff has labeled these as Exhibit 5B.

**Description of the necessity of the proposed improvement**

From Petitioner's Application, pg. 2: *"Interior repairs and code updates require new freezer in location near kitchen."*

Staff Response: As noted, these repairs and updates are due to the necessity to comply with new building code requirements.

**Basis for appeal of the above action:**

From Petitioner's Application, pg. 2: *"Fire repair and code compliance updates."*

**Staff Input**

Upon review of the subject site and the requirements to repair the fire damage to Spiro's West, staff is recommending **approval** of their request for relief from the side yard requirements established in Ordinance 12,771.

**Approval Criteria**

Spiros Restaurant West is seeking a variance to maintain a fifteen foot side yard setback in lieu of the twenty (20) foot setback established in St. Louis County Ordinance 12,771.

1. In order to grant a variance, there must be proof that the applicant did not bring the burden upon himself through some action, but instead had the burden imposed on him.
2. An individual cannot create a situation and then claim he needs a variance. *Wolfner v. Board of Adjustment of City of Warson Woods*, 114 S.W.3d 298 (Mo.App.E.D.,2003).
3. The burden of proving the elements is on the applicant.
4. Missouri Revised Statute Chapter 89.090 requires that a Board of Adjustment may only grant variances when the applicant has established the necessary "practical difficulties or unnecessary hardship" and when "the spirit of the ordinance shall be observed, public safety and welfare secured and substantial justice done."
5. Section 2-216 of the City of Chesterfield Municipal Code states that the Board of Adjustment shall have the following powers:

"To permit a variation in the yard requirements of any zoning district or the building or setback lines from major highways as provided by law where there are practical difficulties or unnecessary hardships in the carrying out of these provisions due to an irregular shape of the lot, topographical or other conditions, provided that such variance will not seriously affect any adjoining property or the general welfare of the public;"

Action is requested on B.A. 4-2007 Karagiannis Investment Corporation (Spiros Restaurant West).

Respectfully Submitted,

Annissa G. McCaskill-Clay, AICP  
Assistant Director of Planning

## DEPARTMENT OF PLANNING

### APPLICATION TO THE BOARD OF ADJUSTMENT FOR A VARIANCE

The Board of Adjustment is a local body consisting of volunteers appointed by the Mayor. Its responsibility is to hear appeals from decisions of the City of Chesterfield Department of Planning and to consider requests for variances and exceptions. A variance is an approved departure from the provisions of the zoning requirements for a specific parcel, without changing the zoning ordinance underlying zoning of the parcel. A variance usually is granted only upon demonstration of hardship based on the peculiarity of the property in relation to other properties in the same zone district. For questions about this application, please contact the "Planner of the Day" at 636-537-4733. For information about this and other projects under review by the Department of Planning, please visit "Planning Projects" at [www.Chesterfield.mo.us](http://www.Chesterfield.mo.us).

Check (✓) the type of variance for which you are applying:

- Area (bulk) variance: A request to allow deviation from the dimensional (i.e. height, bulk yard) requirements of a zoning district.
- Appeal of an Administrative determination

Note: A \$70 fee applies

Please note areas in gray will be completed by the Department of Planning.
