

MEMORANDUM

DATE: December 17, 2007
TO: Brian McGownd, Public Works Director/City Engineer
FROM: Bonnie Hubert, ^{Ex}Sup't of Engineering/Assistant City Engineer
RE: Snow Routes – Forest Crest Drive and Greentrails Drive North

As we discussed, the section of Forest Crest Drive/Greentrails Drive North between Stablestone Drive and Woods Mill Road (Route 141) is not designated as a snow route in the City Code, and Public Works recommends it be included. As you are aware, snow routes are posted as such and parking is prohibited on those rights of way when there is an accumulation of snow or ice in excess of two (2) inches. The attached map depicts the existing snow routes in the area and the section being proposed. A proposed ordinance for adding the streets to the list of priority snow routes is also attached.

If you need additional information, please let me know.
