

Memorandum Department of Planning

To: Planning and Public Works Committee

From: Annisa Kumerow, Planner **AK**

Date: February 6, 2020

RE: **P.Z. 18-2019 Clarkson Centre (2264 Clarkson Road):** A request for a change in zoning from a “C8” Planned Commercial District and an “R-2” Residence District to a “R-4” Residence District for a 0.99 acre tract of land at 2264 Clarkson Road.

Summary

The Chabad of Chesterfield is requesting a zoning map amendment from the City of Chesterfield to change the zoning of a tract of land currently zoned “C8” Planned Commercial District and “R-2” Residence District to a “R-4” Residence District. The new “R-4” Residence District would allow for development of a place of worship on the site.

A Public Hearing was held on January 13, 2020, at which time the Planning Commission passed a motion recommending approval by a vote of 7-0. As this is a conventional zoning, there is no Attachment A.

Planning Commission Public Hearing and Vote Report

Meeting Date: January 13, 2020

From: Annisa Kumerow, Planner *AK*

Location: Southern corner of the intersection of Clarkson Road and Clarkson Woods Drive

Petition: **P.Z. 18-2019 Clarkson Centre (2264 Clarkson Road)**: A request for a change in zoning from a “C8” Planned Commercial District and an “R-2” Residence District to a “R-4” Residence District for a 0.99 acre tract of land at 2264 Clarkson Road.

Summary

The Chabad of Chesterfield is requesting a zoning map amendment from the City of Chesterfield to change the zoning of a tract of land currently zoned “C8” Planned Commercial District and “R-2” Residence District to a “R-4” Residence District. The new “R-4” Residence District would allow for development of a place of worship on the site.

Figure 1: Subject Site Aerial

Site History

In 1972, the subject property, the Clarkson Wilson Center to the south, and the Clarkson Woods Subdivision were all zoned simultaneously at the request of the property owner through a series of three zoning petitions. St. Louis County Ordinance 6226 zoned the properties “R2” Residence District. Subsequently, St. Louis County Ordinance 6227 zoned the Clarkson Wilson Center to “C-8” Planned Commercial District. Finally, St. Louis County Ordinance 6228 approved a Planned Environmental Unit; however, Clarkson Woods was never developed under the Planned Environmental Unit permit and was instead developed under St. Louis County’s Density Development Procedure. As a result, the Clarkson Woods subdivision and the subject property held the “R-2” zoning designation while the Clarkson Wilson Center held the “C-8” designation.

During platting, the subject site was omitted and consequentially never became a part of Clarkson Woods subdivision, resulting in the additional area of ground located between the Clarkson Woods subdivision and the Clarkson Wilson Center commercial development. Eventually, the larger Clarkson Centre lot was platted to create two separate legal lots. An excerpt from that plat is shown below, with the subject site now designated as Lot 2 of the Clarkson Centre Subdivision.

In 2018, a Zoning Map Amendment Petition to change the zoning from the “R-2” Residence District and “C8” Planned Commercial District to a “PC” Planned Commercial District was denied.

Figure 2: Clarkson Centre Plat

Surrounding Land Uses

The land use and zoning for the properties surrounding this parcel are as follows:

Direction	Zoning	Land Use
North & East	“R2” Residence District	Detached single family residences within the Clarkson Woods Subdivision
South	“PC” Planned Commercial District	Clarkson Wilson Retail Center
West	“R1” Residence District	Buchholz Mortuary

Figure 2: Zoning Map

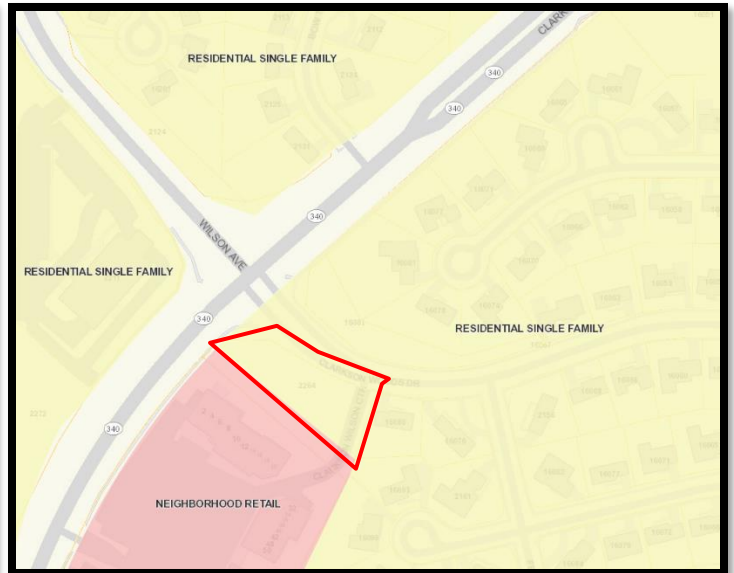

Figure 3: Comprehensive Land Use Plan

Comprehensive Plan Analysis

The City of Chesterfield Land Use Plan designates this parcel as belonging to the Residential Single Family land use category. Additionally, a number of Plan Policies are applicable to this request. The following items identify the applicable plan policies and the staff analysis follows in italics:

2.1.5 Provide Buffer for Existing Residential Development - New higher density residential development and non-residential development adjacent to existing residential subdivisions should provide for a substantial landscape buffer and landscaped area between the uses so as not to alter the conditions and environment of existing residential neighborhoods.

The Unified Development Code contains buffer requirements that will be reviewed as part of a future Site Plan submission.

2.1.8 Transitional Use between Single-Family Detached and Higher Density Development - Single-family attached developments should serve as a transitional land use between single-family detached land use and multiple-family residential and commercial land uses.

The proposed “R-4” Residence District is situated between a “R-2” single-family neighborhood and a state highway with a commercial use fronting the highway to the south.

Preliminary Plan

As this zoning request is for a change to a “straight” (conventional) zoning district, there will be no preliminary plan or Attachment A in accordance with City Code. Permitted land uses will be those established in the “R-4” Residence District.

Request

A Public Hearing further addressing the request will be held at the January 13, 2020 City of Chesterfield Planning Commission meeting. Attached, please find a copy of the Public Hearing Notice and boundary survey for this request as required by City Code. There are no outstanding issues on this request and the Planning Commission may vote on this item.
