**STAFF PRESENTATION:**

Senior Planner Justin Wyse gave a PowerPoint presentation showing photographs of the site and surrounding area. Mr. Wyse stated the following:

- All local and State statutory requirements for the Public Hearing have been completed.
- Phase I of the Spirit Valley Business Park is comprised of approximately 52 acres. Currently four lots, of the 16-lot site, are developed.

- There is a second phase planned for this development immediately to the west. The zoning process has been completed for Phase II but development will not begin until Phase I is further into the construction process.
- The subject site is zoned “PI” Planned Industrial District. The property to the west of the site encompasses Phase II and is also zoned “PI”. The property to the east and south of the site is zoned “M3” Planned Industrial District; the property to the north of the site is zoned “AG” Agricultural District and “NU” Non-Urban District.
- The only proposed change to the ordinance amendment is the addition of the use **kennel** to the previously-approved use of *Animal hospitals and veterinary clinics*.
- The *kennel* use was part of the Planned Industrial District uses at the time of Public Hearing during the rezoning in 2007. During the Public Hearing process, the Planning Commission requested that the list of permitted uses be refined. At that time, the Petitioner agreed to remove the *kennel* use.
- The Petitioner now has an interested party that would require the *kennel* use.
- The Comprehensive Land Use Plan designates the majority of the site as *Low Intensity Industrial*; a small portion along the south of the site falls into the *Spirit of St. Louis Airport* category.
- Staff has no open issues at this time.

## DISCUSSION

City Attorney Rob Heggie asked if the *bait and tackle shop* use was part of the original ordinance. Mr. Wyse replied that it was part of the original ordinance but was removed by the Petitioner during the Public Hearing process. This use is not being requested at this time.
