Memorandum Department of Planning

To: Planning and Public Works Committee

From: Alyssa Ahner, Planner

Date: June 8, 2023

RE: P.Z. 05-2023 Wings Corporate Estates, Lot 5 (Wings & Wheels of Chesterfield LLC): A request to rezone an existing "PI" Planned Industrial District to a new "PI" Planned Industrial District for a 1.3-acre tract of land located northeast of the intersection of Wings Corporate Drive and Buzz Westfall Drive (17W120087).

Summary

Stock & Associates Consulting Engineers Inc., on behalf of Wings & Wheels of Chesterfield LLC, has submitted a request to rezone Lot 5 of the Wings Corporate Estates subdivision to a new "PI"—Planned Industrial District to allow for the sale of new and pre-owned golf-carts and vehicles. The existing site would be utilized thus the provided Preliminary Development Plan reflects current site conditions.

A public hearing on this petition was held on April 10, 2023 and there were a few items discussed. These items included the necessity of some of the requested permitted uses, areas which would be utilized for display/outdoor storage, and the requested openspace percentage for the site.

The applicant made revisions to the submittal and the petition was then reviewed by the Planning Commission on May 22, 2023. At that time the Commission made two motions – one, a motion to amend the open space from 35% to 30% and two, a motion to approve as amended. The two motions passed by a vote of 7-0.

The petition has met all filing requirements and procedures of the City of Chesterfield. Additionally, all agency comments have been received and comments are represented in the provided Attachment A. Attached to this document is the May 22nd Planning Commission Vote Report, Applicant's Narrative Statement, Draft Attachment A, Preliminary Development Plan, and the Boundary Survey.

Planning Commission Vote Report

Meeting Date: May 22, 2023

From: Alyssa Ahner, Planner

Location: 18325 Wings Corporate Drive

Description: P.Z. 05-2023 Wings Corporate Estates, Lot 5 (Wings & Wheels of Chesterfield LLC): A request to rezone an existing "PI" Planned Industrial District to a new "PI" Planned Industrial District for a 1.3-acre tract of land located northeast of the intersection of Wings Corporate Drive and Buzz Westfall Drive (17W120087).

PROPOSAL SUMMARY

Stock & Associates Consulting Engineers Inc., on behalf of Wings & Wheels of Chesterfield LLC, has submitted a request to rezone Lot 5 of the Wings Corporate Estates subdivision to a new "PI"—Planned Industrial District to allow for the sale of new and pre-owned golf-carts and vehicles. The existing site would be utilized thus the provided Preliminary Development Plan reflects current site conditions.

Figure 1: Subject Site

HISTORY OF SUBJECT SITE

2006: Subject site was rezoned from “NU” Non-Urban to “PI” Planned Industrial District under current governing [Ordinance 2237](#). The entirety of the Wings Corporate Estates subdivision – 36.6 acres – was zoned under this ordinance.

2014: A Site Development Section Plan was approved for Lot 5.

2015: A Lighting Plan, Landscape Plan, and Architectural Elevations were amended for Lot 5.

ZONING & LAND USE

The subject site is currently zoned “PI” Planned Industrial under governing [Ordinance 2237](#).

Direction	Zoning	Land Use
North	“NU” — Non-Urban	Airport
South	“PI” — Planned Industrial	Undeveloped (Agriculture)
East	“PI” — Planned Industrial	Undeveloped (Agriculture)
West	“PI” — Planned Industrial	Office/Warehouse

Figure 3: Land Use Map

COMPREHENSIVE PLAN

The City of Chesterfield Comprehensive Land Use Plan indicates the subject site as being part of the industrial land use designation. The City of Chesterfield provides a character description of this area: *“Conventional industrial park and associated activity involving an airport. These areas generally support manufacturing and production uses, including warehousing, distribution, light manufacturing, airport support businesses, and assembly operations. They are found in close proximity to major transportation corridors (i.e., highways and airports) and are generally buffered from surrounding development by transitional uses or landscaped areas that shield the view of structures, loading docks, or outdoor storage from adjacent properties”*. Industrial areas have the following Development Policies:

- Limit curb cuts on arterial streets, and where possible concentrate access at shared entrance points
- Primary entrance points should be aligned with access points immediately across the street

- Connectivity may vary as industrial parks may have low connectivity due to dead ends and lack of connection to adjacent areas
- Landscape buffering should be utilized between roadways to screen areas of surface parking
- Residential projects should be limited to areas outside of the Chesterfield Valley

PLANNED INDUSTRIAL DISTRICT

The regulations of the PI District offer a method for the industrial and selected commercial development of land in the City of Chesterfield that allows flexibility in applying certain zoning standards. The requirements of this Section are designed to offset the impact of changes in development standards allowed through these provisions. The PI District regulations should have the following outcomes:

- Ensure consistency with the Comprehensive Plan;
- Promote building styles and architectural styles that complement one another, as well as the surrounding area;
- Promote more efficient use of land;
- Incorporate site features, such as topography, views, vegetation, water features, and other factors into the design so they become assets to the development;
- Promote the most efficient arrangement of circulation systems, land use, and buildings;
- Promote environmentally sensitive developments; and
- Allow development, under a specifically approved design concept and site plan.

STAFF ANALYSIS

The applicant is requesting the following development criteria:

1. Height
 - a. The maximum height for all buildings and structures shall be forty (40) feet.
2. Building Requirements
 - a. A minimum of thirty percent (30%) openspace is required for each lot.*
 - b. This development shall have a maximum F.A.R. of 0.55.

*This will require a 2/3 affirmative vote of the Planning Commission.
3. Structure Setbacks

No building or structure, other than: a freestanding project identification sign, light standards, public art installation, or flag poles will be located within the following setbacks:

 - a. Twenty (20) feet from Wings Corporate Drive right-of-way.
 - b. Ten (10) feet from the north, east, and west property lines.
4. Parking Setbacks

No parking stall or loading space, internal driveway, or roadway, except points of ingress or egress, will be located within the following setbacks:

 - a. Ten (10) feet from Wings Corporate Drive right-of-way.
 - b. Five (5) feet from the north, east, and west property lines.

The applicant is requesting twenty-four permitted uses which are listed in the attached draft of the Attachment A. The uses requested are generally consistent with the existing governing ordinance with exception to use terms that have been modified since 2005. The additional uses being requested include "Automobile Dealership", "Motorcycle, ATV, and similar Vehicles Dealership", "Automobile Storage", and "Motorcycle, ATV, and similar motor vehicle storage". The uses requested are also generally consistent with the uses permitted for Lots 14 & 16 of Wings Corporate Estates which was rezoned in 2021 (see Figure 4).

Figure 4: Subject Site & Lot 14/16

PRELIMINARY DEVELOPMENT PLAN

A zoning map amendment to a planned district requires a Preliminary Development Plan which has been included in the Planning Commission packet. The attached Preliminary Development Plan is consistent with the existing built site.

PUBLIC HEARING

A public hearing was held on April 10, 2023 at which time the Planning Commission discussed the zoning map amendment. Staff provided the petitioner with a letter of items to be addressed following the public hearing – that letter and the petitioner's response letter have been attached to this report. The applicant has also revised their narrative statement to address some items more in depth.

2. Installation of Landscaping and Ornamental Entrance Monument or Identification Signage construction, if proposed, shall be reviewed by the City of Chesterfield, and/or the St. Louis County Department of Transportation, for sight distance consideration and approved prior to installation or construction.

G. LIGHT REQUIREMENTS

1. Provide a lighting plan and cut sheet in accordance with the City of Chesterfield Unified Development Code.

H. ARCHITECTURAL

1. The development shall adhere to the Architectural Review Standards of the City of Chesterfield Code.
2. Trash enclosures: All exterior trash areas will be enclosed with a minimum six (6) foot high sight-proof enclosure complemented by adequate landscaping. The location, material, and elevation of any trash enclosures will be as approved by the City of Chesterfield on the Site Development Plan.

I. ACCESS/ACCESS MANAGEMENT

1. Access to St. Louis County road right-of-way and improvements within County road right-of-way (Wings Corporate Drive) shall be as directed by St. Louis County Department of Transportation and Public Works.

2. Access to the development shall be as shown on the Preliminary Site Plan and adequate sight distance shall be provided, as directed by the City of Chesterfield and St. Louis County Department of Transportation.
3. If adequate sight distance cannot be provided at the access location(s), acquisition of right-of-way, reconstruction of pavement and other off-site improvements may be required to provide the required sight distance as required by the City of Chesterfield and the agency in control of the right of way off which the access is proposed.

J. PUBLIC/PRIVATE ROAD IMPROVEMENTS, INCLUDING PEDESTRIAN CIRCULATION

1. Any request to install a gate at the entrance to this development must be approved by the City of Chesterfield and the agency in control of the right of way off of which the entrance is constructed. No gate installation will be permitted on public right of way.
2. Obtain approvals from the City of Chesterfield and St. Louis County Department of Transportation and other entities as necessary for locations of proposed curb cuts and access points, areas of new dedication, and roadway improvements.
3. Additional right-of-way and road improvements shall be provided, as required by the St. Louis County Department of Transportation and the City of Chesterfield.

K. POWER OF REVIEW

1. The development shall adhere to the Power of Review requirements of the City of Chesterfield.

L. STORM WATER

1. The site shall provide for the positive drainage of storm water and it shall be discharged at an adequate natural discharge point or an adequate piped system.
2. Detention/retention and channel protection measures are to be provided in each watershed as required by the City of Chesterfield, Monarch Chesterfield Levee District, and the Metropolitan St. Louis Sewer District. The storm water management facilities shall be operational prior to paving of any driveways or parking areas. The location and types of storm water management facilities shall be identified on all Site Development Plans.
3. Emergency overflow drainage ways to accommodate runoff from the 100-year storm event shall be provided for all storm sewers, as directed by the City of Chesterfield.

4. Offsite storm water shall be picked up and piped to an adequate natural discharge point. Such bypass systems must be adequately designed.
5. Locations of site features such as lakes and detention ponds must be approved by the City of Chesterfield and the Metropolitan St. Louis Sewer District.

M. SANITARY SEWER

1. Sanitary sewers shall be as approved by the City of Chesterfield and the Metropolitan St. Louis Sewer District.

N. GEOTECHNICAL REPORT

1. Prior to Site Development Plan approval, provide a geotechnical report, prepared by a registered professional engineer licensed to practice in the State of Missouri, as directed by the City of Chesterfield. The report shall verify the suitability of grading and proposed improvements with soil and geologic conditions and address the existence of any potential sinkhole, ponds, dams, septic fields, etc., and recommendations for treatment. A statement of compliance, signed and sealed by the geotechnical engineer preparing the report, shall be included on all Site Development Plans and Improvement Plans.

O. MISCELLANEOUS

1. All utilities will be installed underground.
2. The retaining walls along public right-of-way shall be private and remain private forever and shall be located such that it is not necessary to support any public improvements.
3. Street lights shall be required along public right-of-way frontage.
4. The developer is advised that utility companies will require compensation for relocation of their facilities within public road right-of-way. Utility relocation cost shall not be considered as an allowable credit against the petitioner's traffic generation assessment contributions. The developer should also be aware of extensive delays in utility company relocation and adjustments. Such delays will not constitute a cause to allow occupancy prior to completion of road improvements.
5. An opportunity for recycling will be provided.
6. Prior to final release of subdivision construction deposits, the developer shall provide certification by a registered land surveyor that all monumentation depicted on the record plat has been installed and United States Public Land Survey Corners have not been disturbed during construction activities or that they have been reestablished and the appropriate documents filed with the Missouri Department of Natural Resources Land Survey Program, as necessary.

II. GENERAL CRITERIA

A. SITE DEVELOPMENT CONCEPT PLAN

1. Any Site Development Concept Plan shall show all information required on a preliminary plat as required in the City of Chesterfield Code.
2. Include a Conceptual Landscape Plan in accordance with the City of Chesterfield Code to indicate proposed landscaping along arterial and collector roadways.
3. Include a Lighting Plan in accordance with the City of Chesterfield Code to indicate proposed lighting along arterial collector roadways.
4. Provide comments/approvals from the appropriate Fire District, the St. Louis County Department of Highways and Traffic, Monarch Chesterfield Levee District, Spirit of St. Louis Airport and the Missouri Department of Transportation.

10. Zoning district lines, subdivision name, lot number, lot dimensions, lot area, and zoning of adjacent parcels where different than site.
11. Floodplain boundaries.
12. Depict existing and proposed improvements within 150 feet of the site as directed. Improvements include, but are not limited to, roadways, driveways and walkways adjacent to and across the street from the site, significant natural features, such as wooded areas and rock formations, and other karst features that are to remain or be removed.
13. Depict all existing and proposed easements and rights-of-way within 150 feet of the site and all existing or proposed off-site easements and rights-of-way required for proposed improvements.
14. Indicate the location of the proposed storm sewers, detention basins, sanitary sewers and connection(s) to the existing systems.
15. Depict existing and proposed contours at intervals of not more than one (1) foot, and extending 150 feet beyond the limits of the site as directed.
16. Address trees and landscaping in accordance with the City of Chesterfield Code.

- 17. Comply with all preliminary plat requirements of the City of Chesterfield Subdivision Regulations per the City of Chesterfield Code.
- 18. Signed and sealed in conformance with the State of Missouri Department of Economic Development, Division of Professional Registration, Missouri Board for Architects, Professional Engineers and Land Surveyors requirements.
- 19. Provide comments/approvals from the appropriate Fire District, Monarch Levee District, Spirit of St. Louis Airport, St. Louis County Department of Transportation, Metropolitan St. Louis Sewer District (MSD) and the Missouri Department of Transportation.
- 20. Compliance with Sky Exposure Plane.
- 21. Compliance with the current Metropolitan Sewer District Site Guidance as adopted by the City of Chesterfield.

III. TRUST FUND CONTRIBUTION

A. The developer shall be required to contribute a Traffic Generation Assessment (TGA) to the Chesterfield Valley Trust Fund (No. 556). This contribution shall not exceed an amount established by multiplying the required parking spaces by the following rate schedule:

<u>Type of Development</u>	<u>Required Contribution</u>
General Retail	\$2,636.43/parking space
General Office	\$878.76/parking space

(Parking Space as required by the site-specific ordinance).

If types of development proposed differ from those listed, rates shall be provided by the St. Louis County Department of Transportation and Public Works.

If a portion of the improvements required herein are needed to provide for the safety of the traveling public, their completion as a part of this development is mandatory.

Allowable credits for required roadway improvements will be awarded as directed by the St. Louis County Department of Transportation and Public Works and the City of Chesterfield. Sidewalk construction and utility relocation, among other items, are not considered allowable credits.

B. As this development is located within a trust fund area established by Saint Louis County, any portion of the traffic generation assessment contribution which remains following completion of road improvements required by the development shall be retained in the appropriate trust fund.

- C. Road Improvement Traffic Generation Assessment contributions shall be deposited with St. Louis County Department of Transportation. The deposit shall be made prior to the issuance of a Special Use Permit (S.U.P.) by St. Louis County Department of Transportation or prior to the issuance of building permits in the case where no S.U.P. is required.
- D. The amount of all required contributions for roadway, storm water and primary water line improvements, if not submitted by January 1, 2024, shall be adjusted on that date and on the first day of January in each succeeding year thereafter in accordance with the construction cost index as determined by the St. Louis County Department of Transportation and Public Works.

E. WATER MAIN

- 1. The primary water line contribution is based on gross acreage of the development land area. The contribution shall be a sum of \$1,060.35 per acre for the total area as approved on the Site Development Plan to be used solely to help defray the cost of constructing the primary water line serving the Chesterfield Valley area.
- 2. The primary water line contribution shall be deposited with the St. Louis County Department of Transportation and Public Works. The deposit shall be made before St. Louis County approval of the Site Development Plan or Concept Plan unless otherwise directed by the St. Louis County Department of Transportation and Public Works. Funds shall be payable to Treasurer, St. Louis County.

F. STORM WATER

- 1. The storm water contribution is based on gross acreage of the development land area. These funds are necessary to help defray the cost of engineering and construction improvements for the collection and disposal of storm water from the Chesterfield Valley in accordance with the Master Plan on file with and jointly approved by St. Louis County and the Metropolitan Saint Louis Sewer District. The amount of the storm water contribution will be computed based on \$3,364.25 per acre for the total area as approved on the Site Development Plan.
- 2. The storm water contributions to the Trust Fund shall be deposited with the St. Louis County Department of Transportation. The deposit shall be made prior to the issuance of a Special Use Permit (S.U.P.) by St. Louis County Department of Transportation or prior to the issuance of building permits in the case where no Special Use Permit is required. Funds shall be payable to Treasurer, St. Louis County.

G. SANITARY SEWER

1. The sanitary sewer contribution is collected as the Caulks Creek impact fee.
2. The sanitary sewer contribution within the Chesterfield Valley area shall be deposited with the Metropolitan St. Louis Sewer District as required by the District.

IV. RECORDING

- A. Within sixty (60) days of approval of any development plan by the City of Chesterfield, the approved Plan will be recorded with the St. Louis County Recorder of Deeds. Failure to do so will result in the expiration of approval of said plan and require re-approval of a plan by the Planning Commission.

V. ENFORCEMENT

- A. The City of Chesterfield, Missouri will enforce the conditions of this ordinance in accordance with the Plan approved by the City of Chesterfield and the terms of this Attachment A.
- B. Failure to comply with any or all the conditions of this ordinance will be adequate cause for revocation of approvals/permits by reviewing Departments and Commissions.
- C. Non-compliance with the specific requirements and conditions set forth in this Ordinance and its attached conditions or other Ordinances of the City of Chesterfield shall constitute an ordinance violation, subject, but not limited to, the penalty provisions as set forth in the City of Chesterfield Code.
- D. Waiver of Notice of Violation per the City of Chesterfield Code.
- E. This document shall be read as a whole and any inconsistency to be integrated to carry out the overall intent of this Attachment A.

RE: Wings Corporate Estates, Lot 5 (Wings & Wheels of Chesterfield, LLC)

Mr. Stock:

A Public Hearing was held on Monday, April 10th, 2023 for the project referenced above. The request was presented and the Planning Commission had the following questions and/or comments that need to be addressed:

- 1) Review the list of requested permitted uses and determine if any could be eliminated. The Planning Commission specifically inquired about the necessity of "Automobile Dealership" and "Film Processing Plant". Be advised, the property would be under parked if the entirety of the existing 12,807 square foot building is calculated as "Automobile Dealership" (3.0/1,000 GFA).
- 2) There was discussion about the openspace requirement. 30% was requested which is less than the Unified Development Code requirement of 35% for a Planned Industrial District. Staff explained that the site was built with 30% openspace requirement and currently sits at 30% today. The physical site would need to be modified (removing pavement/existing building) or more land would have to be acquired to accommodate a 35% openspace requirement. A response is not required but be advised a 2/3 affirmative vote by the Planning Commission is required for the requested modification.
- 3) The topic of outdoor storage and display was discussed. Provide a response detailing the property owner's plans for storage and display for the site. If areas of outdoor storage or display are desired, they need to be delineated on the preliminary development plan.

In addition to the Planning Commission's comments, Staff has the following comments pertaining to the Preliminary Plan that need to be addressed:

- 4) The existing entrance is gated. The gate is not shown on the ALTA Survey or Preliminary Development Plan. The existing gated entrance was not previously approved by the City and does not appear to meet City requirements for a minimum 60-foot stacking length nor include provisions for a rejected vehicle to turn around. Please provide information on how this issue will be addressed. Requirements for a gated entrance can be found in [City Code § 405.04.100\(D\)\(6\)](#), Driveway Access Location and Design Standards.

- 5) The existing site is fenced. The fence is not shown on the ALTA Survey or Preliminary Development Plan. The fence was not previously approved by the City. The fence would need to be removed or be reviewed/approved under the appropriate Site Development Section Plan approval process. Occupancy will not be released until the site has been brought into compliance.
- 6) Revise the property description to correct the following error highlighted in yellow below:

All of Lot 5 of Wings Corporate Estates, according to the plat thereof as recorded in Plat Book 356 page 79 of the St. Louis County Records, located in Township 47, Range 3 East of the Fifth Principal Meridian, City of Chesterfield, St. Louis County, Missouri, being more particularly described as follows:

- 7) Delete "General Notes" #8. There are no regulatory floodplain or CVSWMP features on Lot 5.

Should you have any questions, please feel free to contact me at (636) 537-4738 or at ahner@chesterfield.mo.us and I will be happy to assist you further.

RE: Wings Corporate Estates, Lot 5 (Wings & Wheels of Chesterfield LLC): Issues Response Letter
(Stock Project No. 222-7353)

Dear Alyssa,

We are pleased to offer the following written responses to your April 13, 2023 issues letter following the April 10, 2023 Public Hearing.

1. **Issue:** Review the list of requested permitted uses and determine if any could be eliminated. The Planning Commission specifically inquired about the necessity of “Automobile Dealership” and “Film Processing Plant”. Be advised, the property would be under parked if the entirety of the existing 12,807 square foot building is calculated as “Automobile Dealership” (3.0/1,000 GFA)

Applicant Response: “Film Processing Plant” has been removed from the list of requested permitted uses. Please see updated Project Narrative. The owner wishes to keep “Automobile Dealership” as a requested permitted use to allow for the sale of both High End Luxury Vehicles and Golf Carts. Golf Cart sales will be the primary use of the site. The owner has a personal collection of high end luxury vehicles that he may wish to sell, this would not operate or carry the inventory of a traditional “automobile dealership”. The High End Luxury Vehicles are very valuable and will be kept inside the building. There is a possibility that customers will physically come to this location to view the luxury vehicles, however, the transactions will take place off site. Additional parking stalls will be striped along the northern most curb line, please see Preliminary Development Plan.

2. **Issue:** There was discussion about the openspace requirement. 30% was requested which is less than the Unified Development Code requirement of 35% for a Planned Industrial District. Staff explained that the site was built with 30% openspace requirement and currently sits at 30% today. The physical site would need to be modified (removing pavement/existing building) or more land

ISSUES RESPONSE LETTER – REZONING REQUEST

Page 2

would have to be acquired to accommodate a 35% openspace requirement. A response is not required but be advised a 2/3 affirmative vote by the Planning Commission is required for the requested modification.

Applicant Response: Understood, the site is fully developed and was designed/constructed in accordance with its current governing Ordinance 2237 with an openspace requirement of 30%. The owner will be using the existing site in place, and respectfully requests the openspace requirement remains 30%.

3. **Issue:** The topic of outdoor storage and display was discussed. Provide a response detailing the property owner’s plans for storage and display for the site. If areas of outdoor storage or display are desired, they need to be delineated on the preliminary development plan.

Applicant Response: Please see Preliminary Development Plan for areas delineated as “outdoor storage” and “display”. The vehicle display area will be along the front (south face) of the existing building. Display vehicles will be returned inside at the end of each business day. Outdoor Storage will be located in the rear of the site (north of the existing building) and comply with the City’s requirements for screening.

4. **Issue:** The existing entrance is gated. The gate is not shown on the Alta Survey or Preliminary Development Plan. The existing gated entrance was not previously approved by the City and does not appear to meet City requirements for a minimum 60-foot stacking length nor include provisions for a reject vehicle to turn around. Please provide information on how this issue will be addressed. Requirements for a gated entrance can be found in City Code Sec. 405.04.100(D)(6), Driveway Access Location and Design Standards.

Applicant Response: The Alta Survey was performed before the gate was installed by the previous owner. Wings & Wheels of Chesterfield, LLC, was unaware that the existing gated entrance was not approved by the City of Chesterfield. A Site Development Section Plan will be filed with the City upon completion of the rezoning process depicting a revised location of the entrance gate. Revised entrance gate location will be in accordance with City’s requirements for a gated entrance as defined in the Unified Development Code.

5. **Issue:** The existing site is fenced. The fence is not shown on the Alta Survey or Preliminary Development Plan. The fence was not previously approved by the City. The fence would need to be removed or be reviewed/approved under the appropriate Site Development Section Plan approval process. Occupancy will not be released until the site has been brought into compliance.

Applicant Response: The Alta Survey was performed before the fence was installed by the previous owner. Wings & Wheels of Chesterfield, LLC, was unaware that the existing fence was not approved by the City of Chesterfield. A Site Development Section Plan will be filed with the City upon the completion of the rezoning process depicting the existing fence.

6. **Issue:** Revise the property description to correct the error.

Applicant Response: The property description on the Preliminary Development Plan has been revised to correct the error in the “township”.

7. **Issue:** Delete “General Notes” #8. There is no regulatory floodplain or CVSWMP features on Lot 5.

Applicant Response: General Notes #8 has been removed from the Preliminary Development Plan.

PROJECT NARRATIVE

Rezoning Request for Lot 5 of Wings Corporate Estates - 18325 Wings Corporate Drive

Date: May 8, 2023

(Stock Project No. 222-7353)

On behalf of the property owner, Wings and Wheels of Chesterfield LLC, Stock & Associates Consulting Engineers Inc. respectfully requests the City of Chesterfield's consideration in rezoning a ± 1.315 Acre tract of land located at 18325 Wings Corporate Drive (Lot 5) from "PI" Planned Industrial District (City of Chesterfield Ord. 2237) to a "PI" Planned Industrial District to allow for the sale of new & pre-owned golf-carts and high end luxury vehicles. Golf Cart sales will be the primary use of the site. The owner has a collection of luxury vehicles that he may wish to sell. The existing site and building will be used in place. Vehicle Display area is proposed along the front/south façade of the existing building. Display Vehicles would be out during business hours and returned inside at the end of the day. An outdoor storage area is proposed north of the existing building/rear of the site. The site was constructed in accordance with the site-specific Ord. #2237, which has a minimum required open space of 30.0%, max height of 40.0 feet and a floor area ratio of 0.55. The proposed design criteria request is to retain the current floor area, height, and building requirements. The City's Comprehensive Plan designates this site as well as the adjacent properties to the South, East, and West as "Industrial", which is consistent with the project request. We respectfully request the City's consideration on this item.

Design Criteria Request:
