FROM: Craig D. White, Finance Director *CDW*
RE: BuyBoard Purchasing Cooperative

*Craig:
Please forward to
F&A Committee for
review & recommendation
7/20/2017
6/20/2017*

As you are aware, the City of Chesterfield's purchasing manual encourages the use of cooperative procurement programs in order to obtain competitive pricing, take advantage of large quantity pricing structures, minimize wasted time and effort in the preparation of redundant bid documents, and to take full advantage of the efforts of other governmental agencies efforts in the purchase of like materials. However, according to our procurement policies, the City Council must first approve participation in the specific cooperative program by resolution. An excerpt of the City's procurement policy is provided below:

Department Heads or City Clerk are encouraged to use cooperative purchasing programs sponsored by the State of Missouri or other jurisdictions. Cooperative purchasing can prove advantageous to the City both by relieving Department Heads or City Clerk of the paperwork necessary to document the purchase and by taking advantage of the large quantity purchases made by State Government. Purchases made through these programs have met the requirements of competitive shopping and require no further documentation. Department Heads or City Clerk are encouraged to check with the State and other jurisdictions regarding cooperative procurement contracts in effect prior to making any large purchases. Insofar as the City Council has adopted an ordinance or resolution authorizing the City to participate in a cooperative purchasing agreement with another jurisdiction, the City Administrator has the authority to approve such purchases without seeking separate, formal City Council approval on each item.

The BuyBoard National Purchasing Cooperative is a cooperative formed between the National School Boards Association (NSBA) and several state school boards

associations to streamline the buying process for schools, municipalities, and other public entities. It was developed to comply with state laws that require governmental entities to make purchases from an approved list of vendors who have gone through a competitive procurement process, BuyBoard gives members the advantage of leveraging the Cooperative's ability to obtain bulk discounts, combined with the ease of online, web-based shopping.

I have attached a listing of current members which includes many Missouri municipalities. I believe participating in the cooperative offers the City many cost savings possibilities and, as such, request and recommend that the City Council consider passage of a resolution which authorizes participation in the BuyBoard Purchasing Cooperative.

If you have any questions or require additional information, please advise.
