A. P.Z. 05-2011 Drury Plaza Hotel (Drury Development Corporation): A request for an amendment to City of Chesterfield Ordinance 2281 to modify the Permitted Use Requirements and the Landscape Plan Requirements for a 4.851 acre tract of land zoned “PC” Planned Commercial District located adjacent to Chesterfield Mall at the intersection of Clarkson Road and U.S. Highway 40/Interstate 64. (18S230433 and 18S210172)

STAFF PRESENTATION:

Senior Planner Mara Perry gave a PowerPoint presentation showing photographs of the site and surrounding area. Ms. Perry stated the following:

- The site was posted per State statute and City of Chesterfield requirements.
- There are two existing buildings on the site – the Stoney River Legendary Steaks restaurant and the Drury Plaza Hotel.
- History of the Site:
 - Prior to 2002, the site included three parcels zoned with an old “C8” District, which did not include a hotel use. The site also included a portion of land left over from when the roadway was constructed.
 - In 2002, the site was zoned “PC” Planned Commercial District.
 - In 2005, an Ordinance Amendment was approved for three changes: (1) the number of seats in the restaurant was increased; (2) a change to the structure setback for the very rear of the restaurant; and (3) a change to the approved parking reduction.
 - In 2006, an Ordinance Amendment was approved to allow for disguised communications antennae.

Ms. Perry compared the language in the current governing ordinance to the proposed amendment as follows:

Governing Ordinances 2173 & 2281 Current Text	Proposed Text Amendment
C. Such uses shall be limited to the following structures: 1. One 11-story hotel with 289 rooms 2. One 9-story hotel with 140 rooms	1. The above uses in the “PC” Planned Commercial District shall be restricted as follows: a. The number of hotel rooms in this development shall not exceed 429 rooms.
7. Landscape Plan d. The Landscape Plan shall be reviewed by the City of Chesterfield Beautification Committee prior to Site Development plan approval.	E. Landscape and Tree Requirements 1. The developer shall adhere to the Landscape and Tree Preservation Requirements of the City of Chesterfield Code.

Ms. Perry noted that the **proposed Amendment:**

- Will repeal Ordinances 2173 and 2281;
- Will still include the 11-story and 9-story height requirements;
- Will include the same number of initially approved density of hotel rooms; and
- Will require that Staff review the Landscape Plan against the Tree Preservation and Landscape Requirements for items such as buffering requirements; all requirements related to parking and where the trees are required to go; and the mix of landscape requirements with respect to the ratio of evergreen trees to deciduous trees. The Architectural Review

Board, along with the Planning Commission, will also review the Landscape Plan at the Site Plan stage.

Ms. Perry continued as follows:

- The zoning for all surrounding properties is “C8” Planned Commercial District.
- The Comprehensive Land Use Plan designates the site as *Urban Core*, which allows for a mix of different types of uses.
- Staff has no issues regarding this petition.

DISCUSSION

During discussion, Ms. Perry clarified the following points:

- The existing structure is 11 stories; the proposed structure is 9 stories.
- The existing structure includes 275 rooms; the proposed structure is requesting 145 rooms.

PETITIONER’S PRESENTATION:

Mr. Enrico J. Bertucci, 257 Chesterfield Business Parkway, Chesterfield, MO stated that they are going forward with the third phase of their Master Plan development with the first phase being the Drury Hotel; the second phase being the Stoney River restaurant; and the third phase being the second tower of the hotel. They are requesting the following amendments:

- A text amendment that would combine the maximum allowable number of rooms rather than have them separated for each hotel; and
- Removal of the requirement that the Landscape Plan be reviewed by the Beautification Committee based on the existing review process by the City of Chesterfield.

Mr. Bertucci noted that Mr. Larry Hasselfeld of Drury Development Corporation was available for any questions.

Responding to a question from Commissioner Watson, Mr. Bertucci stated that there is a tunnel between the two hotels.
