

Memorandum Department of Planning

To: Planning and Public Works Committee

From: Alyssa Ahner, Planner

Date: August 24th, 2023

RE: **P.Z. 10-2023 Carshield F.C. (Stock & Associates):** A request to rezone from “PI” Planned Industrial to a new “PI” Planned Industrial district for a 16.58-acre tract of land located east of Eatherton Rd and north of Wings Corporate Dr. (17W130064).

Summary

Stock & Associates, on behalf of Carshield F.C. has submitted a request to rezone a 16.58-acre tract of land to a new “PI”—Planned Industrial District to allow “Athletic Courts & Fields”, “Gymnasium”, and “Recreation Facility” as additional permitted uses and modify the existing development criteria. The site would be utilized as an indoor and outdoor sports facility.

A Public Hearing was held on July 10, 2023, and concerns regarding lighting and traffic were raised and discussed by the Planning Commission. The petition was subsequently reviewed by the Planning Commission on August 14th, 2023. At that time, the Commission made a motion to recommend approval. The motion passed by a vote of 6-0.

A full description of the applicant’s request, site history, and staff analysis pertaining to the petition may be found in the August 14th 2023 Planning Commission report attached to this document.

Planning Commission Vote Report

Meeting Date: August 14th, 2023

From: Alyssa Ahner, Planner

Location: 530 N. Eatherton Rd.

Description: P.Z. 10-2023 Carshield F.C. (Stock & Associates): A request to rezone from “PI” Planned Industrial to a new “PI” Planned Industrial district for a 16.58-acre tract of land located east of Eatherton Rd and north of Wings Corporate Dr. (17W130064).

PROPOSAL SUMMARY

Stock & Associates Consulting Engineers Inc., on behalf of Carshield F.C., has submitted a request to rezone a 16.58-acre tract of land to a new “PI”—Planned Industrial District to allow “Athletic Courts & Fields”, “Gymnasium”, and “Recreation Facility” as additional permitted uses and modify the existing development criteria. The site would be utilized as an indoor and outdoor sports facility.

Figure 1: Subject Site

HISTORY OF SUBJECT SITE

Pre-1988: Subject site was zoned "NU" Non-Urban.

2022: Subject site was rezoned from "NU" Non-Urban to "PI" Planned Industrial under governing [Ordinance 3197](#). A Site Development Plan subsequently followed the rezoning to allow an office/warehouse. The application was later withdrawn in August of that year.

ZONING & LAND USE

The subject site is currently zoned "PI" Planned Industrial under governing [Ordinance 3197](#) and the land is designated as "Industrial" in the Comprehensive Plan.

Figure 2: Zoning Map

Figure 3: Land Use Map

Direction	Zoning	Land Use
North	"NU" — Non-Urban	Undeveloped (Agriculture)
South	"PI" — Planned Industrial	Undeveloped (Agriculture)
East	"NU" — Non-Urban	Undeveloped (Agriculture)
West	City of Wildwood	Undeveloped/Landscape Operation

COMPREHENSIVE PLAN - Industrial

The City of Chesterfield provides a character description of this area: *"Conventional industrial park and associated activity involving an airport. These areas generally support manufacturing and production uses, including warehousing, distribution, light manufacturing, airport support businesses, and assembly operations. They are found in close proximity to major transportation corridors (i.e., highways and airports) and are generally buffered from surrounding development by transitional uses or landscaped areas that shield the view of structures, loading docks, or outdoor storage from adjacent properties".*

Industrial areas have the following Development Policies:

- Limit curb cuts on arterial streets, and where possible concentrate access at shared entrance points
- Primary entrance points should be aligned with access points immediately across the street
- Connectivity may vary as industrial parks may have low connectivity due to dead ends and lack of connection to adjacent areas
- Landscape buffering should be utilized between roadways to screen areas of surface parking
- Residential projects should be limited to areas outside of the Chesterfield Valley

UNIFIED DEVELOPMENT CODE - *Planned Industrial District*

The regulations of the PI District offer a method for the industrial and selected commercial development of land in the City of Chesterfield that allows flexibility in applying certain zoning standards. The requirements of this Section are designed to offset the impact of changes in development standards allowed through these provisions. The PI District regulations should have the following outcomes:

- Ensure consistency with the Comprehensive Plan;
- Promote building styles and architectural styles that complement one another, as well as the surrounding area;
- Promote more efficient use of land;
- Incorporate site features, such as topography, views, vegetation, water features, and other factors into the design so they become assets to the development;
- Promote the most efficient arrangement of circulation systems, land use, and buildings;
- Promote environmentally sensitive developments; and
- Allow development, under a specifically approved design concept and site plan.

STAFF ANALYSIS

The applicant is proposing retaining the existing floor area ratio, and openspace requirement. The modifications requested pertain to the maximum building height and the parking/building setbacks in addition to three additional permitted uses than what the existing zoning allows. These uses include “Athletic Courts & Fields”, “Gymnasium”, and “Recreation Facility” which were recently approved as uses in the Planned Industrial District via *P.Z. 09-2023 Recreation Uses*. The tables below detail the requested development criteria and how it differs from the existing zoning.

	Ordinance 3197 Criteria	Proposed Criteria
Max. Building Height	35 ft	40 ft

<i>Structure</i> Setbacks	Ordinance 3197 Criteria	Proposed Criteria
Frontyard	35 ft (from property line)	35 ft (from ROW)
Rearyard	35 ft	30 ft
Sidyard	35 ft	12 ft

<i>Parking</i> Setbacks	Ordinance 3197 Criteria	Proposed Criteria
Frontyard	25 ft (from property line)	25 ft (from ROW)
Rearyard	25 ft	25 ft
Sidyard	25 ft	10 ft

The requested permitted uses include those of the existing governing ordinance (in BOLD) and three additional uses (in *italics*):

- a. Plumbing, electrical, air conditioning, and heating equipment sales, warehousing and repair facility
- b. Mail order sales warehouse
- c. Industrial sales, service, and storage
- d. Professional and technical service facility
- e. Office, general
- f. Warehouse, general
- g. *Athletic Courts & Fields*
- h. *Gymnasium*
- i. *Recreation Facility*

The applicant is also requesting lighting standards that exceed the height that is allowed in the Unified Development Code. A modification to the lighting standards may either be reviewed/approved in a zoning ordinance or through a specialty lighting package.

The Unified Development Code permits a maximum height of twenty (20) feet. The applicant is requesting a maximum of seventy (70) feet. The increase in height must be coordinated with the Spirit of St. Louis Airport and the applicant is actively working through this process. The exact location and photometrics of the lights would be reviewed during the Site Development Plan process but it should be noted that, per the Unified Development Code, lights for a recreation facility are not allowed past 10:30 p.m.

PRELIMINARY DEVELOPMENT PLAN

A zoning map amendment to a planned district requires a Preliminary Development Plan which has been included in the Planning Commission packet.

PUBLIC HEARING

A public hearing was held on July 10th, 2023 at which time the Planning Commission discussing the proposed amendments to the zoning district. The discussion focused on potential traffic from the development and the request for a maximum height of seventy (70) feet for the lighting standards.

Eatherton Rd. is owned and maintained by St. Louis County. A requirement for a traffic study was not provided as a requirement from County, however, the proposed Attachment A does include a statement for the developer to provide a traffic study should one be found necessary by the City or the County.

In regards to the seventy (70) foot lighting standards, a representative spoke during the Public Hearing to elaborate on the technology of the lighting fixtures that would be utilized. Staff also brought to the Planning Commission's attention that a photometric plan would be required during the Site Development Plan process. The illumination of the lighting must adhere to the Unified Development Code and also receive approval from the Spirit of St. Louis Airport to ensure lighting does not affect flight traffic.

Following the Public Hearing, a letter of concern regarding the zoning amendment was submitted to Staff. The letter has been included as an attachment.

ATTACHMENT A

All provisions of the City of Chesterfield City Code shall apply to this development except as specifically modified herein.

I. SPECIFIC CRITERIA

A. PERMITTED USES

1. The uses allowed in this "PI" Planned Industrial District shall be:
 - a. Athletic courts and fields
 - b. Gymnasium
 - c. Industrial sales, service, and storage
 - d. Mail order sales warehouse
 - e. Office, general
 - f. Plumbing, electrical, air conditioning, and heating equipment sales, warehousing and repair facility
 - g. Professional and technical service facility
 - h. Recreation facility
 - i. Warehouse, general
2. Hours of Operation.
 - a. Hours of operation for this "PI" District shall not be restricted.
 - b. Hours of operation for any lighting source for a recreation facility shall adhere to the Lighting Standards of the City of Chesterfield Code.
3. Telecommunication siting permits may be issued for wireless telecommunications facilities per the requirements of the City Code.

B. FLOOR AREA, HEIGHT, BUILDING AND PARKING STRUCTURE REQUIREMENTS

1. Height
 - a. The maximum height of the building, exclusive of roof screening, shall not exceed 40 feet.

2. Building Requirements

- a. A minimum of 35% openspace is required for each lot within this development.
- b. This development shall have a maximum F.A.R. of fifty-five hundredths (0.55).

C. SETBACKS

1. Structure Setbacks

No building or structure, other than: a freestanding project identification sign, light standards, or flag pole will be located within the following setbacks:

- a. Thirty-five (35) feet from the right-of-way of Eatherton Road.
- b. Thirty (30) feet from the rear yard.
- c. Twelve (12) feet from the side yard.

2. Parking Setbacks

No parking stall, loading space, internal driveway, or roadway, except points of ingress or egress, will be located within the following setbacks:

- a. Twenty-five (25) feet from the right-of-way of Eatherton Road.
- b. Twenty-five (25) feet from the rear yard.
- c. Ten (10) feet from the side yard.

D. PARKING AND LOADING REQUIREMENTS

1. Parking and loading spaces for this development will be as required in the City of Chesterfield Code.
2. No construction related parking shall be permitted within right of way or on any existing roadways. All construction related parking shall be confined to the development.
3. Provide adequate temporary off-street parking for construction employees. Parking on non-surfaced areas shall be prohibited in order to eliminate the condition whereby mud from construction and employee vehicles is tracked onto the pavement causing hazardous roadway and driving conditions.

E. LANDSCAPE AND TREE REQUIREMENTS

1. The development shall adhere to the Landscape and Tree Preservation Requirements of the City of Chesterfield Code, with the exception of 25' landscape buffer shall be provided along Eatherton Road.

F. SIGN REQUIREMENTS

1. Signs shall be permitted in accordance with the regulations of the City of Chesterfield Code or a Sign Package may be submitted for the planned district. Sign Packages shall adhere to the City Code and are reviewed and approved by the City of Chesterfield Planning Commission.
2. Installation of Landscaping and Ornamental Entrance Monument or Identification Signage construction shall be reviewed by the City of Chesterfield/St. Louis County Department of Transportation for sight distance consideration and approved prior to installation or construction.

G. LIGHT REQUIREMENTS

1. Provide a lighting plan and cut sheet in accordance with the City of Chesterfield Code.
2. The mounting height of all light standards shall not exceed seventy (70) feet and is subject to Spirit of St. Louis Airport approval.

H. ARCHITECTURAL

1. The development shall adhere to the Architectural Review Standards of the City of Chesterfield Code.
2. Trash enclosures: All exterior trash areas will be enclosed with a minimum six (6) foot high sight-proof enclosure complemented by adequate landscaping. The location, material, and elevation of any trash enclosures will be as approved by the City of Chesterfield on the Site Development Plan.

I. ACCESS/ACCESS MANAGEMENT

1. Access to the development shall be as shown on the Preliminary Plan and adequate sight distance shall be provided, as directed by the City of Chesterfield and St. Louis County Department of Transportation, as applicable.
 - a. The preliminary development plan depicts the conceptual access to the development. The access location and design shall substantially conform to the Preliminary Development Plan but will require additional review and approval during the Site Development Plan process.
2. The existing 40-foot-wide cross-access easement along the southern property line shall be partially vacated and a new easement granted. The new easement shall allow those parties with rights to the easement access to N. Eatherton Road by way of the access locations depicted on the Preliminary Plan. The owner of the property to which this ordinance applies shall be responsible for coordinating the vacation and reestablishment of the access easement with those parties which have rights to the easement.
3. If adequate sight distance cannot be provided at the access location(s), acquisition of right-of-way, reconstruction of pavement and other off-site

improvements may be required to provide the required sight distance as required by the City of Chesterfield and St. Louis County Department of Transportation.

J. PUBLIC/PRIVATE ROAD IMPROVEMENTS, INCLUDING PEDESTRIAN CIRCULATION

1. Road improvements and right-of-way dedication shall be completed prior to the issuance of an occupancy permit. If development phasing is anticipated, the developer shall complete road improvements, right-of-way dedication, and access requirements for each phase of development as directed by the City of Chesterfield and St. Louis County Department of Transportation. Delays due to utility relocation and adjustments will not constitute a cause to allow occupancy prior to completion of road improvements.
2. Any request to install a gate at the entrance to this development must be approved by the City of Chesterfield and the St. Louis County Department of Transportation. No gate installation will be permitted on public right-of-way.
3. Provide a 5-foot-wide sidewalk, conforming to ADA standards, along the Eatherton Road frontage of the site. The sidewalk shall provide for future connectivity to adjacent developments and/or roadway projects. The sidewalk may be located within the Eatherton Road right-of-way, if permitted by St. Louis County or on private property within a 6-foot-wide sidewalk, public access and utility easement dedicated to the City. The sidewalk shall be maintained by the property owner.
4. Provide sidewalk connections from the required 5-foot-wide sidewalk along Eatherton Road to internal sidewalks and/or pedestrian paths.

K. TRAFFIC STUDY

1. Provide a traffic study as directed by the City of Chesterfield and St. Louis County Department of Transportation. The scope of the study shall include internal and external circulation and may be limited to site specific impacts, such as the need for additional lanes, entrance configuration, geometrics, sight distance, traffic signal modifications or other improvements required, as long as the density of the proposed development falls within the parameters of the City's traffic model. Should the density be other than the density assumed in the model, regional issues shall be addressed as directed by the City of Chesterfield.

L. POWER OF REVIEW

1. The development shall adhere to the Power of Review Requirements of the City of Chesterfield Code.

M. STORM WATER

1. The site shall provide for the positive drainage of storm water and it shall be discharged at an adequate natural discharge point or an adequate piped system.
2. Emergency overflow drainage ways to accommodate runoff from the 100-year storm event shall be provided for all storm sewers, as directed by the City of Chesterfield.
3. Offsite storm water shall be picked up and piped to an adequate natural discharge point. Such bypass systems must be adequately designed.
4. Provide stormwater management facilities as required by the City of Chesterfield, the Metropolitan St. Louis Sewer District, and the Monarch-Chesterfield Levee District. The location and types of storm water management facilities shall be identified on all Site Development Plans.

N. SANITARY SEWER

1. Sanitary sewers shall be as approved by the City of Chesterfield and the Metropolitan St. Louis Sewer District.

O. GEOTECHNICAL REPORT

1. Prior to Site Development Plan approval, provide a geotechnical report, prepared by a registered professional engineer licensed to practice in the State of Missouri, as directed by the Department of Public Services. The report shall verify the suitability of grading and proposed improvements with soil and geologic conditions and address the existence of any potential sinkhole, ponds, dams, septic fields, etc., and recommendations for treatment. A statement of compliance, signed and sealed by the geotechnical engineer preparing the report, shall be included on all Site Development Plans and Improvement Plans.

P. MISCELLANEOUS

1. All utilities will be installed underground.
2. The developer is advised that utility companies will require compensation for relocation of their facilities within public road right-of-way. The developer should also be aware of extensive delays in utility company relocation and adjustments. Such delays will not constitute a cause to allow occupancy prior to completion of road improvements.

II. GENERAL CRITERIA

A. SITE DEVELOPMENT PLAN SUBMITTAL REQUIREMENTS

The Site Development Plan shall include, but not be limited to, the following:

1. Location map, north arrow, and plan scale. The scale shall be no greater than one (1) inch equals one hundred (100) feet.
2. Outboundary plat and legal description of property.
3. Density calculations.
4. Parking calculations. Including calculation for all off street parking spaces, required and proposed, and the number, size and location for handicap designed.
5. Provide openspace percentage for overall development including separate percentage for each lot on the plan.
6. Provide Floor Area Ratio (F.A.R.).
7. A note indicating all utilities will be installed underground.
8. A note indicating signage approval is a separate process.
9. Depict the location of all buildings, size, including height and distance from adjacent property lines, and proposed use.
10. Specific structure and parking setbacks along all roadways and property lines.
11. Indicate location of all existing and proposed freestanding monument signs.
12. Zoning district lines, subdivision name, lot number, dimensions, and area, and zoning of adjacent parcels where different than site.
13. Floodplain boundaries.
14. Depict existing and proposed improvements within 150 feet of the site as directed. Improvements include, but are not limited to, roadways, driveways and walkways adjacent to and across the street from the site, significant natural features, such as wooded areas and rock formations, and other karst features that are to remain or be removed.
15. Depict all existing and proposed easements and rights-of-way within 150 feet of the site and all existing or proposed off-site easements and rights-of-way required for proposed improvements.
16. Indicate the location of the proposed storm sewers, detention basins, sanitary sewers and connection(s) to the existing systems.
17. Depict existing and proposed contours at intervals of not more than one (1) foot, and extending 150 feet beyond the limits of the site as directed.
18. Address trees and landscaping in accordance with the City of Chesterfield Code.
19. Comply with all preliminary plat requirements of the City of Chesterfield Subdivision Regulations per the City of Chesterfield Code.

20. Signed and sealed in conformance with the State of Missouri Department of Economic Development, Division of Professional Registration, Missouri Board for Architects, Professional Engineers and Land Surveyors requirements.
21. Provide comments/approvals from the appropriate Fire District, Monarch Levee District, Spirit of St. Louis Airport, Metropolitan St. Louis Sewer District (MSD) and St. Louis County Department of Transportation.
22. Compliance with Sky Exposure Plane.
23. Compliance with the current Metropolitan St. Louis Sewer District Site Guidance as adopted by the City of Chesterfield.

III. TRUST FUND CONTRIBUTION

1. The developer shall be required to contribute a Traffic Generation Assessment (TGA) to the City of Chesterfield. Allowable credits for required improvements will be awarded as directed by the City of Chesterfield. This contribution shall be established by the City of Chesterfield Trust Fund Rate Schedule.
2. The Traffic Generation Assessment (TGA) contribution shall be made prior to the issuance of a Municipal Zoning Approval (MZA) by the City of Chesterfield.
3. Prior to Special Use Permit issuance by the St. Louis County Department of Transportation, a special cash escrow or a special escrow supported by an Irrevocable Letter of Credit, must be established with St. Louis County Department of Transportation to guarantee completion of the required roadway improvements.
4. The amount of all required contributions for storm water and primary water line improvements, if not submitted by January 1, 2024, shall be adjusted on that date and on the first day of January in each succeeding year thereafter in accordance with the construction cost index as determined by the St. Louis County Department of Transportation.

5. WATER MAIN

The primary water line contribution is based on gross acreage of the development land area. The contribution shall be a sum of \$1,060.35 per acre for the total area as approved on the Site Development Plan to be used solely to help defray the cost of constructing the primary water line serving the Chesterfield Valley area.

The primary water line contribution shall be deposited with the St. Louis County Department of Transportation. The deposit shall be made before St. Louis County approval of the Site Development Plan or Concept Plan unless otherwise directed by the St. Louis County Department of Transportation. Funds shall be payable to Treasurer, St. Louis County/City of Chesterfield.

6. STORM WATER

The storm water contribution is based on gross acreage of the development land area. These funds are necessary to help defray the cost of engineering and construction improvements for the collection and disposal of storm water from the Chesterfield Valley in accordance with the Master Plan on file with and jointly approved by St. Louis County and the Metropolitan St. Louis Sewer District. The amount of the storm water contribution will be computed based on \$3,364.25 per acre for the total area as approved on the Site Development Plan.

The storm water contributions to the Trust Fund shall be deposited with the St. Louis County Department of Transportation. The deposit shall be made prior to the issuance of a Special Use Permit (S.U.P.) by St. Louis County Department of Transportation or prior to the issuance of building permits in the case where no Special Use Permit is required. Funds shall be payable to Treasurer, St. Louis County/City of Chesterfield.

7. SANITARY SEWER

The sanitary sewer contribution is collected as the Caulk Creek impact fee.

The sanitary sewer contribution within Chesterfield Valley area shall be deposited with the Metropolitan St. Louis Sewer District as required by the District.

IV. RECORDING

1. Within sixty (60) days of approval of any development plan by the City of Chesterfield, the approved Plan will be recorded with the St. Louis County Recorder of Deeds. Failure to do so will result in the expiration of approval of said plan and require re-approval of a plan by the Planning Commission.

V. ENFORCEMENT

1. The City of Chesterfield, Missouri will enforce the conditions of this ordinance in accordance with the Plan approved by the City of Chesterfield and the terms of this Attachment A.
2. Failure to comply with any or all the conditions of this ordinance will be adequate cause for revocation of approvals/permits by reviewing Departments and Commissions.
3. Non-compliance with the specific requirements and conditions set forth in this Ordinance and its attached conditions or other Ordinances of the City of Chesterfield shall constitute an ordinance violation, subject, but not limited to, the penalty provisions as set forth in the City of Chesterfield Code.

4. Waiver of Notice of Violation per the City of Chesterfield Code.
5. This document shall be read as a whole and any inconsistency to be integrated to carry out the overall intent of this Attachment A.

Dear Justin,
Thanks for returning my phone call so quickly on Friday. Below you will find my letter of concern for the proposed soccer complex. I tried to send it to specific council members, but the links on the city website aren't working.
Thanks for considering these thoughts.
Mary McDevitt

Dear Justin Wyse,

I am writing because of the proposed development by [CarShield FC](#) located at [530 Eatherton Road in Chesterfield, MO](#). According to the Chesterfield Planning Commission Meeting held on July 10, 2023, George Stock, of Stock & Associates, plans to develop 16.58 acres of Chesterfield Valley with outdoor athletic fields, concessions and 70 foot lighting structures.

As a homeowner, and possible neighbor to this proposed development, I am worried about the negative impact this development will create for the community. I know the list below is long, but please take the time to consider some of the concerns I have for residents, visitors, businesses and the natural environment in Chesterfield, Wildwood and beyond. Because Eatherton Road divides the cities of Chesterfield and Wildwood. I have included the impact Wildwood residents will face with this proposed project as well.

Mission and Vision Misalignment: According to the ["About"](#) page on the City of Chesterfield's website:

"Chesterfield is located just 25 minutes west of downtown St. Louis along Interstate 64. It is a special place where gleaming mid-level office buildings, tree-lined neighborhoods, shopping centers and rustic horse farms have found a way to blend harmoniously upon a 32-square mile canvas of rolling hills and lush green valleys.

It is a community that has benefited from amazing foresight, imagination, commitment and collaboration of people who live and work here. Incorporated only in 1988, it is a new city with a rich history. It's an example of what can happen when residents, civic and business leaders work toward a shared vision to create an outstanding community in which to live, work, and play."

The proposed development does not embody "mid-level" office buildings (70 foot lighting), "harmonious blending" of buildings, neighborhoods and lush green valleys. More importantly, it doesn't share a vision of living, working and playing together, especially for the residents that inhabit the historically significant bluffs of Chesterfield. Many bluff residents prefer the rolling hills and green valleys.

Light Pollution/Funding: With 70 foot light structures for this proposed site, it is impossible to avoid more light pollution to the already overbearing light that already exists in The Valley.

We are privileged enough to have an abundance of night creatures that troll the community at night. One being, the luna moth. We have several each year on our property. According to the [Missouri Department of Conservation](#), *"Luna moths are usually found in and near deciduous woodlands, where their larval food plants occur: walnut, hickory, persimmon, and sweet gum. In some areas, populations have declined due to habitat destruction and increased use of bright lights at night, which can disrupt mating cycles."*

Light pollution also impacts the already dwindling firefly population according to the [University of Missouri](#).

Currently, the businesses/organizations that produce light pollution on the Chesterfield side of Eatherton Road include, but are not limited to the following:

- o The Crossing
- o Spirit of St. Louis Airport
- o Chesterfield Sports Complex
- o Landings at Spirit Golf Club
- o ROSCH Company
- o Precision Land Maintenance, Inc.
- o Natoli Engineering
- o Knoebel Construction
- o Gateway BMW Ducati Motorcycles

Per the [Chesterfield Valley Economic Fact Sheet](#), *businesses in the Valley generate \$6.9 million in sales tax for the Parks Sales Tax Fund and Capital Improvement Fund for the City of Chesterfield and an estimated additional \$2 million in utility taxes and associated fees.*

The utility tax will benefit the City of Chesterfield, not its residence, neighbors or ecosystem.

Infrastructure: North and South Eatherton Road cannot withstand the car and truck traffic. Because my family and I live on S. Eatherton Road, I can attest to the fact that S. Eatherton Road is a rural road. The road does not have the infrastructure to add any more traffic to it. With the new Chesterfield Sports Complex, The Crossing and other businesses in The Valley, the traffic is overwhelming.

MODOT's roundabout will help with the flow of traffic, but it will not help with the amount of traffic. Inevitably, additional traffic will be added. Adding more traffic will eventually defeat the purpose of the roundabout. Then what?

Noise Pollution: Over 250 airplanes travel through Spirit of St. Louis Airport. Hundreds of dump trucks and larger vehicles use engine brakes as they enter Chesterfield Valley from South Eatherton Rd. Adding more car traffic to the already saturated traffic flow will increase the noise pollution and the city's carbon footprint.

Carbon Footprint: [Heavy Duty Truck Emissions](#), per the EPA.

Archeological Site: Joe Harl from the [Archeological Research Center of St. Louis, Inc.](#) stated, *"The soccer park is very close to the Dampier Archeological Site. Houses associated with the Mississippian community and possibly burials could exist there. It is due west of where we found the temple and large feasting pits at the edge of the borrow. The western sky and setting sun were associated with the journey to the Underworld. I would guess that the graveyard could have been west of the community. The soccer fields should not impact the site, but if any sewer lines are constructed or other deep excavations are planned, they could impact these remains. Any trenches should be at least monitored during the excavation, and exposed features should be excavated. Also, burials should be watched for."*

Existing Soccer Fields: [Chesterfield Valley Athletic Complex](#) has soccer fields within three miles of the proposed CarShield FC site. [Missouri Rush](#) is just 10 miles from this proposed site, with four all weather soccer fields. [Lou Fusz Athletic Complex](#) is less than 15 miles away.

Water retention: We live in a watershed. The water that runs, originates from springs that bubble up on the hills and bluffs of Wildwood and Chesterfield. It then soaks into the fields of the Gumbo Flats. Paving more of the land that soaks up the water will result in more problems and create unnatural barriers for waterflow. Chesterfield Valley is a floodplain, this will result in runoff issues.

Road Cyclists: Centaur Rd., N. Eatherton Rd. and S. Eatherton Roads are like a mini-mecca for road cyclists. It is on these rural roads where they find solace and calm. Allow them to continue to have a place to ride without so much interference.

Wetlands: Bird, waterfowl and other migrations occur regularly over the Centaur Chute. It needs to remain preserved.

Wildlife: If you want to see coyotes, bobcat, bald eagle, skunk, turkey, deer, snakes, turtles and frogs venture out on the levee, stop by our property or look in the field of the potential development. You will find these animals. It is incredible. Where will they go?

Vacant Buildings: Unfortunately, the reality is that there are a lot of vacant buildings within the surrounding area of the proposed development. Will it be vacant in 5-10 years, if this development comes to fruition?

Thank you for taking the time to consider the thoughts mentioned in this letter. We love where we live. We moved from an urban area to escape the industrial life, lights and traffic. Hopefully we will continue to be surrounded by nature and neighbors that care.

With best regards,
Mary McDevitt

PROJECT NARRATIVE

Ordinance Amendment Request - 530 Eatherton Road

Date: May 19, 2023 – Updated June 30, 2023

(Stock Project No. 222-7301)

On behalf of the property owner under contract, Carshield F.C., Stock & Associates Consulting Engineers Inc. respectfully requests the City of Chesterfield’s consideration in Ordinance Amendment for a ±16.58 Acre tract of land located at 530 Eatherton Road zoned “PI” Planned Industrial District (City of Chesterfield Ord. 3197) to add “athletic fields” as a permitted use. The existing site is currently undeveloped. The existing site is currently governed by Ordinance #3197, which has a minimum required open space of 35.0%, max height of 35.0 feet and a floor area ratio of 0.55. The proposed design criteria request is to retain the current floor area ratio and openspace requirements, but modify the building and parking setbacks, and building height requirements. The City’s Comprehensive Plan designates this site as well as the adjacent properties to the North, South, and East as “Industrial”, currently, the City is in the process of amending article 4 of the Uniform Development Code (UDC) to add “athletic fields” as a “permitted use”. We respectfully request the City’s consideration of this item.

Carshield F.C. intends to develop three (3) outdoor athletic fields, including lighting. In addition, an indoor facility for indoor training and play. Concessions and restrooms will be included.

Design Criteria Request:

Floor Area, Height, and Building Requirements:

1. Height
 - a. The maximum height for all buildings and structures shall be forty (40.0) feet.
2. Density

8. BUYER'S DUE DILIGENCE PERIOD.

This Contract and Buyer's obligations hereunder are specifically made contingent upon Buyer's satisfaction of the following items on or before the date indicated:

(a) **Title and Survey Inspection.** Approval by Buyer by 5:00 p.m. 180 calendar days after the Effective Date. Buyer, at its option and expense, may obtain a survey of the Property ("Survey") and a title examination of the Property ("Title Report"). If Buyer obtains a Survey and/or Title Report, then within the time period stated herein, Buyer may notify Seller in writing of any matters shown by the Survey and/or Title Report that are unacceptable to Buyer ("Buyer's Title Objections"). If Buyer notifies Seller of any Buyer's Title Objections, Buyer must also deliver a copy of the Survey and/or Title Report to Seller with such objections. Failure by Buyer to notify Seller of Buyer's Title Objections within the stated time period will constitute a waiver by Buyer of any objections to the Survey or Title Report and to matters which could have been shown by a Survey or Title Report. Seller shall be responsible for removing any exceptions to title which arise between the Effective Date and Closing unless created by or with the written consent of Buyer. Any item shown on the Title Report for which Buyer does not deliver Buyer's Title Objections within the stated time period or for which Buyer agrees to waive Buyer's Title Objections will be deemed approved by Buyer and are called "Permitted Exceptions".

(b) **Property and Records Inspection.** Approval of the physical condition and records inspection by Buyer by 5:00 p.m. on 180 calendar days after the Effective Date. During the stated time period, Buyer and Buyer's representatives may, at Buyer's option, expense and sole liability conduct such examinations, tests, inspections, structural and systems reports, environmental studies and other studies of the Property as Buyer shall deem desirable, and obtain copies of such books, computer records, records, reports, leases, Estoppel Certificates as executed by tenant(s), agreements, contracts, rent rolls, financial records, permits, licenses, approvals and such other records necessary and appropriate for the use and occupancy of the Property or reflecting the income or expenses of the Property ("Buyer's Property and Records Inspection"). Seller agrees to permit Buyer or its representatives to enter the Property for such purposes during reasonable business hours and upon reasonable notice to Seller and to allow Buyer access to such books, computer records, records, reports, leases, agreements, contracts, rent rolls, financial records, permits, licenses, approvals and other records, provided that such investigations do not unreasonably disrupt the operation of Seller's business and do not cause any damage to the Property and that any such damage is immediately repaired by Buyer. Buyer shall be liable to Seller for the acts of any person or persons, employee(s), representative, contractor, or consultant that Buyer may engage, and Buyer shall maintain adequate insurance or cause each to maintain adequate insurance at all times while performing any property inspections. Buyer agrees that the results of any inspection or test and the reports or conclusions of Buyer and Buyer's representatives shall be kept confidential (except as required by law) by Buyer and Buyer's representatives; provided that Buyer may disclose such items to Buyer's attorney, accountants, lenders and other parties reasonably necessary to enable Buyer to purchase the Property. During the stated time period, Buyer may notify Seller in writing of any matters pertaining to Buyer's Property and Records Inspection Contingency that are unacceptable to Buyer ("Buyer's Property and Records Objections"). Failure by Buyer to notify Seller of Buyer's Property and Records Objections within the time period stated herein shall constitute a waiver by Buyer of any objections thereto or any right not to close by reason thereof.

(c) Buyer's shall have ten (10) calendar days to review executed tenant Estoppel certificate(s). Buyer's Estoppel review period shall commence upon the date of the last executed tenant Estoppel certificate(s) are delivered to Buyer from either Seller or Seller's Tenant(s).

Note: It is solely the responsibility of the Buyer to determine if the Property requires flood plain insurance or access to the Property is public or private (and if private may require annual maintenance).

(d) **Construction Loan.** Receipt by Buyer by 5:00 p.m. 180 calendar days after the Effective Date of a written commitment for a construction loan. The Loan shall bear interest at the prevailing market rate, but not exceed the interest rate per annum set forth herein. Buyer shall use reasonable diligence to obtain such a loan.

190 Date evidence satisfactory to Buyer concerning access to public roads and the availability of all utilities (water, sewer, natural gas
191 and electricity) to the Property in sufficient size and capacity for Buyer's proposed use and the availability to connect to such
192 utilities at a cost satisfactory to Buyer.

193 (g) **Engineering.** Buyer obtaining at Buyer's sole cost and expense by 5:00 p.m. 180 calendar days after the Effective Date
194 satisfactory soil and subsoil testing reports, land planning and engineering feasibility studies regarding the Property and Buyer's
195 contemplated improvements.

196 (h) **Economic Feasibility.** Buyer obtaining at Buyer's sole cost and expense by 5:00 p.m. 180 calendar days after the
197 Effective Date evidence satisfactory to Buyer concerning the economic feasibility of constructing, developing and operating
198 Buyer's contemplated improvements on the Property.

199 (i) **Governmental Approval.** Buyer obtaining at Buyer's sole cost and expense by 5:00 p.m. 180 calendar days after the
200 Effective Date approval of Buyer's plans and specifications for its proposed improvements to be constructed on the Property by all
201 governmental agencies having jurisdiction to allow the issuance of an unqualified building permit for such improvements upon
202 Buyer's request. Buyer shall use reasonable diligence to promptly apply for and obtain all such approvals.

203 (j) **Zoning.** Buyer obtaining at Buyer's sole cost and expense by 5:00 p.m. 180 calendar days after the Effective Date
204 evidence satisfactory to Buyer that the current zoning classification of the Property will permit the construction of Buyer's
205 contemplated improvements.

206 (k) **Rezoning Approval.** Buyer obtaining at Buyer's sole cost and expense by 5:00 p.m. 180 calendar days after the Effective
207 Date satisfactory rezoning or special use permits for the Property by the governing or judicial authorities to permit the construction
208 and operation of Buyer's contemplated improvements on terms and conditions acceptable to Buyer. In the event rezoning or special
209 use permits are required, Seller hereby appoints Buyer as Seller's agent (to serve without fee) for the purpose of executing and
210 processing before the appropriate governmental authorities, an application or petition for such rezoning or special use permits. In
211 the event such application for rezoning or special use permits has not been finally acted upon by the appropriate governmental or
212 judicial authorities at the time within which this contingency must be satisfied or waived by the Buyer, the date for satisfaction or
213 waiver of this contingency shall be automatically extended to that date which is ten (10) days following a final decision approving
214 or denying such rezoning application, but in no even shall it extend later than 5:00 p.m. _____ calendar days (if blank the default
215 time period will be one year) after the Effective Date.

216 (l) **Satisfaction/Waiver of Contingencies.** Each of the above contingencies is for the sole and subjective benefit of Buyer.
217 Subject to subparagraphs (e) and (f), if Buyer notifies, in writing, Seller that is has not satisfied or waived each of the above
218 contingencies by 5:00 p.m. on or before the date specified for each, this Contract shall, at the close of business on the applicable
219 date, terminate without further action of the parties, and in such event, all Earnest Money and interest thereon, shall be promptly
220 returned to Buyer. If Buyer fails to notify Seller in writing within the applicable stated period that any contingency has not been
221 satisfied or waived, such contingency shall be deemed satisfied.

222 (m) **Seller's Time to Respond.** If Buyer does timely notify Seller (within the stated time periods) in writing of Buyer's Title
223 Objections and/or Buyer's Property and Records Objections, Seller has five (5) calendar days from receipt of said notice to either:
224 (a) agree in writing to correct Buyer's Title Objections, and/or Buyer's Property and Records Objections, at Seller's expense, on or
225 before Closing; or (b) refuse to correct some or all of Buyer's Title Objections, and/or Buyer's Property and Records Objections.
226 Failure by Seller to respond in writing within the stated time period shall constitute a refusal to correct all objections of Buyer.

227 (n) **Buyer's Time to Respond.** In the event Seller refuses to correct any or all of permitted objections of Buyer, Buyer has ten
228 (10) calendar days from the expiration date of the applicable contingency to either: (i) waive Buyer's objections and proceed to

253 no service, supply, maintenance or management contracts or agreements affecting the Property which will be binding on the
254 Property or Buyer after Closing except as disclosed by Seller to Buyer in writing; (i) There are, and as of Closing there shall be, no
255 recorded or unrecorded contracts and/or options to which Seller is a party pertaining to or affecting title to or the sale of the Property,
256 or any part thereof; (j) To the best of Seller's knowledge without independent inquiry or investigation, and except as disclosed to
257 Buyer in writing, there are and have been no hazardous or toxic substances or materials, including without limitation, oil, PCB's,
258 urea formaldehyde foam insulation, asbestos or underground storage tanks of any kind, as those terms are used in any applicable
259 federal, state and/or local environmental laws, which regulate such substances or materials or tanks, brought or placed on the
260 Property; and (k) Seller shall deliver possession of the property as of Closing subject to any herein permitted tenancy.

261 Seller's Covenants, Representations and Warranties and Seller's liability for breach thereof shall survive Closing and shall not be
262 merged into any deed or other document given at Closing.

263 **10. BUYER'S COVENANTS, REPRESENTATIONS AND WARRANTIES.**

264 Buyer covenants, represents and warrants to Seller as follows ("Buyer's Covenants, Representations and Warranties") which
265 covenants, representations and warranties shall be considered made as of the Effective Date and again as of Closing except to the
266 extent that Buyer obtains knowledge or notice after the date Buyer executes this Contract of any fact or facts which would make any
267 covenant, representation or warranty untrue or misleading in any material respect and discloses such fact or facts to Seller in writing
268 prior to Closing in which case Seller shall not be obligated to close hereunder:

269 (a) Except as specifically set forth in Seller's Covenants, Representations and Warranties, Buyer is relying on its own investigation
270 and inspection of the Property, Title Report, Survey, Buyer's Property and Records Inspection or any other permitted contingencies,
271 all to the extent conducted by Buyer in Buyer's judgment, and Buyer will take title to the Property in its AS IS, WHERE IS
272 condition based solely on such investigation and inspection. Buyer acknowledges and agrees that Seller and its representative(s)
273 have not made any warranty or representation, express or implied, written or oral concerning the Property except as set forth in
274 Seller's Covenants, Representations and Warranties; (b) Buyer has the authority and capacity to enter into and perform this
275 Contract, and the person who executes this Contract on behalf of Buyer represents and warrants that such person has been
276 authorized to do so; (c) Buyer is not bankrupt or insolvent; and (d) Buyer shall neither encumber nor cause any liens to be created
277 against the Property in any way, nor record this Contract or a memorandum hereof, prior to Closing.

278 Buyer's Covenants, Representations and Warranties and Buyer's liability for breach thereof shall survive Closing and shall not be
279 merged into any deed or other document given at Closing.

280 **11. REMEDIES UPON DEFAULT.**
281 If either party defaults in the performance of any obligation of this Contract, the party claiming a default shall notify the other party
282 in writing of the nature of the default. In the event of litigation (including mediation/arbitration, if applicable) between the parties,
283 the prevailing party shall recover, in addition to damages or equitable relief, the cost of litigation including reasonable attorney's
284 fees. This provision shall survive Closing.

285 (a) If Buyer defaults, Seller may either accept the Earnest Money and interest thereon as liquidated damages and release Buyer
286 from the Contract (in lieu of making any claim in court), or Seller may pursue any remedy at law or in equity.

287 (b) If Seller defaults, Buyer may either release Seller from liability upon Seller's release of the Earnest Money (including
288 interest) and reimbursement to Buyer for all direct costs and expenses, as specified in Buyer's notice of default (in lieu of making
289 any claim in court), or Buyer may pursue any remedy at law or in equity, including enforcement of sale.

290 **12. CASUALTY AND EMINENT DOMAIN.**

291 (a) **Casualty.** Risk of loss to the improvements on the Property shall be borne by Seller until Closing. If the Property is
292 damaged or destroyed after the Effective Date and prior to Closing, Seller shall immediately notify Buyer in writing of the damage
293 or destruction and the amount and terms of insurance proceeds available, if any. Buyer may either (i) proceed with the Closing and
294 be entitled to all insurance proceeds, if any, payable to Seller under all policies insuring the property; or (ii) terminate this Contract,
295 whereupon all Earnest Money shall be returned promptly to Buyer. Buyer shall give written notice of its election to Seller within
296 five (5) calendar days after Buyer has received Seller's written notice of such damage or destruction and the amount of insurance
297 proceeds available, and Closing will be extended accordingly, if required to permit such notices to be given. Failure by Buyer to so
298 notify Seller in writing shall constitute an election to close. A termination hereunder does not constitute a default by Seller or Buyer.

299 (b) **Eminent Domain.** In the event that prior to Closing, any portion of the Property is taken by eminent domain, or becomes the
300 subject of eminent domain proceedings threatened or commenced, Seller shall immediately notify Buyer in writing thereof, and
301 provide Buyer with copies of any written communication from any condemning authority. If any of said events shall occur, Buyer
302 may terminate this Contract by written notice to Seller within five (5) calendar days after Buyer has received Seller's written notice,
303 in which event the Earnest Money shall be returned to Buyer. If Buyer elects to close, then: (i) if the transfer to the condemning
304 authority takes place prior to Closing hereunder, the remainder of the Property shall be conveyed to Buyer at Closing hereunder; (ii)
305 if the transfer to the condemning authority has not taken place prior to Closing, the entire Property shall be conveyed to Buyer at
306 Closing hereunder; (iii) if Seller has received payment for such condemnation or taking prior to the Closing hereunder, the amount
307 of such payment shall be a credit against the Purchase Price payable by Buyer hereunder; and (iv) if Seller has not received such
308 payment at the time of Closing, Seller shall assign to Buyer all claims and rights to or arising out of such taking, including the right
309 to conduct any litigation in respect of such condemnation.

310 (c) **Land Dedications.** Any land dedication or land grant by or required of Buyer acting as Owner Under Contract for streets,
311 curb cuts, utilities, or similar purpose as a condition of a rezoning, re-subdivision, building plan or other governmental approval
312 requested by Buyer shall not constitute a taking by eminent domain. As a result of any land dedication or land grant, Buyer shall
313 have no cause to seek any adjustment in the Purchase Price or to terminate this Contract.

314 **13. NOTICES.**

315 Any and all notices required or permitted hereunder shall be in writing and shall be deemed given upon receipt and shall be
316 delivered by: (i) personal delivery; (ii) United States registered or certified mail, return receipt requested; or (iii) overnight
317 commercial package courier or local delivery service, or (iv) facsimile transmission, in all events prepaid and addressed:

346 Each party shall have the right to change its foregoing address by written notice to the other party.

347 **14. ASSIGNABILITY OF CONTRACT.**
348 Buyer shall have the right to assign its rights under this Contract provided that Seller consents to such assignment, which consent
349 shall not be unreasonably withheld or delayed. Upon Buyer's assignment of this Contract, such assignee shall be deemed
350 substituted, for the named Buyer, and such assignee shall be deemed to have assumed Buyer's obligations hereunder, without any
351 release of Buyer unless Seller releases Buyer in writing.

352 **15. TIME IS OF THE ESSENCE.**
353 Time if of the essence in the performance of the obligations of the parties under this Contract.

354 **16. BINDING EFFECT.**
355 This Contract shall be binding on and for the benefit of the parties and their respective heirs, personal representatives, executors,
356 administrators, successors and assigns.

357 **17. GOVERNING LAW.**
358 This Contract shall be considered a Contract for the sale of real property and shall be construed in accordance with the laws of the
359 State where the property is located.

360 **18. ENTIRE AGREEMENT.**
361 This Contract and any riders, addenda and exhibits attached hereto constitute the entire agreement between the parties hereto and
362 there are no other understandings, written or oral, relating to the subject matter hereof. This Contract may not be changed, modified
363 or amended, in whole or in part, except in writing signed by both Buyer and Seller.

364 **19. CONSTRUCTION.**
365 Words and phrases shall be construed as in the singular or plural number, and as masculine, feminine or neuter in gender, according
366 to the context.

367 **20. SATURDAYS, SUNDAYS AND HOLIDAYS.**
368 If any date for the occurrence of an event or act under the Contract falls on a Saturday, Sunday or legal holiday in the State where
369 the property is located, then the time for the occurrence of such event or act shall be extended to the next succeeding business day.

370 **21. EFFECTIVE DATE.**
371 The "Effective Date" of this Contract is the date of the last Buyer or Seller to execute this Contract as an accepted Contract.
372 Facsimile transmission of the Contract and Riders shall constitute one acceptable method to provide notice of acceptance
373 ("Effective Date") between Buyer and Seller, and each agree to deliver executed originals of Contracts and Riders promptly
374 thereafter.

375 **22. LIKE-KIND EXCHANGE.**
376 A qualified like-kind exchange requires adherence to specific rules and regulations as set forth by the Internal Revenue Service.
377 Seller and Buyer are advised to obtain appropriate legal and tax advice to implement any such exchange.

CHECK APPLICABLE BOX

378 **Buyer.** Seller acknowledges that Buyer is contracting to acquire the Property in contemplation of completing a like-kind
379 exchange of certain other property previously owned by Buyer in a manner which will qualify as a like-kind exchange pursuant to
380 Section 1031 of the Internal Revenue Code. In this regard, Seller agrees to cooperate reasonably with Buyer so as to structure the
381 transaction in a manner which will qualify as a like-kind exchange under Section 1031; provided, however, that (i) Seller shall in no
382 event be required to incur any costs or expenses with respect to such cooperation; (ii) Buyer shall fully indemnify and hold harmless
383 Seller from all losses, costs, expenses and liabilities incurred as a result of such cooperation; (iii) Seller makes no warranty or
384 representation whatsoever with respect to the qualification of the transaction for like-kind exchange treatment under Section 1031;
385 and (iv) Seller shall have no responsibility, obligation or liability with respect to the tax consequences of the transaction to Buyer.
386

387 **Seller.** Seller has advised Buyer of Seller's intention to seek to effect a non-simultaneous like-kind exchange pursuant to
388 Section 1031 of the Internal Revenue Code in connection with the conveyance of the Property. In this regard, prior to the transfer
389 of the Property to Buyer, Seller intends to convey the Property to a neutral third party (an "Exchange Facilitator") subject to the
390 terms of this Contract. The Exchange Facilitator will assume and fulfill the contractual obligations of Seller contained herein and
391 the Property shall be transferred by the Exchange Facilitator to Buyer pursuant to the terms of this Contract at the time and in the
392 manner set forth herein. Buyer agrees to cooperate reasonably with Seller with respect to such exchange, provided, however (i)
393 Buyer shall in no event be required to incur any costs or expenses in this transaction as a result of or connected with the structuring
394 of this transaction as a like-kind exchange under Section 1031 of the Internal Revenue Code; (ii) Seller shall fully indemnify and
395 hold Buyer harmless from all loss, cost, expenses and liabilities incurred as a result of Buyer's cooperation in structuring this
396 transaction as a like-kind exchange; (iii) Buyer makes no warranty or representation whatsoever with respect to the qualification of
397 the transaction for like-kind exchange treatment under Section 1031; and (iv) Buyer shall have no responsibility, obligation or
398 liability with respect to the tax consequences of the transaction to Seller.

399 **23. TITLE INSURANCE (Per Item 7, Closing Costs & Prorations)**
400 Buyer or Seller (select one) agrees to pay for the title insurance premium for the Owner's Policy for Title Insurance.
401 Regardless who pays for the Owner's Policy of Title Insurance, Buyer shall pay for any title policy endorsements thereto including
402 but not limited to a Lender's Policy of Title Insurance (if any).

403 **24. RIDERS or SPECIAL TERMS & CONDITIONS.**
404 The following riders or supplements are attached hereto and incorporated herein as part of this Contract:
405 Estoppel Rider, Mediation/Arbitration
406 Anything contained within this Sale Contract to the contrary notwithstanding, Seller is aware that Buyer intends a use
407 for the property such that governmental approvals, environmental impact surveys, customary diligence by unrelated
408 third parties, and extensive inspections (both legal and physical) will be required. Seller understands that many factors
409 beyond buyer's control can and may impact a timely progression toward closing. Seller will cooperate with buyer to do
410 all that is reasonable and customary to assist buyer in effectuating buyer's ability to ultimately use the property in
411 compliance with local, state, federal, and any other authorities or interested parties who may affect or impinge Buyer's
412 property rights post closing. Should Buyer learn at any time before closing that the property's desired use is restricted,
413 Buyer shall notify Seller as soon as is reasonably possible that the contract is terminated and reasonable disposition of
414 earnest money shall be determined between the parties.

437 **No Other Brokers.** Buyer and Seller warrant and represent that no Broker or other person other than Broker or Broker(s) named
438 herein are entitled to a commission or fee, finder's fee or other compensation in connection with this Commercial Sale Contract, and
439 Buyer and/or Seller shall indemnify and hold harmless the other party from any and all claims, liabilities, losses, damages, costs and
440 expenses arising from the claim of any other Broker, finder or other person for such compensation arising by, under or through the
441 indemnifying party.

442 **Commission Payable to Brokers Upon Default.** (1) Upon Seller's failure to close due to Seller's default, Seller shall immediately
443 pay in full the commissions or fee due Broker(s) by Seller, as set forth above. (2) Upon Buyer's failure to close due to Buyer's
444 default, the Escrow Agent is authorized to release one-half (1/2) of the Earnest Money and interest thereon to the Broker(s), not to
445 exceed the total commissions or fee due as set forth above, with the remaining balance released to Seller. (3) Upon Buyer's failure
446 to close due to Buyer's default, Buyer shall immediately pay in full the commissions or fee due Buyer's Broker, as set forth above
447 (or by separate written Agreement).
