Chair Grissom advised the audience that tonight's public hearing pertains only to the rezoning of the land – the Commission will not be addressing the disposition of the structures currently on the site at this meeting.

STAFF PRESENTATION:

Ms. Aimee Nassif, Planning & Development Services Director gave a PowerPoint presentation showing photographs of the site and surrounding area. Ms. Nassif stated the following:

- Public Hearing notification requirements were met by posting the site and mailing public hearing notices to the property owners surrounding the development.
- The site currently has five structures on the site: a farm house, a white shed, a red shed, a barn, and a ranch house.
- Site History:
 - The 18.78 acre tract of land was originally part of approximately 463 acres of farm land purchased by Henry Zacharias Eberwein in 1835.
 - The subject site was zoned "NU" Non Urban District prior to the incorporation of the City of Chesterfield.
 - In 2009, the City purchased the remaining land which comprised 18.78 acres.
 - The City intends to preserve the character of this site by developing a low intensity, neighborhood park which will be named after the Eberwein family.
- Permitted Uses
 - (1) Fire stations
 - (2) Historic sites and buildings
 - (3) Local public utility facilities
 - (4) Natural or primitive areas and forests
 - (5) Public parks and parkways
 - (6) Wildlife habitats and fish hatcheries
- The City's Comprehensive Land Use Plan designates this site as "Residential", under which the "Park and Scenic District" would fit.
- The proposed zoning is a straight zoning so an Attachment A will not be written.
- Disposition of the buildings and specific uses for the site will not be heard this evening.
- The master planning for the site, along with the specifics related to uses and costs, is being developed with City Council.
- Comments have been received from the appropriate Agencies regarding the rezoning.
- Staff has no outstanding issues with the proposed change of zoning

SPEAKERS IN FAVOR: None

SPEAKERS IN OPPOSITION: None

SPEAKERS – NEUTRAL: None

ISSUES: None

Commissioner Proctor read the Closing Comments for the Public Hearing.

Noting the number of residents in attendance, Chair Grissom opened the floor to questions from the audience.

Question was raised as to whether the residents would be able to follow the development of the park on the City's website. Ms. Nassif replied that the website is updated with the latest Agenda, meeting packet, and reports. The Eberwein Park was a subject of discussion at the August 19th Planning & Public Works Committee Meeting and the report presented at that meeting is currently posted on the website. Staff can also be contacted at the phone number listed on the public hearing notice to answer any questions. Staff is now doing research on items requested by the Committee so the next report will not be available until September or October.

City Councilmember Segal reported that at the September 1st Council meeting, Council will be voting on the Committee's recommendation to proceed with the development of the ancillary items to the park, as well as the dog park component, for an amount not to exceed \$650,000. The Committee has also recommended that the ranch house, chicken coop (red shed), and mother-in-law quarters (white shed) be razed. The disposition of the farm house and barn were tabled until Staff could get further estimates on refurbishment.
