Planning Commission Vote Report

Subject: Change of Zoning Vote Report

Meeting Date: November 9, 2009

From: Justin Wyse, AICP, Project Planner
Annisca McCaskill-Clay, AICP, Lead Senior Planner

Location: 4,100 feet west of the intersection of Olive Street Rd. and Chesterfield Airport Rd (Locator Number 17W510093).

Petition: P.Z. 14-2009 Chesterfield Fence (Chesterfield Fence and Deck Company)

Proposal Summary

Stock and Associates, on behalf of Chesterfield Fence and Deck Company, has submitted a request for a change of zoning from “M-3” Planned Industrial District to “PI” Planned Industrial District. The subject site is a 5.2 acre site currently occupied by Chesterfield Fence and Deck Company. Currently, City of Chesterfield Ordinance 446 states, “The uses permitted in the “M-3” District shall be offices, warehouses and outdoor storage for a fence company.”

Department Input

As part of the request for a change in zoning, the petitioner is also seeking a modification to the required open space. The PI District regulations require 35% open space. The petitioner is asking that 30% open space be required for the development. A separate vote regarding open space is required from the Planning Commission. All other aspects of the accompanying Attachment A meet the development requirements of the City of Chesterfield.

Zoning Analysis

The petitioner is requesting a “PI” Planned Industrial District designation with the list of permitted uses as shown in the Attachment A. Staff has reviewed the requested uses for consistency with

adjacent developments. Table 2 on pages 3 and 4 summarizes the results. It should be noted that the PI Planned Industrial District was recently amended and the uses within the district have changed.

In addition, the petitioner is asking for a modification to the open space requirement from 35% to 30%. Below is a summary of the open space requirements of the surrounding area.

TABLE 1: OPEN SPACE REQUIREMENT COMPARISON

Development	Zoning	Open Space Requirement
Current Chesterfield Fence Zoning	M-3	None
Proposed Chesterfield Fence	PI	30%
Blue Valley	PC	30%
Spirit Valley Business Park	PI	30%
Spirit Valley Business Park II	PI	30%
Wings Corporate Estates	PI	30%
Precision Plaza	PI	30%

In June of 2009 the City of Chesterfield City Council approved Ordinance 2527, which amended the regulations of the Planned Commercial (PC) and Planned Industrial (PI) Districts and created three new districts (Urban Core, Neighborhood Business, and Light Industrial District). As a part of these changes, the PC and PI Districts were amended to require 35% open space. Prior to the approval of this ordinance, open space regulations in PC and PI Districts varied depending on location and use.

There is also a residential structure located along the frontage of Olive Street Road. The home was never fully renovated after the flood in 1993 and Staff has been working with the property owner on the removal of this structure for property maintenance concerns.

Looking south at the existing residential structure on the site from Olive Street Rd.

Looking southeast at the existing residential structure on the site from Olive Street Rd.

Surrounding Land Use and Zoning

The land use and zoning for the properties surrounding this parcel are as follows:

North: Blue Valley is zoned "PC" Planned Commercial District.

South: Spirit of St. Louis Airport is zoned "M-3" Planned Industrial District.

East: Spirit of St. Louis Airport is zoned "M-3" Planned Industrial District.

West: Two properties are located along the western property line. Spirit Valley Business Park is zoned "PI" Planned Industrial District is located along the southern portion of the site and the property zoned NU and is located northern portion of the western property line.

Looking south at the subject site

Looking south at the property to the east of the subject site (NU)

Looking south at the property to the west of the subject site (Spirit Valley Business Park)

Looking north at the subject site

Looking south at the property to the east of the subject site

Looking north across Olive Street Road from the subject site

Comprehensive Plan Analysis

The subject site is located within Ward 4 of the City of Chesterfield. The Land Use Map for the City of Chesterfield Comprehensive Plan shows the subject site as "Spirit Airport." The subject site is located along the frontage of Olive Street Road.

Land Use Map from the City of Chesterfield Comprehensive Plan

Site Area History

The City of Chesterfield approved Ordinance 406 on February 5, 1990 which rezoned the subject site from an "NU" Non Urban District to an "M-3" Planned Industrial District. The approved district regulations state:

"The uses permitted in the "M-3" District shall be offices, warehouses and the outdoor storage for a fence company."

On May 7, 1990 the City of Chesterfield approved Ordinance 446 which amended Ordinance 406 to reduce the setback for an eight (8) tall sight proof fence.

At the November 25, 1991 Planning Commission meeting, a Site Development Plan and building elevations for a Southwestern Bell Mobile Systems 112 foot tall cellular telephone tower/antenna, with an accessory equipment shelter, were approved. On February 10, 1992 the plan was approved as the plans were not recorded within the required sixty day period.

Issues

The Spirit of St. Louis Airport submitted comments regarding the petition dated October 28, 2009. The comments state:

We take exception to the following proposed uses: Churches and other places of worship, Educational facilities, and Medical facilities. Overall to any facility that might be noise sensitive by aircraft noise.

Request

Staff has reviewed the change of zoning request from "M-3" Planned Industrial District to "PI" Planned Industrial District and the Attachment A as written adheres to all applicable requirements of the City of Chesterfield with the exception of open space. The applicant has requested that the required 35% open space requirement be reduced to 30%. This will require a separate vote of Planning Commission with a two-thirds vote for recommendation of approval. Staff requests action on P.Z. 14-2009 Chesterfield Fence (Chesterfield Fence and Deck Company).

Attachments

1. Attachment A
2. Preliminary Plan

ATTACHMENT A

All provisions of the City of Chesterfield City Code shall apply to this development except as specifically modified herein.

I. SPECIFIC CRITERIA

A. PERMITTED USES

1. The uses allowed in this "PI" District shall be:
 - a. Blacksmith shop
 - b. Boat (and marine supply) storage, charter, repair, sale
 - c. Brewpub
 - d. Broadcasting studios
 - e. Cafeterias for employees and guests only
 - f. Car wash
 - g. Churches and other places of worship
 - h. Commercial service facility
 - i. Dry cleaning plant
 - j. Education facility- vocational school, outdoor training
 - k. Filling station and convenience store with pump stations
 - l. Film processing plant
 - m. Financial institutions
 - n. Gymnasiums
 - o. Highway department garages
 - p. Industrial sales, service, and storage
 - q. Laboratories-professional, scientific
 - r. Local public utility facility
 - s. Local public utility facility- over 60 feet in height
 - t. Mail order sale warehouses
 - u. Manufacturing, fabrication, assembly, processing, or packaging facility
 - v. Meat packing facilities
 - w. Office, dental

- x. Office, general
 - y. Office, medical
 - z. Parking areas, including garages, for automobiles
 - aa. Plumbing, electrical, air conditioning, and heating equipment sales, warehousing and repair facilities
 - bb. Police, fire, and postal stations
 - cc. Professional and technical service facility
 - dd. Research facilities
 - ee. Restaurant, with drive-thru window
 - ff. Restaurants, fast food
 - gg. Sheet metal shop
 - hh. Storage and repair garages for public mass transit vehicles
 - ii. Telecommunications structure
 - jj. Telecommunications tower or facility
 - kk. Trucks, trailers, construction equipment, agricultural equipment sales, rental, leasing, outdoor storage
 - ll. Union halls and hiring halls
 - mm. Vehicle repair and service facilities
 - nn. Veterinary clinics
 - oo. Warehouse- general
 - pp. Welding shop
 - qq. Yard for storage of contractors' equipment, materials, and supplies
 - rr. Yards for storage and sales of lumber, and construction materials
 - ss. Yards for storage of contractors' equipment, materials, and supplies, excluding junk yards and salvage yards
2. Hours of Operation.
- a. Hours of operation for this "PI" District shall not be restricted.
3. Ancillary uses for the above referenced permitted uses shall be as follows:
- a. Automatic vending facilities for:
 - a) Ice and solid carbon dioxide (dry ice);
 - b) Beverages;
 - c) Confections.

4. Telecommunication siting permits may be issued for wireless telecommunications facilities per the requirements of the City of Chesterfield Telecommunications Ordinance Number 2391.

B. FLOOR AREA, HEIGHT, BUILDING AND PARKING STRUCTURE REQUIREMENTS

1. Height
 - a. The maximum height of the building, exclusive of roof screening, shall not exceed forty (40) feet or 1 ½ stories, whichever is less.
2. Building Requirements
 - a. A minimum of 35% openspace is required for this development.
 - b. This development shall have a maximum F.A.R. of 0.55.

C. SETBACKS

1. Structure Setbacks

No building or structure, other than: a freestanding project identification sign, light standards, or flag poles will be located within the following setbacks:

 - a. Twenty-five (25) feet from the right-of-way of Olive Street Road on the northern boundary of the PI District.
 - b. 50 feet from the all other boundaries of the PI District.
 - c. An eight (8) foot tall sight proof fence around the existing storage area shall have a minimum setback of ten (10) feet from the western property line, five (5) feet from the southern property line, and zero (0) feet from the eastern property line of the PI District.
2. Parking Setbacks

No parking stall, loading space, internal driveway, or roadway, except points of ingress or egress, will be located within the following setbacks:

 - a. Twenty-five (25) feet from the right-of-way of Olive Street Road.
 - b. Ten (10) feet from the east, south and west boundary of the PI District.

D. PARKING AND LOADING REQUIREMENTS

1. Parking and loading spaces for this development will be as required in the City of Chesterfield Code.

2. No construction related parking shall be permitted within the Olive Street Road right of way.
3. Provide adequate temporary off-street parking for construction employees. Parking on non-surfaced areas shall be prohibited in order to eliminate the condition whereby mud from construction and employee vehicles is tracked onto the pavement causing hazardous roadway and driving conditions.

E. LANDSCAPE AND TREE REQUIREMENTS

1. The developer shall adhere to the Landscape and Tree Preservation Requirements of the City of Chesterfield Code.

F. SIGN REQUIREMENTS

1. Signs shall be permitted in accordance with the regulations of the City of Chesterfield Code or a Sign Package may be submitted for the planned district. Sign Packages shall adhere to the City Code and are reviewed and approved by the City of Chesterfield Planning Commission.
2. Ornamental Entrance Monument construction, if proposed, shall be reviewed by the City of Chesterfield, and/or the St. Louis County Department of Highways and Traffic, for sight distance considerations prior to installation or construction and approved prior to the installation or construction.

G. LIGHT REQUIREMENTS

1. Provide a lighting plan and cut sheet in accordance with the City of Chesterfield Code.

H. ARCHITECTURAL

1. The developer shall submit architectural elevations, including but not limited to, colored renderings and building materials. Architectural information is to be reviewed by the Architectural Review Board and the Planning Commission.
2. Building facades should be articulated by using color, arrangement or change in materials to emphasize the facade elements. The planes of the exterior walls may be varied in height, depth or direction. Extremely long facades shall be designed with sufficient building articulation and landscaping to avoid a monotonous or overpowering appearance.
3. Trash enclosures: The location, material, and elevation of any trash enclosures will be as approved by the Planning Commission on the Site Development Plan. All exterior trash areas will be enclosed with a six (6) foot

high sight-proof enclosure complimented by adequate landscaping approved by the City of Chesterfield on the Site Development Plan.

4. Mechanical equipment will be adequately screened by roofing or other material as approved by the City of Chesterfield.

I. ACCESS/ACCESS MANAGEMENT

1. Access to this development from Olive Street Road shall be restricted to one (1) commercial entrance located to provide required sight distance and constructed to Saint Louis County standards as directed by Saint Louis County Department of Highways and Traffic and the City of Chesterfield. As this location has been identified for future signalization, additional lanes at the entrance to this development will be required with future on-site improvements or with change of current use as directed by the Saint Louis County Department of Highways and Traffic and the City of Chesterfield. In addition, it will be necessary that the reconstruction of this entrance, when required, will be at 90 degree angle to Olive Street Road, in order to maximize sight distance and to optimize future traffic signal optimization.
2. Provide cross access easements as needed to provide the adjacent parcel to the east full access to the entrance off Olive Street Road, as directed by the City of Chesterfield and the Saint Louis County Department of Highways and Traffic.
3. Provide a sight distance evaluation report, as required by the City of Chesterfield, for the proposed entrance onto Olive Street Road.
4. If required sight distance cannot be provided at the access locations, acquisition of right-of-way, reconstruction of pavement including correction to the vertical alignment and other off-site improvements may be required to provide adequate sight distance as directed by the Saint Louis County Department of Highways and Traffic and the City of Chesterfield.

J. PUBLIC/PRIVATE ROAD IMPROVEMENTS, INCLUDING PEDESTRIAN CIRCULATION

1. Provide a sidewalk along the frontage of the site conforming to Saint Louis County ADA standards. The sidewalk shall be adjacent to and outside of Olive Street Road right-of-way as directed by the City of Chesterfield. The sidewalk shall be privately maintained; therefore, no public easements shall be required.
2. The developer shall provide all necessary right-of-way, easements, Temporary Slope Construction License, Permanent Traffic Signal Easement, etc., as may be required with future signalization at the identified entrance location as direct by the Saint Louis County Department of Highways and Traffic and the City of Chesterfield.

3. Improve Olive Street Road to one half of a sixty (60) foot right-of-way and a thirty-six (36) foot pavement with eight (8) foot shoulders and additional widening to provide a minimum thirty-three (33) foot wide road surface for a left turn lane with required tapers and including all storm drainage facilities (per St. Louis County Standard Drawing C203.68b) as directed by the Saint Louis County Department of Highways and Traffic and the City of Chesterfield.
4. Prior to Special Use Permit issuance by the Saint Louis County Department of Highways and Traffic, a special cash escrow or a special escrow supported by an Irrevocable Letter of Credit, must be established with the Saint Louis County Department of Highways and Traffic to guarantee completion of the required roadway improvements.

K. TRAFFIC STUDY

1. Provide a traffic study as directed by the City of Chesterfield and/or St. Louis County Department of Highways and Traffic. The scope of the study shall include internal and external circulation and may be limited to site specific impacts, such as the need for additional lanes, entrance configuration, geometrics, sight distance, traffic signal modifications or other improvements required, as long as the density of the proposed development falls within the parameters of the City's traffic model. Should the density be other than the density assumed in the model, regional issues shall be addressed as directed by the City of Chesterfield.

L. POWER OF REVIEW

The Mayor or a Councilmember of the Ward in which a development is proposed may request that the Site Development Plan be reviewed and approved by the entire City Council. This request must be made no later than 24 hours before posting the agenda for the next City Council meeting after Planning Commission review and approval of the Site Development Plan. The City Council will then take appropriate action relative to the proposal.

M. STORMWATER

1. The current Chesterfield Valley Master Storm Water Plan indicates a 15' flat bottom ditch, with 3:1 side slopes and a longitudinal slope of 0.13%, shall be constructed along the western property line of this site and that drainage from this site is to be directed to the west end reservoir. Due to the inherent nature of development, the specific size, location, and configuration of the storm water infrastructure associated with the Chesterfield Valley Master Storm Water Plan are conceptual in nature. The exact location, size, and type of each segment of storm water infrastructure are subject to change and are to be reviewed and approved in conjunction with the development of this specific

site. The developer shall be responsible for construction of the required storm water improvements and coordination with the owners of the properties affected by construction of the required improvements. In the event that the ultimate required improvements cannot be constructed concurrently with this development, the developer shall provide interim drainage facilities and establish sufficient escrows as guarantee of future construction of the required improvements, including removal of interim facilities. Interim facilities shall be sized to handle runoff from the 100-year, 24-hour storm event as produced by the Master Storm Water Plan model. The interim facilities shall provide positive drainage and may include a temporary pump station, if necessary. Interim facilities shall be removed promptly after the permanent storm water improvements are constructed.

The developer may elect to propose alternate geometry, size and/or type of storm sewer improvements that are functionally equivalent to the required improvements. Functional equivalence is said to be achieved when, as determined by the City of Chesterfield, the alternate proposal provides the same hydraulic function, connectivity, and system-wide benefits without adversely affecting any of the following: water surface profiles at any location outside the development; future capital expenditures; maintenance obligations; equipment needs; frequency of maintenance; and probability of malfunction. The City will consider, but is not obligated to accept, the developer's alternate plans. If the City determines that the developer's proposal may be functionally equivalent to the Chesterfield Valley Master Storm Water Plan improvements, hydraulic routing calculations will be performed to make a final determination of functional equivalence. The Director will consider the developer's proposal, but is not obligated to have the hydraulic analysis performed if any of the other criteria regarding functional equivalence will not be met. The hydraulic routing calculations regarding functional equivalence may be performed by a consultant retained by the City. The developer shall be responsible for all costs related to the work performed by the consultant.

2. Provide any additional Chesterfield Valley Storm Water Easements along the west property line as required and directed by the City of Chesterfield to accommodate the Chesterfield Valley Master Storm Water Plan improvements in those areas, and depict the channel(s) on the Site Development Plan and improvement plans. The maintenance of the required storm water/ditch system shall be the responsibility of the property owner(s).
3. All Chesterfield Valley Master Storm Water Plan improvements shall be operational prior to the paving of any driveways or parking areas, as directed by the City of Chesterfield.

4. The site shall provide for the positive drainage of storm water and it shall be discharged at an adequate natural discharge point or an adequate piped system.

N. GEOTECHNICAL REPORT

Prior to Site Development Plan approval, provide a geotechnical report, prepared by a registered professional engineer licensed to practice in the State of Missouri, as directed by the Department of Planning and Public Works. The report shall verify the suitability of grading and proposed improvements with soil and geologic conditions and address the existence of any potential sinkhole, ponds, dams, septic fields, etc., and recommendations for treatment. A statement of compliance, signed and sealed by the geotechnical engineer preparing the report, shall be included on all Site Development Plans and Improvement Plans.

O. MISCELLANEOUS

1. All utilities will be installed underground.
2. Screening of exterior storage of materials and/or equipment along Olive Street Road shall be depicted on the Site Development Plan and approved by the City of Chesterfield.
3. Outdoor storage shall be located only at the south end of the development within the site proof fence area as depicted on the preliminary plan.
4. The developer is advised that utility companies will require compensation for relocation of their facilities with public road right-of-way. Utility relocation cost shall not be considered as an allowable credit against the petitioner's traffic generation assessment contributions. The developer should also be aware of extensive delays in utility company relocation adjustments. Such delays will not constitute a cause to allow occupancy prior to completion of road improvements.

II. TIME PERIOD FOR SUBMITTAL OF SITE DEVELOPMENT CONCEPT PLANS AND SITE DEVELOPMENT PLANS

- A. The developer shall submit a concept plan within eighteen (18) months of City Council approval of the change of zoning.
- B. In lieu of submitting a Site Development Concept Plan and Site Development Section Plans, the petitioner may submit a Site Development Plan for the entire development within eighteen (18) months of the date of approval of the change of zoning by the City.

- C. Failure to comply with these submittal requirements will result in the expiration of the change of zoning and will require a new public hearing.
- D. Said Plan shall be submitted in accordance with the combined requirements for Site Development Section and Concept Plans. The submission of Amended Site Development Plans by sections of this project to the Planning Commission shall be permitted if this option is utilized.
- E. Where due cause is shown by the developer, this time interval for plan submittal may be extended through appeal to and approval by the Planning Commission.

III. COMMENCEMENT OF CONSTRUCTION

- A. Substantial construction shall commence within two (2) years of approval of the site development concept plan or site development plan, unless otherwise authorized by ordinance.
- B. Where due cause is shown by the developer, the Commission may extend the period to commence construction for not more than one additional year.

IV. GENERAL CRITERIA

A. SITE DEVELOPMENT CONCEPT PLAN.

1. Any site development concept plan shall show all information required on a preliminary plat as required in the City of Chesterfield Code.
2. Include a conceptual landscape plan in accordance with the City of Chesterfield Code to indicate proposed landscaping along arterial and collector roadways.
3. Include a lighting plan in accordance with the City of Chesterfield Code to indicate proposed lighting along arterial collector roadways.
4. Provide comments/approvals from the appropriate Fire District, the Metropolitan St. Louis Sewer District, the St. Louis County Department of Highways and Traffic, Monarch Chesterfield Levee District, Spirit of St. Louis Airport and the Missouri Department of Transportation.
5. Compliance with the current Metropolitan Sewer District Site Guidance as adopted by the City of Chesterfield.

B. SITE DEVELOPMENT PLAN SUBMITTAL REQUIREMENTS

The Site Development Plan shall include, but not be limited to, the following:

1. Location map, north arrow, and plan scale. The scale shall be no greater than one (1) inch equals one hundred (100) feet.
2. Outboundary plat and legal description of property.
3. Density calculations.
4. Parking calculations. Including calculation for all off street parking spaces, required and proposed, and the number, size and location for handicap designed.
5. Provide open space percentage for overall development including separate percentage for each lot on the plan.
6. Provide Floor Area Ratio (F.A.R.).
7. A note indicating all utilities will be installed underground.
8. A note indicating signage approval is separate process.
9. Depict the location of all buildings, size, including height and distance from adjacent property lines and proposed use.
10. Specific structure and parking setbacks along all roadways and property lines.
11. Indicate location of all existing and proposed freestanding monument signs.
12. Zoning district lines, subdivision name, lot number, dimensions, and area, and zoning of adjacent parcels where different than site.
13. Floodplain boundaries.
14. Depict existing and proposed improvements within 150 feet of the site as directed. Improvements include, but are not limited to, roadways, driveways and walkways adjacent to and across the street from the site, significant natural features, such as wooded areas and rock formations, and other karst features that are to remain or be removed.
15. Depict all existing and proposed easements and rights-of-way within 150 feet of the site and all existing or proposed off-site easements and rights-of-way required for proposed improvements.
16. Indicate the location of the proposed storm sewers, detention basins, sanitary sewers and connection(s) to the existing systems.

17. Depict existing and proposed contours at intervals of not more than one (1) foot, and extending 150 feet beyond the limits of the site as directed.
18. Address trees and landscaping in accordance with the City of Chesterfield Code.
19. Comply with all preliminary plat requirements of the City of Chesterfield Subdivision Regulations per the City of Chesterfield Code.
20. Signed and sealed in conformance with the State of Missouri Department of Economic Development, Division of Professional Registration, Missouri Board for Architects, Professional Engineers and Land Surveyors requirements.
21. Provide comments/approvals from the appropriate Fire District, the Metropolitan St. Louis Sewer District, Monarch Levee District, Spirit of St. Louis Airport and the Missouri Department of Transportation.
22. Compliance with Sky Exposure Plane.
23. Compliance with the current Metropolitan Sewer District Site Guidance as adopted by the City of Chesterfield.

C. SITE DEVELOPMENT SECTION PLAN SUBMITTAL REQUIREMENTS

The Site Development Section Plan shall adhere to the above criteria and to the following:

1. Location map, north arrow, and plan scale. The scale shall be no greater than one (1) inch equals one hundred (100) feet.
2. Parking calculations. Including calculation for all off street parking spaces, required and proposed, and the number, size and location for handicap designed.
3. Provide open space percentage for overall development including separate percentage for each lot on the plan.
4. Provide Floor Area Ratio (F.A.R.).
5. A note indicating all utilities will be installed underground.
6. A note indicating signage approval is separate process.
7. Depict the location of all buildings, size, including height and distance from adjacent property lines and proposed use.

8. Specific structure and parking setbacks along all roadways and property lines.
9. Indicate location of all existing and proposed freestanding monument signs.
10. Zoning district lines, subdivision name, lot number, dimensions, and area, and zoning of adjacent parcels where different than site.
11. Floodplain boundaries.
12. Depict existing and proposed improvements within 150 feet of the site as directed. Improvements include, but are not limited to, roadways, driveways and walkways adjacent to and across the street from the site, significant natural features, such as wooded areas and rock formations and other karst features, that are to remain or be removed.
13. Depict all existing and proposed easements and rights-of-way within 150 feet of the site and all existing or proposed off-site easements and rights-of-way required for proposed improvements.
14. Indicate the location of the proposed storm sewers, detention basins, sanitary sewers and connection(s) to the existing systems.
15. Depict existing and proposed contours at intervals of not more than one (1) foot, and extending 150 feet beyond the limits of the site as directed.
16. Address trees and landscaping in accordance with the City of Chesterfield Code.
17. Comply with all preliminary plat requirements of the City of Chesterfield Subdivision Regulations per the City of Chesterfield Code.
18. Signed and sealed in conformance with the State of Missouri Department of Economic Development, Division of Professional Registration, Missouri Board for Architects, Professional Engineers and Land Surveyors requirements.
19. Provide comments/approvals from the appropriate Fire District, the Metropolitan St. Louis Sewer District, Monarch Levee District, Spirit of St. Louis Airport, St. Louis Department of Highways and Traffic, and the Missouri Department of Transportation.
20. Compliance with Sky Exposure Plane.
21. Compliance with the current Metropolitan Sewer District Site Guidance as adopted by the City of Chesterfield.

V. TRUST FUND CONTRIBUTION

- A. The developer shall contribute a Traffic Generation Assessment (TGA) to the Chesterfield Valley Trust Fund (No. 556). This contribution shall not exceed an amount established by multiplying the required parking spaces by the following rate schedule:

<u>Type of Development</u>	<u>Required Contribution</u>
TGA Category	Contribution
General Office	\$575.04
General Retail	\$1,725.20
Loading Space	\$2,823.08

If types of development proposed differ from those listed, rates shall be provided by the Saint Louis County Department of Highways and Traffic.

Allowable credits for required roadway improvements will be awarded as directed by the Saint Louis County Department of Highways and Traffic and the City of Chesterfield. Sidewalk construction and utility relocation, among other items, are not considered allowable credits.

As this development is located within a trust fund area established by Saint Louis County, any portion of the traffic generation assessment contribution which remains following completion of road improvements required by the development should be retained in the appropriate trust fund.

Traffic generation assessment contributions shall be deposited with Saint Louis County prior to the issuance of building permits. If development phasing is anticipated, the developer shall provide the traffic generation assessment prior to issuance of building permits for each phase of development. Funds shall be payable to Treasurer, Saint Louis County.

Water Main

The primary water line contribution is based on gross acreage of the development land area. The contribution shall be a sum of \$693.85 per acre for the total area as approved on the Site Development Plan to be used solely to help defray the cost of construction the primary water line serving the Chesterfield Valley area.

The primary water line contribution shall be deposited with the Saint Louis County Department of Highways and Traffic. The deposit shall be made before Saint Louis County approval of the Site Development Plan unless otherwise directed by the Saint Louis County Department of Highways and Traffic. Funds shall be payable to the Treasurer, Saint Louis County.

Stormwater

The stormwater contribution is based on gross acreage of the development land area. These funds are necessary to help defray the cost of engineering and construction improvements for the collection and disposal of storm water from the Chesterfield Valley in accordance with the Master Plan on file with and jointly approved by Saint Louis County and the Metropolitan Saint Louis Sewer District. The amount of the storm water contribution will be computed based on \$2,201.47 per acre for the total areas as approved on the Site Development Plan. The storm water contributions to the Trust Fund shall be deposited with the Saint Louis County Department of Highways and Traffic. The deposit shall be made before the issuance of a Special Use Permit (S.U.P.) by Saint Louis County Department of Highways and Traffic or before the issuance of building permits in the case where no Special Use Permit is required. Funds shall be payable to Treasurer, Saint Louis County.

Sanitary Sewer

The sanitary sewer contribution is collected as the Caulks Creek impact fee.

The sanitary sewer contribution within Chesterfield Valley area shall be deposited with the Metropolitan St. Louis Sewer District as required by the District.

The amount of these required contributions for the roadway, storm water and primary water line improvements, if not submitted by January 1, 2010, shall be adjusted on that date and on the first day of January in each succeeding year thereafter in accordance with the construction cost index as determined by the Saint Louis County Department of Highways and Traffic.

VI. RECORDING

Within 60 days of approval of any development plan by the City of Chesterfield, the approved Plan will be recorded with the St. Louis County Recorder of Deeds. Failure to do so will result in the expiration of approval of said plan and require re-approval of a plan by the Planning Commission.

VII. ENFORCEMENT

- A. The City of Chesterfield, Missouri will enforce the conditions of this ordinance in accordance with the Plan approved by the City of Chesterfield and the terms of this Attachment A.
- B. Failure to comply with any or all the conditions of this ordinance will be adequate cause for revocation of approvals/permits by reviewing Departments and Commissions.

- C. Non-compliance with the specific requirements and conditions set forth in this Ordinance and its attached conditions or other Ordinances of the City of Chesterfield shall constitute an ordinance violation, subject, but not limited to, the penalty provisions as set forth in the City of Chesterfield Code.
- D. Waiver of Notice of Violation per the City of Chesterfield Code.
- E. This document shall be read as a whole and any inconsistency to be integrated to carry out the overall intent of this Attachment A.
