

Memorandum

Department of Planning and Public Works

DATE: November 15, 2010

TO: Mike Herring, CA

FROM: Mike Geisel, DPW\CE

SUBJECT: Emergency Siren upgrades

As you are aware, St. Louis County is working with public agencies and emergency responders throughout the County to upgrade and enhance the emergency notification system. This system consists of radio controlled emergency notification devices with voice and siren capabilities which are strategically placed around the area to notify residents of an emergency. Most notably, these sirens are used as part of the severe weather alarm system, but have other applications.

Attached is the Cooperation Agreement for Emergency Communications System, which basically allows for St. Louis County to use existing easements and City rights-of-ways to upgrade and place additional communication towers. This system includes radio communication towers, antennas, emergency alert sirens and other facilities. St. Louis County has designed the system to be able to provide a notification at a volume of at least 70 decibels, or a minimum of 9 decibels above the background noise levels, such that all persons would have a reasonable expectation of hearing the alarms. At the source, the sirens are designed to output a signal at 129 decibels.

Under the proposed design, eight existing towers are to be removed within the City. There are 11 new or upgraded towers, four of which are proposed on City of Chesterfield Right-of-Way.

Accordingly, Staff has prepared the attached ordinance to be considered by the Planning and Public Works Committee, and subsequently by the full City Council.

With your concurrence, I recommend that the attached Cooperation Agreement and associated ordinance be forwarded to the Planning and Public Works Committee for consideration, and subsequently to City Council for approval.

of d 0800)

If you desire additional information or want to discuss this further, let me know.

Cc Ray Johnson, Chief of Police

September 14, 2010

Mr. Michael G. Herring City Administrator City of Chesterfield 690 Chesterfield Parkway West Chesterfield, MO 63017

Dear Mr. Herring:

Enclosed please find six copies of an Agreement between City of Chesterfield and St. Louis County for the installation, access, and maintenance of Emergency Communication System tower within the City of Chesterfield's jurisdiction. Also enclosed are details of the units, maps of proposed siren locations, GIS map showing the location of sirens within your city-limits, and a map of existing sirens scheduled to be removed.

Please have the documents signed and call me at 314-615-8563 when they are ready to be picked up. Once the returned Agreements are fully executed by the St. Louis County officials, I will return two originals for your files.

Sincerely

August F. Heck, Jr. P.E.

North/West Area Engineer

COOPERATION AGREEMENT EMERGENCY COMMUNICATIONS SYSTEM

d

THIS AGREEMENT, Made and entered into this day of,	2010, by and
between ST. LOUIS COUNTY, MISSOURI, hereinafter referred to as "County"; and City of	Chesterfield,
hereinafter referred to as "City";	
WITNESSETH:	
WHEREAS, County intends to construct and maintain a county-wide	Emergency
Communications System ("the System"), which will provide communications links that permi	t participating
governmental entities, including City, to communicate within the geographic boundaries of	f County and
potentially beyond the region;	
WHEREAS, the System will include radio communication towers, antennas, eme	ergency alert
sirens and other facilities ("the Facilities") located on property owned by participating of	jovernmental
entities, including City;	
WHEREAS, in order to accomplish the upgrade of the emergency alert component of	f the System,
the County will replace and, in many cases, relocate existing sirens;	
WHEREAS, in order to accomplish the build out of the radio backbone component of	the System,
the County will install base stations, antenna(s), cabling and wiring and related equ	ipment and
accessories;	
WHEREAS, City is willing to allow County to construct, remove, relocate, repair, r	naintain and
operate the Facilities, upon, over, under, and across certain portions of real property (including	easements)
owned by City, as depicted on Exhibit A, attached hereto and incorporated by reference ("th	e Property"),
subject to the conditions and covenants hereinafter set forth; and	
WHEREAS, CITY is authorized to enter into this Contract by Ordinance No.	, and
COUNTY is authorized to enter into this Contract by Ordinance No. 24358;	

NOW THEREFORE, for and in consideration of the sum of One and No/100ths Dollars (\$1.00) and of the covenants and provisions hereinafter set forth to be kept and performed by County, City does hereby permit the use by County to construct, remove, relocate, repair, maintain and operate the Facilities as described above, in, upon, over, under, and across portions of the Property as described above and to use

such additional space adjacent to the Property as may be required for working room; subject to all deeds, easements, mortgages, restrictions, or encumbrances of record.

This grant is subject to the following terms and conditions:

- 1. The Facilities shall be and become an integral part of the Emergency Communications

 System of County, which will be used by City and other participating governmental entities to communicate within the geographic boundaries of County and potentially beyond the region.
- All charges for work and materials supplied in connection with construction, removal, relocation, repair and maintenance of said Facilities shall be borne by County and County shall hold City's property harmless from any liens or encumbrances arising there from.
- 3. County shall be responsible for securing, at its sole expense, any and all permits, licenses and other necessary government approvals.
- 4. Any notice, request, complaint, demand or other communication required by this Agreement to be given to or filed with County or City, shall be in writing and shall be given or filed in the manner and at the addresses specified below.

Saint Louis County Department of Highways and Traffic 121 S. Meramec Avenue St. Louis, Mo. 63105

City of Chesterfield 690 Chesterfield Parkway West Chesterfield, Mo. 63017

- 5. This grant shall run with the land and shall be binding upon the parties hereto, and their successors and assigns. Neither party may mortgage or otherwise assign its right under this Agreement without the written consent of the other, which shall not be unreasonably withheld or delayed.
- 6. This Agreement may be amended, changed, modified, altered or terminated only by written agreement of County and City.

7. In the event that any actions or proceedings are initiated with respect to this agreement, the parties agree that the venue thereof shall be St. Louis County, Missouri, and that this agreement shall be governed by the laws of the State of Missouri.

IN WITNESS WHEREOF, the parties hereto have executed these presents on the day and year first above mentioned.
