RE: Financial Update

---

The following is a brief update of City finances through May 20, 2019.

These statements are being prepared on a cash basis.

The Pooled Sales Tax collections for the general fund for the year are \$2,752,927, which is down 5.31% when compared with collections at this same time last year. These Pooled Sales Tax Revenues trailing the 2019 budget expectations by 1.5% (\$41k) on the cash basis to date, based upon average collections. Pooled sales tax collections have oscillated back and forth when compared with last year's collections, and for the second month in a row have underperformed by greater than 2%, when compared with the budget.

Public Safety receipts (Prop P) of \$1,071,457 and now exceed year to date budget expectations by 6.2% (on the cash basis).

Capital and Parks Sales tax collections for the year totaled \$2,335,010 and \$2,747,071, respectively. These revenues are down 3.26% compared with this year's budget, with each of them 5.74% under last year's collections. Parks and Capital tax collection have underperformed the budget by greater than 2% for two months in a row, however, the collections are more consistently down than pooled collections, and have underperformed the budget each month thus far. As a reminder Parks and Capital Sales taxes are generated on Chesterfield businesses and the Chesterfield Mall is the primary driver for this consistently underperforming revenues.

Expenditure in all departments are in line with expectations, when seasonality is considered. Transfers in the Capital Fund are at 100%, as the debt service transfer for the year is now completed.

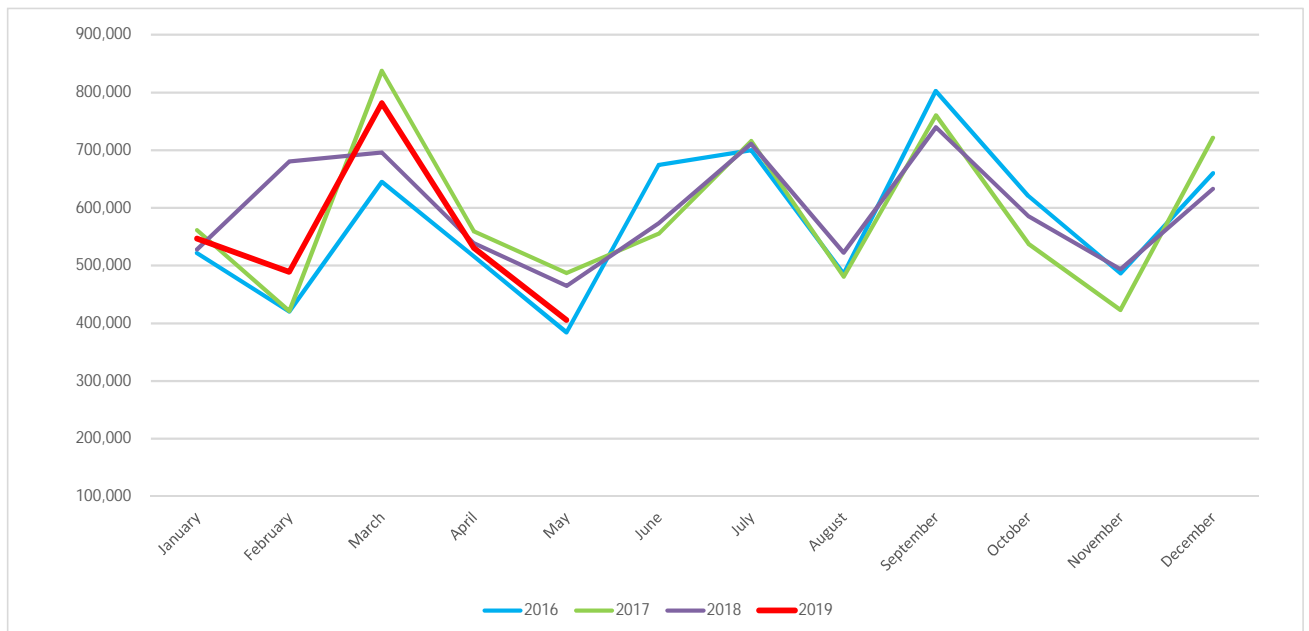

The following schedules are attached for your convenience and reference:

- Fund Statements – General, Public Safety, Parks and Capital
- Revenue charts

Please let me know if you have any questions or would like additional information.
