# Calendar of Main Jewish Religious Observances and Resource Guide

**This calendar and resource guide** is designed to encourage public awareness of Jewish religious observances. We hope that it will help administrators and teachers avoid scheduling examinations, special day or night programs, and graduation ceremonies at times that conflict with Jewish observances. There is wide variation of religious Jewish practices. Therefore, some students and staff members will be absent while others might not. Please note that all Jewish religious observances begin at sunset the preceding evening and end at nightfall, approximately one hour after sunset. **The Jewish calendar** is a lunar/solar calendar; therefore, the dates of these holy days, festivals, and days of remembrance will vary from year to year. Even though the dates of the Jewish religious observances will be different each year, they will always be observed in the same season. The Jewish Sabbath (Shabbat) begins each week on Friday at sunset and ends Saturday at nightfall (approximately one hour after sunset). Traditionally observant Jews will refrain from school, work and many activities.

## Fall Observances

**Rosh Hashanah (Jewish New Year)** This two-day observance marks the beginning of the holiest time of the year for Jews. ***School or work will be missed on these holy days and nights.***

**Yom Kippur (Day Of Atonement)** This is the most solemn day of the Jewish year and signals the end of the Ten Days of Penitence. It is devoted to fasting, prayer, and synagogue services. ***School or work will be missed on this holy day and night.***

**Sukkot (Feast of Tabernacles)** Sukkot is a harvest festival of thanksgiving. To commemorate the dwellings of the ancient Israelites during the harvest, many families build temporary huts (Sukkot) in which they eat and even sleep. *School or work might be missed by some for the first two days and nights.*

**Shemini Atzeret** The “eighth day of assembly” is a religious observance at the conclusion of Sukkot. *School or work might be missed by some.*

**Simchat Torah** Celebrates the conclusion of the year-long cycle of reading the Torah (the five books of Moses) and the beginning of a new cycle and marks the end of the fall season of special religious observances. *School or work might be missed by some.*

## Winter Observances

**Chanukah (Festival of Lights)** This eight-day observance is a celebration of religious freedom and commemorates the re-dedication of the Temple in Jerusalem in 165 B.C.E. Families celebrate in their homes by lighting candles for eight nights, exchanging gifts and eating special foods. *No school or work is missed.*

**Purim (Feast of Lots)** Based on the biblical Book of Esther (The Megillah), Purim celebrates the foiling of a plot to kill the Jews in ancient Persia. A ritual of Purim is to read the story from The Megillah of how Esther and Mordecai prevented Haman from exterminating the Jews. *School activities might be missed by those who attend synagogue for the evening observance of Purim*

## Spring Observances

**Pesach (Passover)** This eight-day festival of freedom celebrates the deliverance of the ancient Israelites from Egyptian bondage. Families gather for a traditional meal, or Seder, on the first two nights, when the story is retold and symbolic foods are eaten. Many students will eat matzo instead of bread, and other dietary restrictions may be observed. ***School or work might be missed by some for the first two and last two days and nights of this observance.***

**Shavuot (Festival of Weeks)** Coming in late Spring, this two-day observance celebrates the giving of the Torah (the Five Books of Moses) on Mount Sinai, and commemorates ancient Israel’s acceptance of the Torah and its obligations. ***School or work might be missed by some; please take note when scheduling commencement ceremonies.***
