STAFF PRESENTATION:

Planner Alyssa Ahner gave a PowerPoint presentation showing photographs of the site and surrounding area. Ms. Ahner then provided the following information about the subject site:

Request Summary

The petitioner is requesting one additional use and a revision to the open space language.

Site History

The subject site was zoned “NU” Non-Urban prior to the City’s incorporation, and then rezoned to “PC” Planned Commercial District in 2017. The current governing Ordinance 3082 was approved in 2020 followed by a record plat for TSG Chesterfield Airport Road, as well as a Site Development Section Plan. An Amended Site Development Section Plan was approved for Lot A, Jaguar Land Rover, in 2021.

Comprehensive Plan

The Comprehensive Plan’s Land Use Plan shows the site as falling within the *Regional Commercial* use designation, which is characterized as areas that serve regional commercial needs and draw visitors from both Chesterfield and the surrounding areas.

Request #1

The petitioner is requesting to add **Car Wash** as a permitted use. It was noted that the current governing ordinance has 40 permitted uses.

Request #2

The petitioner is requesting to revise the language in Ordinance 3082 pertaining to **Open Space**, as follows: (*revisions shown in red*)

A minimum of thirty-five percent (35%) is required for ~~this development~~
each lot.

Preliminary Development Plan

The Preliminary Development Plan shows the proposed location of the car wash.

Discussion

Commissioner Marino asked that the permitted uses under governing Ordinance 3082 be provided at the next meeting concerning this petition.

PETITIONER’S PRESENTATION:

1. Mr. George Stock, Stock & Associates Consulting Engineers, 257 Chesterfield Business Parkway, Chesterfield, MO.
2. Mr. Todd Buckner, Tifton Car Wash LLC, 621 Ponte Vedra Boulevard, Ponte Vedra Beach, FL – available for questions

Mr. Stock stated that he is representing TSG Chesterfield Airport Road LLC, the Staenberg Group, and Tifton Car Wash LLC.

They are requesting two modifications: (1) the additional permitted use of *car wash*; and (2) a revision to the *open space* language. He explained that historically *open space* has been measured on each lot within the development vs. across the entire 13-acre parcel.

Discussion

Chair Tilman asked that the Petitioner review the list of 40 permitted uses to determine if any can be eliminated. Mr. Stock pointed out that there are still two lots remaining to be developed within the complex, and indicated that he will work with the owner (The Staenberg Group) and Staff on possibly reducing the number of uses.

With respect to the *open space* modification request, Chair Tilman asked for confirmation that the modification will not impact other lots previously approved within the development. Mr. Stock confirmed that the modification request will not affect previously-approved lots.
