- A. P.Z. 07-2022 300 N. Eatherton (Follmer Real Estate, LLC.):** A request for a zoning map amendment to incorporate 3 acres of land zoned "NU" Non-Urban District and 2 acres of land zoned "PI" Planned Industrial District into a new "PI" Planned Industrial District.

**STAFF PRESENTATION:**

Planner Alyssa Ahner gave a PowerPoint presentation showing photographs of the site and surrounding area. Ms. Ahner then provided the following information about the subject site:

### **Request Summary**

The request is for a zoning map amendment to incorporate three acres of land zoned “NU” Non-Urban District and two acres of land zoned “PI” Planned Industrial District into a new “PI” Planned Industrial District. Once the two parcels are combined, the adjusted lot will be 5.393 acres in size.

The petitioner is also requesting that the new “PI” Planned Industrial District share the same development criteria as the current governing Ordinance 3081.

### **Site History**

The site was zoned “NU” Non-Urban prior to the City’s incorporation, and then rezoned to “PI” Planned Industrial in 2012 in conjunction with a Boundary Adjustment Plat being filed. A Site Development Plan was approved in 2018. In 2019, the property owner acquired an additional acre of land. The parcels were consolidated through a Boundary Adjustment Plat and rezoned to “PI” Planned Industrial under the current governing ordinance.

### **Comprehensive Plan**

The Comprehensive Plan’s Land Use Plan shows the site as falling within the *Industrial* use designation, which is characterized as areas that generally support manufacturing and production uses, including warehousing, distribution, light manufacturing, airport support businesses, and assembly operations. They are found in close proximity to major transportation corridors and are generally buffered from surrounding development by transitional uses or landscaped areas that shield the view of structures, loading docks, or outdoor storage from adjacent properties.

### **Development Criteria**

The applicant is requesting that the additional acreage share the same development criteria as the land currently owned along Eatherton Road. Governing Ordinance 3081 includes the following development criteria:

- Permitted Uses
  - a. Cultivation and sale of plant crops, commercial vegetable and flower gardening, as well as plant nurseries and greenhouses.
  - b. Yard for storage of contractors’ equipment, materials, and supplies.
- Hours of Operation

Hours of operation for this “PI” Planned Industrial District shall not be restricted.

It was noted that all building requirements including open space, floor area ratio, structure setbacks, and parking setbacks are to be the same as Ordinance 3081.

### **PETITIONER**

Mr. Jeff Atkins, Volz Incorporated, 10849 Indian Head Industrial Boulevard, St. Louis, MO – stated he was available for questions.

Commissioner Choate inquired as to whether *cultivation of crops* is currently occurring on the property, and whether crops would be grown on the newly-acquired acreage. Mr. Atkins responded that the applicant does not intend to cultivate any crops. The site is primarily used for equipment storage for the owner’s landscaping business.

Commissioner Marino pointed out that adequate screening of equipment will be required at the Site Plan stage.
