## Discussion

Commissioner Marino asked for information about plans for sidewalks. Mr. Justin Wyse, Director of Planning, stated that the subsequent Site Development Plan would include details about pedestrian connectivity.

Commissioner Chohan asked for clarification about access to the site. Mr. Wyse explained that there are two existing access points off Chesterfield Airport Road - (1) on the east side of the property, which allows access to the hotel and ice rink; and (2) in the middle of the site, which is used as the main entrance to the hotel. It was also noted that the Attachment A for this petition includes the following language restricting future access from Chesterfield Airport Road:

*Upon connection of the Olive Street Road extension from Chesterfield Airport Road to the west or to Spirit of St. Louis Boulevard to the east, the internal access road between Chesterfield Airport Road and the Olive Street Road extension shall be restricted at either its northern (south side of Olive Street Road) or southern access point (north side of Chesterfield Airport Road).*
