Figure 3: Zoning Map

COMPREHENSIVE PLAN

The City of Chesterfield Comprehensive Land Use Plan indicates the subject site as being part of the Suburban Neighborhood land use designation. The City of Chesterfield provides a character description of this designation as, "Land typically developed as a neighborhood for single-family detached homes with uniform housing densities. Buildings are oriented interior to the site and typically buffered from surrounding development by transitional uses, topography, preserved open space, or landscape areas. Many neighborhoods borrow open space from adjacent rural or natural settings, which means adjacent trees, pastures, etc. Homes vary in sizes and streets are suburban in character". The development policies for Suburban Neighborhood are listed below:

- Encourage preservation of existing residential neighborhood's identity
- New residential development should reinforce existing residential development patterns by continuing to reinforce high quality site and subdivision design, layout, and planning practices
- Uncover the anticipated expense (cost of municipal infrastructure) for each new or re-developed residential development

STAFF ANALYSIS

The current zoning of the subject site is "NU" Non-Urban District which is a zoning classification left over from St. Louis County prior to incorporation. Per the Non-Urban regulations, "No new lots shall be created of less than three (3) acres in area...". The primary use of the four-acre subject site is one (1) dwelling, single-family. The four-acre parcel cannot be subdivided further for additional dwellings without being rezoned.

The applicant is requesting rezoning the site from "NU" Non-Urban to "R3" Residence District. The "R3" Residence District allows the following uses listed below. Due to the 4-acre size of the subject site, only the uses highlighted in yellow would apply.

Use	Minimum Lot Area
Cemetery or mortuary	3 acres
Churches and other places of worship	3 acres
Day-care center	30,000 square feet
Dwelling, single-family	10,000 square feet
Group home	15,000 square feet
Group residential facility	3 acres
Library	1 acre
Educational facilities	
Nursery school	15,000 square feet
Kindergarten	1 acre
Primary	5 acres
Junior high	10 acres
Senior high	20 acres
Collegiate	10 acres
Public utility facility	10,000 square feet
All other non-residential uses	5 acres

Figure 4: R3 Zoning District Use Table

The following regulations apply to the dwelling, single-family use for the R3 District:

Minimum Lot Size:	10,000 square feet
Maximum Height:	3 stories or 45 feet
Frontyard Setback:	20 feet (from ROW)
Sideyard Setback:	8 feet (from property line)
Rearyard Setback:	15 feet (from property line)
Landscape Buffer:	30 ft along Kehrs Mill, 20 ft between residential developments

While a preliminary development plan is not required for conventional zoning district, it should be noted that future access from Kehrs Mill Road would not be allowed. Access shall be granted via Terrimill Terrace road connection as shown in red in Figure 5.

SUMMARY

A zoning map amendment to a conventional zoning district does not require a Preliminary Development Plan. A Public Hearing further addressing the request will be held at the May 8, 2023 City of Chesterfield Planning Commission meeting. Attached, please find a copy of the Public Hearing Notice, Applicant Narrative Statement, Survey, and Tree Stand Delineation.
