COMMUNICATIONS AND PETITIONS

Mr. Dave Oslica, who resides at 1116 Amber Glen, St. Peters, MO, represented the Missouri Trappers Association and expressed opposition to Bill #698 with regard that the legislation is too restrictive.

Mr. Jim Breckenridge, who resides at 324 Stonecrest Court, expressed his desire to see the City Center project move forward in the direction of acquiring the proposed land for greenspace for the City of Chesterfield's parks inventory. Councilmember Politte responded by saying that he would encourage the Parks, Recreation and Arts Citizens Advisory Committee to take in lead in suggesting that plans begin to be developed for a parks system. Councilmember Hrabko responded by saying that he has requested that Mayor Leonard put the City Center project on the agenda for discussion at the next Council meeting, August 17, 1992. Councilmember Hrabko questioned Mr. Breckenridge with regard to his initial opposition to the project. Mr. Breckenridge responded by saying that he, as well as many other residents, believed the project was trying to do "too much, too soon". He also commented that from his perspective there was no opposition to the Government Center being located on this property and that the land, as a park, lends itself in the future for individual considerations of many amenities. Councilmember Levinson questioned Mr. Breckenridge as to whether this piece of property is the only parcel of land, or should there be other property to be considered for the City Center project, and if a bond issue was needed, would he be supportive of additional taxes. Mr. Breckenridge responded by saying that at the June 25 Public Meeting he attended no dollar value was placed on the land at that time. He went on to say that since the City is so large that in addition to this central park, smaller parks were also needed, that he would be supportive of a bond issue for this purpose.

Mr. Randy Alaniz, who resides at #30 Steeple Hill Lane, Ballwin, MO, expressed his concerns with regard to the Clayton Road Annexation. Mr. Alaniz acknowledged that the Chesterfield City Council had reaffirmed its policy not to annex south of Clayton Road; however, City officials continue to attend these annexation meetings. Mr. Alaniz stated that the majority of the residents in this area prefer to be annexed by Ballwin. Mr. Alaniz would request that since Chesterfield was not interested in annexing the area, then they should not have representation at the annexation meetings.

Mr. George W. Sabre, who resides at 40 Forestvale Drive, expressed his opinions with regard to locating the Government Center in Chesterfield Village and his concerns with the Metropolitan Sewer District (MSD).
