This area will include the institutions of United Hebrew, Maryville College and St. Luke's Hospital, as well as the surrounding residential areas. Mr. Herring next reported that since Bill #507 had been placed on the agenda, voluntary annexation petitions have been received by Maryville College, St. Luke's Hospital and United Hebrew Congregation. A press release regarding this voluntary annexation was distributed earlier to members of the press (See Attachment B). In accordance with State law, a Public Hearing has been scheduled for October 15, 1990, at 6:30 P.M. in the Council Chambers to allow the petitioners to explain to the Mayor and Council their desire to become part of our City. For fourteen (14) days following the Public Hearing, citizens of Chesterfield will have the opportunity to express their comments concerning these voluntary annexation petitions. A copy of these amendments has been sent to the Planning Commission.

This policy is in line with a similar policy enforced by the St. Louis County Highway Department. that the police officer hiring process has been completed and the Police Department now has fifty-six (56) officers.

Councilmember Hurt next reported that due to the fact that many businesses may not be aware of the City's sign requirements/restrictions, the Committee unanimously recommended that City Council authorize Mr. Herring to send a letter to all businesses located within the City of Chesterfield advising them of the sign ordinance and the restrictions contained therein. In addition, the letter is to state that no signs can be erected without a permit obtained from the Department of Planning/Economic Development.

REPORT OF THE CITY ADMINISTRATOR

City Attorney Beach stated that State statutes require that anyone seeking to bring a claim of damages against the City of Chesterfield, (3rd Class City), must give the City notice of their intent to file a lawsuit within ninety (90) days. This requirement has been enforced by the City's insurance claims administrators. It has been recommended by them, however, that this provision also be stated within our own ordinances. City Attorney Beach has drafted such an ordinance, which parrots the State statutes.

video presentations in the Chambers. It has been recommended by Director of Planning/Economic Development Jerry duepner and City Clerk Marty DeMay that a contract be entered into with Sachs Properties to place five (5) rows of lights in the Council Chambers on one switch and the other two (2) rows on another switch. Estimated cost for this project will not exceed \$1,000.00. Finance Director Jan Kluba indicates there are sufficient funds to do the rewiring project via an intradepartmental transfer from Miscellaneous Contractual Services Account to the Professional Services, Buildings and Grounds Account.
