Chairman Erin brought the meeting to order at 5:30.

COMMITTEE REPORTS:

Ann announced that she will be speaking at the Chesterfield Community Center on April 11 at 10:00 on a new topic, Stories of Early Settlers.

Erin gave a review of her talk at the Bonhomme Old Stone Church. She noted that much of Chesterfield's recent history has not been written down.

UNFINISHED BUSINESS:

Erin gave a follow-up to our January meeting decisions on the Old House at Hog Hollow. The Chesterfield Planning Department held a Public Hearing on February 21 concerning the Old House Site plan which was passed and the requested zoning change to Commercial which was unanimously defeated.

Merrell Hansen described the use of the Chesterfield Comprehensive Plan which has set this area of Olive as a residential area, in guiding the Planning Commission vote.

Erin encouraged all of us to give ideas on what policies and duties the CHLPC should do. She will be conferring with Mary Ann and Justin this week about the topic.

NEW BUSINESS:

The members looked through a 10 year-old list of CHLPC Places of Interest that was passed out at the January CHLPC Meeting. We all were encouraged to note other places that could be added to an up-dated list. We will get advice from Lauren Strutman on other possible entries.

We also reviewed a list from 2014 of old Chesterfield Subdivisions. Erin noted that several of the older subdivisions now no longer existed.

Lynne announced that the Westland Acres area off Wildhorse Creek Road is celebrating a Centennial. The area is split between Wildwood and Chesterfield.

DeeAnn gave an historical background of the area.

Lynne announced the Grand Re-Opening of the reconstructed African Schoolhouse #4 in Faust Park on March 25 at 1:00PM.

Lynne also displayed a copy of Wildwood's Historic Commission's History Tours Map.

Jack moved and Mike seconded that the meeting be adjourned at 6:45.
