VI. PUBLIC COMMENT

A. Gateway Studios, Lot 1A Sign Package:

Representing the Petitioner – available for questions:

1. Joe Phillips, Piros Signs Inc, 1818 Old State Road M, Barnhardt, MO

DISCUSSION

Chair Tilman raised questions about the one (1) oversized monument sign, specifically regarding the benefits of the additional 12 inches in height. Mr. Joe Phillips explained that the extra height is necessary to accommodate an arrow at the bottom of the sign. Raising the sign by 12 inches allows for these additions, which are intended to guide visitors to the main entrance of the site, located off Spirit of St. Louis Boulevard.

Mr. Tilman inquired whether it would be possible to include all directional content on the sign if it remains restricted to a height of six (6) feet. Mr. Phillips responded that the current design, which includes additional height, allows for the entrance sign and directional elements. Limiting the sign to six (6) feet might restrict the ability to display all necessary information.

B. Summit Topgolf, Lot C1:

Representing the Petitioner – available for questions:

1. Frank Shahdari, Licket Architecture, 16200 Midland Dr, Shawnee KS
2. Scott Vasko, 1911 Spillman Dr, Bethlehem PA

VII. SITE PLANS, BUILDING ELEVATIONS, PLATS, AND SIGNS

- A. Gateway Studios, Lot 1A Sign Package:** A sign package for Gateway Studios subdivision located on a 30.08-acre tract of land located north of Chesterfield Airport Road and east of Spirit of St. Louis Blvd., zoned “PC”-Planned Commercial District.

Commissioner Staniforth, representing the Site Plan Committee, made a motion recommending approval of the sign package for Gateway Studios, Lot 1A Sign Package. The motion was seconded by Commissioner Marino.

DISCUSSION

Commissioner Marino expressed that he had no objections to the arrow, but would prefer to have it positioned underneath the sign rather than reducing the size of the content. Commissioner Bilgram added that he has no issues with the sign and the large arrow would be helpful when directing people who are unfamiliar with the area.

Chair Tilman questioned whether the sign design must deviate from standard signage rules and if it is necessary to increase the sign’s height by 12 inches. He added that there seems to be no compelling reason for the additional height. Commissioner Staniforth agreed with Chair Tilman, suggesting that the sign should comply with the sign package standards.

Commissioner Staniforth made a motion to amend the motion so that the proposed criteria for the Monument Signage be amended to maintain that such sign shall be 100

square feet in area and not exceed six (6) feet in height. The motion was seconded by Commissioner Midgley.
