---

June 12, 2013

To the Honorable Mayor, Members  
of the City Council, and Citizens  
of the City of Chesterfield, Missouri:

State law and local ordinances require that all general-purpose local governments publish a complete set of financial statements presented in conformance with U.S. generally accepted accounting principles (GAAP) and audited in accordance with U.S. generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report (CAFR) of the City of Chesterfield, Missouri (the City) for the fiscal year ended December 31, 2012. This year's CAFR is the tenth year that the City has presented its financial statements under the new reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. The format and purpose of these changes are addressed in the Management Discussion and Analysis (MD&A).

Management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformance with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Daniel Jones & Associates, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the City for the year ended December 31, 2012 are free of material misstatement. The independent audit involved: examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall basic financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis

for rendering an unqualified opinion that the City's financial statements for the fiscal year ended December 31, 2012 are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of MD&A. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditors' report.

## **Profile of the City**

The City is located on the western edge of St. Louis County. The City currently occupies a land area of 32 square miles and serves a population of 47,484 residents. The City enjoys a balance of residential neighborhoods and concentrated retail centers including a regional shopping center and one of the largest retail power centers in the county known as Chesterfield Commons.

The City was incorporated under Missouri law as a third class city on June 1, 1988 and has operated under a mayor/council/administrator form of government since that time. Policy-making and legislative authority are vested in a governing council consisting of the Mayor and eight City Council members. The City Council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City Administrator, City Attorney, Judge, and Prosecuting Attorney. The City Administrator is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the City and for appointing the heads of the various departments. The City Council is elected on a non-partisan basis. Council members serve two-year staggered terms, with four Council members elected each year. The Mayor is elected at-large to serve a four-year term. The City provides a full range of municipal services. These services include legislative, administrative, police services, judicial, planning, public works, and parks and recreation.

The annual budget serves as the foundation for the City's financial planning and control. All departments of the City are required to submit requests for appropriation to the Finance Director each year. At the direction of the City Administrator, the Finance Director uses those requests as the starting point for developing a rough draft of the proposed budget. The City Administrator then interacts with all Department Heads to review/discuss those initial requests and to review revenue projections with the Finance Director. The City Administrator is ultimately responsible for completing the proposed budget and forwarding same to the Mayor and City Council, for discussion and ultimate approval. The City Council is required to hold a public hearing on the proposed budget and to adopt a final budget no later than December 31, the close of the City's fiscal year. The appropriated budget is prepared by fund and department. Department heads may make transfers of appropriations within a department for amounts up to twenty-five hundred dollars (\$2,500.00) with prior approval by the Finance Director. Transfers within departmental budgets ranging from twenty-five hundred dollars (\$2,500.00) to five thousand dollars (\$5,000.00) can be made with prior approval by the Finance Director and City Administrator. Transfers within departmental budgets over five thousand dollars (\$5,000.00) may be made only with prior approval of a majority of the City Council. Transfers of appropriations between departments, however, require the special approval of the City Council. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriate annual budget has been adopted. For the General Fund, this comparison is presented beginning on page 43 as required supplementary information. For governmental funds, other than the General Fund, with appropriated annual budgets, comparisons for major Special Revenue Funds are found in required supplementary information which begins on page 46 and comparisons for the

budgeted nonmajor Special Revenue and Debt Service Funds are found in other supplementary information which begins on page 54.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

**Local Economy.** The City has a thriving business community and has established a business district convenient to both the City of St. Louis, Missouri to the east and St. Charles County to the west. Continuing improvements of I-64/Hwy-40 assure the City greater opportunity for growth, enhancing its accessibility to downtown St. Louis, Missouri.

The City also has a strong retail base with Chesterfield Mall, one of the largest suburban shopping centers in the metropolitan St. Louis area, and a diversity of shops and restaurants in neighboring shopping centers. Chesterfield Mall now has over 1.9 million square feet of enclosed suburban shopping space, including three anchor stores (Dillard's, Macy's and Sears), over ten franchised restaurants, and more than 145 boutiques, shops, stores, and services. American Girl has opened their first and only Missouri store at the Chesterfield Mall.

The City anticipates the opening of two outlet malls in August of 2013. St. Louis Premium Outlets, a partnership between Simon Property Group & Woodmont Outlets, states that they are currently 80% pre-leased with stores such as Sak's Off 5th, Cole Haan, Nike, Eli Tahari & Brooks Brothers for their first phase of 85 stores in 350,000 sq. ft. of space. Taubman Prestige Outlets, with 310,000 sq. ft. of space, opening with announced tenants such as Gap Outlet, J. Crew Factory, Anne Fontaine, Lucky Brand Jeans, Thomas Sabo and Mikino/Mikino Men's. While both developers acknowledge that two projects will fragment the market, they still feel the returns will be attractive. We also know that as many as 70% of shoppers will come from outside the typical trade area to shop these stores and will be first time visitors to Chesterfield.

Making a dramatic comeback from the flood of 1993, the City's western corridor, referred to as Chesterfield Valley, has expanded significantly over the last several years with retail, light industrial, and office/warehouse facilities. Two large commercial projects, Chesterfield Commons (2,000,000 square feet of retail) and Chesterfield Groves (186,000 square feet of mixed use) have been completed or are currently being completed in Chesterfield Valley. Wal-Mart, Target, World Market, Lowe's Home Improvement Center, Sam's Club, Office Max, Michael's, PetSmart, HH Greg, Best Buy, Red Robin, LongHorn Steakhouse, Subway, Babies 'R Us, Red Lobster, St. Louis Bread Company, Olive Garden, O'Charley's, Chesterfield Galaxy 14 Cine, The Home Depot, and many others are located in Chesterfield Commons. The Monarch-Chesterfield Levee, which protects Chesterfield Valley, has been recertified at its original 100-year level of protection. The Chesterfield Valley tax increment financing ("TIF") district has substantially subsidized levee and drainage improvements, associated with this levee, which protect more than 4,000 acres. These levee improvements are part of a collaborative effort to construct a 500-year levee, and all of the necessary interior drainage improvements/infrastructure to minimize the impacts of high water flows in the Missouri River. The current levee is 5 - 8 feet higher than its predecessor, depending on location and up to triple its thickness at some locations (approx. 125 feet wide). In addition to simply raising the height and increasing the breadth of the levee, five stormwater pumping stations have been constructed and another is in progress.

Based on current projections, continued development of the entire City is inevitable. The City's assessed valuation of \$1,762,893,244 as of January 1, 2013 an increase of 279% from \$465,549,049 as of January 1, 1988, the time of the City's incorporation.

Chesterfield's unemployment has steadily lowered over the year, ending in October 2012 at 4.6%, compared to 5.1% in 2011. This compares favorably to St. Louis MSA (Missouri part) which is 6.9%. Chesterfield has a diverse economy with 52.1% of jobs being in the services sector, including health care; 12.3% in finance related jobs, 11% in retail and 10% in manufacturing. The health care segment of our economy continues to grow with the announcement of Mercy Health System's plans to construct a virtual care center, rehabilitation hospital and corporate headquarters on property in the heart of Chesterfield. This will bring a significant amount of jobs, both in construction and permanent jobs to our economy. St. Luke's Hospital, our largest employer, continues to upgrade and expand their facilities as well.

Our census numbers improved with the 2011 reporting, with a slight increase to 47,484. Due to the requirement that Chesterfield remain a member of the St. Louis County Sales Tax Pool (distribution based on population), rather than a point-of-sale city, as is our desire, the City will see a slight increase in sales tax revenues, due to our population growth. However, that increase in sales tax revenues pales by comparison to the projected revenues we would receive, as a point-of-sale city. Additionally, we continue to gain notice from developers and media outlets who are interested in our growth demographics and also our median family income (\$118,568).

**Long-term Financial Planning.** The City confines long-term borrowing to capital improvements or projects that cannot be financed from current revenues, and where the issuance of long-term debt is required, it pays back the bonds within a period not to exceed the expected useful life of the project. Highlighted below are the actions of the City regarding the City's long-term needs.

The voters of the City approved a ½-cent capital improvement sales tax for street and sidewalk improvements in 1997. These funds are being used to repay debt on the general obligation bonds approved at the same time for major reconstruction projects which were refunded in 2007. In addition, the sales tax will be used to fund major street and sidewalk improvements in the future. It is anticipated that approximately \$3 million dollars will be available from the ½-cent sales tax to fund continued major street and sidewalk improvements well into the future.

The City continues to explore options based on a residents' survey concerning park improvements. Some recommendations from the study included exploring opportunities to partner with St. Louis County, Missouri and private providers of recreational services to acquire open space in the City, and provide walking paths and an outdoor amphitheatre and lake in the Central Park. In response to these efforts, voters passed a ½-cent sales tax for parks that took effect in April 2005. During 2006 through 2012, the City worked on purchasing park land and constructing amenities such as the new Chesterfield Amphitheater with the resources from this sales tax.

In November 2005, voters in Chesterfield Valley approved the creation of a Transportation Development District (TDD) which levies an additional ⅜-cent sales tax in that area. The sales tax took effect in March 2006. In November 2006, the TDD issued \$22,450,000 bonds with the average rate from 3.75% to 4.125%. The TDD will fund over \$25 million in significant transportation-related improvement projects including: realignment and creation of a single signalized intersection at Wild Horse Creek, Long and Kehrs Mill Roads; widening of Long Road from Chesterfield Airport Road to Wild Horse Creek Road; roadway construction on Chesterfield Airport Road at Spirit of St. Louis Boulevard;

levee trail; Long Road overpass; Wild Horse Creek re-alignment; and area improvements at Olive and Chesterfield Airport Roads.

**Debt Administration.** At year-end, the City had eight debt issues outstanding. These issues include \$2,570,000 in general obligation bonds for parks, \$610,000 in certificates of participation related to the construction of a Public Works Facility, \$11,840,000 in certificates of participation related to the City Hall, \$12,270,000 in general obligation bonds for streets and sidewalks, \$21,275,000 in certificates of participation for Parks from 2005, and \$12,825,000 in certificates of participation for park and recreation improvements from 2008 and 2011.

### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (Certificate of Achievement) to the City for its CAFR issued for the fiscal year ended December 31, 2011. This was the 22<sup>st</sup> consecutive year the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another Certificate of Achievement.

In addition, the City received the GFOA's Award for Distinguished Budget Presentation for its annual budget for fiscal year 2012. This was the 21<sup>th</sup> consecutive year that the City received this award. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document met the program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

The preparation of this report would not have been completed without the efficient and dedicated services of the entire administrative staff of the various departments of the City. We would like to especially acknowledge the dedicated services and assistance of the staff members in the Finance and Administration Department. The Finance and Administration staff members were key components of maintaining the City's accounting systems and their contributions were invaluable.

We would also like to thank our auditors, Daniel Jones & Associates, for their help in formulating this report. Our sincere gratitude is extended to you for your interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Michael G. Herring  
City Administrator

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Chesterfield  
Missouri

For its Comprehensive Annual  
Financial Report  
for the Fiscal Year Ended  
December 31, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council  
City of Chesterfield, Missouri

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Chesterfield, Missouri (the "City") as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As described in Note (17) to the financial statements, in 2012 the City adopted new accounting guidance, GASB Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, and Net Position* as required by the Governmental Accounting Standards Board. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the accompanying management's discussion and analysis and budgetary comparison information on pages 11 - 20 and 43 - 47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual and nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the combining fiduciary fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2013, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Chesterfield's internal control over financial reporting and compliance.

*Daniel Jones & Associates*

DANIEL JONES & ASSOCIATES, P.C.  
CERTIFIED PUBLIC ACCOUNTANTS  
ARNOLD, MISSOURI

June 12, 2013

**City of Chesterfield, Missouri**  
**Management's Discussion and Analysis**  
**December 31, 2012**

As management of the City of Chesterfield, Missouri (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2012. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal at the front of this report along with the City's financial statements, including the footnotes that follow this Management's Discussion and Analysis.

**Financial Highlights**

- On a government-wide basis the assets of the City exceeded its liabilities for the most recent fiscal year by \$177,660,058. The City has unrestricted net position totaling \$19,525,138.
- General revenues for governmental activities were \$25,463,601, which included \$25,916,517 (97.2%) in sales, gross receipts, and sewer lateral taxes. Property taxes accounted for \$524,173 (2.0%) of general revenues.
- Net expense from the various functions of governmental activities was \$17,116,445. General government was \$2,665,220 (15.6%), public works had revenues of \$1,377,378, public safety was \$7,842,954 (45.8%), parks was \$5,167,267 (30.2%), development was \$535,897 (3.1%), planning was \$471,268 (2.8%), and community development was \$176,784 (1.0%).
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$23,289,129 a decrease of \$519,002 in comparison with the prior year. Approximately 55.6% of this total amount or \$12,947,803 is available for spending at the City's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$12,947,803 (70.0%) of total General Fund expenditures.
- The City's total debt decreased by \$4,645,000 (7.0%) during the current fiscal year due to normal payments.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information and other supplementary information.

**Government-wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. Note the government-wide financial statements exclude fiduciary fund activities.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*.

**City of Chesterfield, Missouri**  
**Management's Discussion and Analysis**  
**December 31, 2012**

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and accrued vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, parks and recreation, judicial, planning, public works, public safety, and community development. The City does not have any business-type activities.

The government-wide financial statements can be found on pages 21 and 22 of this report.

### **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and fiduciary funds. It should be noted that the City does not have any proprietary funds.

### **Governmental Funds**

*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of expendable resources*, as well as on *balances of expendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and the government-wide *governmental activities*.

The City maintains several individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Parks Sales Tax Fund, Capital Improvement Sales Tax Trust Fund, and the Parks Construction Fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation called "other governmental funds". Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* in the other supplementary information section in this report.

The City adopts an annual appropriated budget for its General Fund, Chesterfield Valley Tax Increment Financing Special Revenue Fund, Capital Improvement Sales Tax Trust Special Revenue Fund, Parks Sales Tax Special Revenue Fund, Sewer Lateral Special Revenue Fund, Parks 1998 Debt Service Fund, Public Works Facility 1995 and 2002 Debt Service Fund, R & S Debt Service Fund, City Hall Debt Service Fund, Parks Construction Debt Service Fund, and Parks Construction Capital Projects Fund. Budgetary comparison statements have been provided for all budgeted funds to demonstrate legal compliance with the respective adopted budget.

The governmental funds financial statements can be found on pages 23 through 26 of this report.

**City of Chesterfield, Missouri**  
**Management's Discussion and Analysis**  
**December 31, 2012**

**Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The statement of fiduciary net assets can be found on page 27 of this report.

**Notes to the Basic Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 28 through 42 of this report.

**Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, certain required supplementary information can be found on pages 43 through 47 of this report.

**Other Supplementary Information**

The combining and individual fund statements, referred to earlier in connection with nonmajor governmental funds, are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 50 through 65 of this report.

**Government-wide Financial Analysis -- Financial Analysis of the City as a Whole**

The City presents its financial statements under the reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. Therefore, a comparative analysis of government-wide data is also included in this report.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, the net position of \$177,660,058 increased in 2012 by approximately 5.7% as compared to the previous year.

At the end of 2012, the City had positive balances in all three categories of net position.

The largest portion of the City's net position, \$154,461,332 in 2012 (an increase of approximately 7.0% from 2011), reflects its investment in capital assets (e.g., land, infrastructure, buildings, machinery and equipment) less any related debt used to acquire those assets that is still outstanding. Approximately \$6,979,805(68.9%) of the increase was a result of donated streets, easements and right-of-ways. The City uses these capital assets to provide services to citizens. Consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**City of Chesterfield, Missouri**  
**Management's Discussion and Analysis**  
**December 31, 2012**

		<b>Governmental Activities</b>	
		<b>December 31</b>	
		<b>2012</b>	<b>2011</b>
<b>Assets</b>			
Current and other assets	\$	26,562,550	27,565,099
Capital assets, not depreciated		117,049,695	116,300,985
Capital assets, net		99,736,224	95,089,056
Total assets		243,348,469	238,955,140
<b>Liabilities</b>			
Long-term liabilities		63,099,854	67,812,032
Other liabilities		2,588,557	3,037,470
Total liabilities		65,688,411	70,849,502
<b>Net position</b>			
Invested in capital assets, net of related debt		154,461,332	144,327,104
Restricted		3,673,588	2,877,831
Unrestricted		19,525,138	20,900,703
Total net position	\$	177,660,058	168,105,638

An additional portion of the City's net position, \$3,673,588 in 2012, represents resources that are subject to external restrictions on how they may be used. External restrictions include those imposed by grantors, contributors, regulations of other governments, or restrictions imposed by law through constitutional provisions or legislation. This balance increased by \$795,757 (27.7%) in 2012 primarily as a result of an increase in restrictions for capital projects. The restricted portion of net position from capital projects is related to a sales tax for capital projects whose uses are restricted by legislation. Due to the timing of projects, there was a higher balance in 2012 compared to 2011.

The remaining category of the City's net position represents an *unrestricted net position* balance of \$19,525,138 in 2012 which may be used to meet the City's ongoing obligations to citizens and creditors. There was a slight decrease of 6.6% in unrestricted net position in 2012. The decrease was primarily a result of planned unrestricted expenditures in the parks fund for special projects authorized by the City Council in 2012.

### **Governmental Activities**

Governmental activities increased the City's net position by \$9,554,420. Key elements of this are as follows:

**City of Chesterfield, Missouri**

**Changes in Net Position**

In 2012 the City's total revenues on a government-wide basis was \$43,315,385, an increase of \$6,437,086 as compared to 2011. This largest part of the change was a result of a \$5,176,920 increase in donated roads, easements and right-of-ways as compared to 2011. Sales tax collections increased \$889,086 due to the improving economy in Chesterfield and Saint Louis County. Parks charges for services also increased \$184,793(15.3%) in 2012. This was due to increased activity and field usage at our parks facilities.

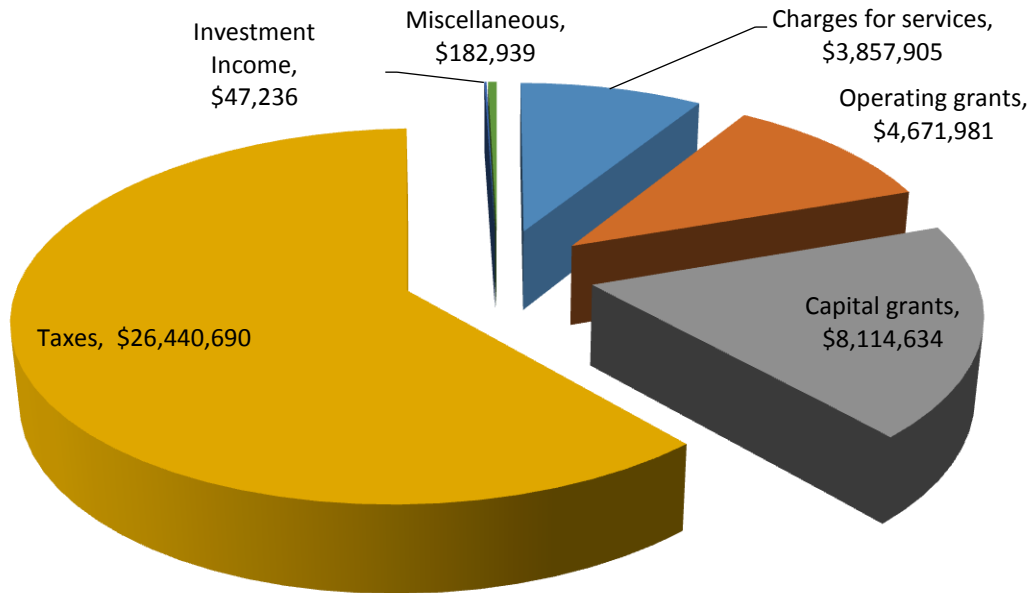

Total expenses for 2012 were \$33,760,965 which was an increase of \$3,308,521. The increase was mostly a result of one-time projects in 2012 that were not part of normal City operations and were approved by City Council. As a result of the current year activity, the change in net position had an increase of \$9,554,420.

**Financial Analysis of the City's Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the City's governmental funds is to provide information on inflows and balances of available expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

*General Fund*

At the end of year 2012, the unassigned fund balance of the General Fund was \$12,947,803, while the total fund balance was \$14,112,293. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures and transfers out. Unassigned fund balance represents 61.7% of total General Fund expenditures and transfers out of \$21,002,305, while total fund balance represents 67.2% of total General Fund expenditures and transfers out.

The fund balance in the City's General Fund increased by \$44,378 (.3%) from the prior year fund balance compared to a \$728,575 (5.5%) increase in 2011. The lower increase in fund balance is mainly due to:

- Other financing uses were \$913,610 higher than in the prior year as a result of one-time transfers to other funds.

*Other Major Governmental Funds*

Changes in fund balances for other major governmental funds can be described as follows:

- Parks Sales Tax Fund ended 2012 with fund balance of \$2,721,627, a decrease of \$600,592 (18%) over the prior year. The decrease was a result of \$612,212 more in other financing uses compared to 2012. The other funding sources increased transferred to other funds in 2012. This ½ cent sales tax generated total revenue of \$6,108,998 in 2012, an increase of \$318,149 (5.5%). The Fund transferred \$3,459,438 to other funds for debt service expenditures and other expenditures.
- Capital Improvement Sales Tax Trust Fund ended the year with fund balance of \$1,826,314, an increase of 191.9% from the prior year. The increase was primarily due to the timing of planned projects. The Trust Fund transferred \$1,981,601 to other funds for debt service expenditures.
- Parks Construction Fund decreased by \$299,749 (-9.5%). The expected decrease was due to \$926,525 in capital outlay.

**Fiduciary Funds**

The City maintains Agency Funds for monies received and held for the benefit of others for the following purposes:

- Bond deposits held to ensure a defendant's appearance in court

**City of Chesterfield, Missouri**  
**Management's Discussion and Analysis**  
**December 31, 2012**

- Proceeds received in connection with a joint program sponsored by the City and the local explorer's post
- Collection and release of the monies for future road way improvements to ensure completion of the projects
- Collection and release of monies in connection with various permits issued for construction projects

At the end of 2012, cash and cash equivalents had increased \$4,269,177 (to \$6,957,106) from 2011 due to a few large construction related projects.

**General Fund Budgetary Highlights**

Final results for any given year will generally differ from that year's adopted budget. The final revised budget of the City's General Fund expenditures for 2012 was \$19,518,313, which differs from the original adopted budget of \$18,751,492 by \$766,821. The change in budget was a result of one-time projects approved during 2012.

After transfers, the General Fund ended the year with an operating increase of \$44,378. This increase was \$1,081,220 higher than the estimated decrease of (\$1,036,842) from the final revised budget as a result of management of budgetary expenditures and the timing of capital projects. Most revenue categories performed close to budget.

**Capital Assets**

The City has invested \$211,390,041 in a broad range of capital assets, including park facilities, roads, buildings, machinery and equipment, and automobiles and trucks. This amount represents a net increase for the current fiscal year (including additions and deductions) of \$5,395,878. In 2012, the City's capital asset detail was as follows:

<b>Capital Assets, Net of Depreciation</b>			
<b>December 31</b>			
		<b>2012</b>	<b>2011</b>
Land	\$	31,674,343	31,674,343
Right-of-way		83,745,088	80,986,776
Buildings and other improvements		43,782,891	43,058,710
Machinery and equipment		1,838,562	1,871,067
Automobiles and trucks		1,893,353	1,895,954
Infrastructure (including construction-in progress)		53,851,682	51,903,191
Total	\$	216,785,919	211,390,041

Additional information on the City's capital assets can be found in Note 4 in the notes to the basic financial statements.

**Long-Term Debt**

At the end of December 2012, the City had outstanding long-term debt obligations for governmental activities in the amount of \$63,099,854 compared to \$67,812,032 in 2011. Of this

**City of Chesterfield, Missouri**  
**Management's Discussion and Analysis**  
**December 31, 2012**

amount, \$14,840,000 is general obligation bonds. Capital lease obligations outstanding totaled \$46,550,000. The 6.9% or \$4,712,178 decrease in the City's long-term debt obligations is primarily due to the regular debt payments.

The City's governmental activities debt is detailed below:

<b>Outstanding Long-term Debt Obligations</b>			
	<b>December 31</b>		<b>Percent Change</b>
	<b>2012</b>	<b>2011</b>	
Certificate of Participation Series 2002	\$ 610,000	805,000	(24.2%)
Certificate of Participation (Government Center) Series 2004	11,840,000	12,690,000	(6.7)
Certificate of Participation (Park) Series 2005	21,275,000	22,125,000	(3.8)
Certificates of Participation (Park) Series 2008	4,050,000	4,225,000	(4.1)
Certificates of Participation (Park) Series 2009A	3,080,000	3,385,000	(9.1)
Certificates of Participation (Park) Series 2009B	5,695,000	5,695,000	0.0
General Obligation Bonds (R & S) Series 2005	12,270,000	13,730,000	(10.6)
General Obligation Bonds (Parks) Series 2008	2,570,000	3,380,000	(24.0)
Total	\$ 61,390,000	66,035,000	(7.0%)

State statutes limit the amount of general obligation debt a governmental entity may issue to 10% of its total assessed valuation. The City's authorized debt limit for fiscal year 2012 was \$177,484,216.

Additional information on the City's long-term debt can be found in Note 13 in the notes to the basic financial statements.

### **Economic Factors and Next Year's Budget**

- The fiscal year 2013 annual budget for General Fund expenditures is \$19,102,319, a decrease of \$415,994 (2.1%) from the 2012 amended budget. The slight decrease is a result of usual activity.
- Capital Improvement Fund expense budget for 2013 is \$3,422,346, a decrease of \$924,601 from the 2012 amended budget. The decrease is related to a grant funded project that was complete in 2012.
- Park Sales Tax Fund expense budget for 2012 is \$4,571,964, a decrease of \$425,902 from the 2012 amended budget.

### **Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 690 Chesterfield Parkway West, Chesterfield, MO 63017-0760.

**CITY OF CHESTERFIELD, MISSOURI**  
**Reconciliation of the Governmental Funds Balance Sheet**  
**to the Statement of Net Position**  
**December 31, 2012**

Total fund balances - governmental funds	\$ 23,289,129
--	---------------

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds financial statements. This is the amount by which capital assets (\$299,508,278) exceeded accumulated depreciation (\$82,722,359) as of December 31, 2012	216,785,919
---	-------------

Property taxes are assessed by the City, but not collected as of December 31, 2012 and deferred within the governmental funds financial statements. However, revenue for this amount is recognized in the government-wide financial statements.	78,698
---	--------

Court fines receivable as of December 31, 2012 are deferred within the governmental funds financial statements. This amount is recognized in the government-wide financial statements.	244,078
--	---------

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and, accordingly, are not reported as liabilities within the governmental funds financial statements. Interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported on the government-wide statement of net assets. Discounts, premiums, and bond issuance costs are reported in the governmental funds financial statements when debt was issued, whereas these amounts are deferred and amortized over the life of the debt as an adjustment to interest expense on the government-wide financial statements. Balances as of December 31, 2012 are:

Accrued compensated absences, vacation, and compensatory time-off	(775,260)
Accrued interest on outstanding debt as of year-end 2012	(567,462)
Bonds, notes payable, and lease obligations outstanding	(61,390,000)
Unamortized bond premium	(934,592)
Unamortized bond issuance cost	929,548

Total net assets of governmental activities	\$ 177,660,058

**CITY OF CHESTERFIELD, MISSOURI**  
**Reconciliation of the Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances of Governmental Funds**  
**to the Statement of Activities**  
**For the year ended December 31, 2012**

Net change in fund balances - governmental funds	\$	(519,002)
--	----	-----------

Amounts reported for governmental activities in the statement of activities are different because:

The governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets meeting the capitalization threshold is allocated over their estimated useful lives and recorded as depreciation expense. This is the amount by which capital outlays over the capitalization threshold totaling \$5,444,854 was less than depreciation (\$6,888,625) in the current period.		(1,443,771)
---	--	-------------

The net effect of various miscellaneous transactions involving capital assets:

Disposal of assets	(140,157)	
Contributed capital assets	6,979,805	6,839,648

Adjustments to revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds financial statements:

Property taxes for Park Debt Service Fund		(8,438)
---	--	---------

Court fines revenue in the statement of activities that do not provide current financial resources is not reported as revenues in the governmental funds financial statements.		25,562
--	--	--------

Bond proceeds are reported as financing sources in the governmental funds financial statements and thus contribute to the net change in fund balance. In the statement of net assets, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds financial statements but reduces the liability in the statement of net assets.

Annual principal payments on bonds and certificates of participation		4,645,000
--	--	-----------

Under the modified accrual basis of accounting used in the governmental funds financial statements, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis of accounting, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues.

This adjustment combines the net changes of the following:

Accrued compensated absences	(26,165)	
Accrued interest on bonds	44,267	
Amortized bond issuance cost	(96,024)	
Amortized bond premium	93,343	

Change in net assets of governmental activities	\$	9,554,420
---	----	-----------

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

**(1) Summary of Significant Accounting Policies**

The City of Chesterfield, Missouri (the City) was incorporated on June 1, 1988 and established a mayor/council/city administrator form of government. The City's major operations include: police protection, street maintenance and improvements, parks and recreation, general administrative services, legislative services, judicial services, planning, and development.

The accounting policies and financial reporting practices of the City conform to U.S. generally accepted accounting principles applicable to governmental entities. The following is a summary of the more significant policies:

**(a) *The Financial Reporting Entity***

The City defines its financial reporting entity in accordance with the provisions of GASB Statement No. 14, *The Financial Reporting Entity* (GASB 14). GASB 14 requirements for inclusion of component units are based primarily upon whether the City's governing body has any significant amount of financial accountability for potential component units. The City is financially accountable if it appoints a voting majority of a potential component unit's governing body and is able to impose its will on that potential component unit, or there is a potential for the potential component unit to provide specific financial benefits to, or impose specific financial burdens on, the City. Based on this criteria, the City has determined that its financial reporting entity consists of the City (primary government) and no other reporting units.

**(b) *Government-wide and Fund Financial Statements***

The government-wide financial statements (e.g., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City. The effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. *Program revenues* include: 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, unrestricted interest earnings, gains, and other miscellaneous revenues not properly included among program revenues are reported instead as general revenues.

Following the government-wide financial statements are separate financial statements for governmental funds and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. The City has determined that the General Fund, Park Sales Tax Fund, Capital Improvement Sales Tax Trust Fund, and Parks Construction Fund are major governmental funds. All other governmental funds are reported in one column labeled "Other Governmental Funds". The total fund balances for all governmental funds are reconciled to total net position for governmental activities as shown on the statement of net position. The net change in fund balances for all governmental funds is reconciled to the total change in net position as shown on the statement of activities in the government-wide financial statements.

The fund financial statements of the City are organized on the basis of funds, each of which is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

controlled. The various funds are summarized by type in the basic financial statements. The following fund types are used by the City:

**Governmental Fund Types**

Governmental funds are those through which most governmental functions are financed. The acquisition, uses, and balances of the City's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

The following are the City's governmental major funds:

**General Fund** - The General Fund is the general operating fund of the City used to account for all financial resources except those required to be accounted for in another fund.

**Parks Sales Tax Fund** - The Parks Sales Tax Fund is a Special Revenue Fund used to account for the accumulation of resources from the ½ cent parks sales tax passed in November 2004 and effective April 2005. All parks and recreation activity is tracked in this fund.

**Capital Improvement Sales Tax Trust Fund** - The Capital Improvement Sales Tax Trust Fund is a Capital Improvement Fund used to account for special revenues received from the capital improvement sales tax that are specifically earmarked for capital improvements.

**Parks Construction Fund** - The Parks Construction Fund is a Capital Projects Fund used to account for financial resources to be used for the acquisition of park land or construction of park and recreation facilities.

The other governmental funds of the City are considered nonmajor. They are Special Revenue Funds that account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes and Debt Service Funds that account for the accumulation of resources for and repayment of general obligation long-term debt principal, interest, and related costs.

**Fiduciary Fund Type**

**Agency Funds** - Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, or other governmental units. Agency Funds are accounted for and reported similar to a proprietary fund type. Agency Funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of the Court Bond Fund, Explorer's Fund, Highway 40 Trust Fund, and Miscellaneous Escrow Fund.

**(c) Measurement Focus and Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. At year-end, entries are recorded for financial reporting purposes to reflect the modified accrual basis of accounting for governmental fund types. All fiduciary funds, including Agency Funds use the accrual basis of accounting.

Under the modified accrual basis of accounting, revenues are recorded when both measurable and available. The term “available” is defined as collectible within the current period or soon enough thereafter to be used to pay the liabilities of the current period. For the City, available is defined as expected to be received within 60 days of fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due (e.g., matured).

GASB 33 groups nonexchange transactions into the following four classes based upon principal characteristics: derived tax revenues, imposed nonexchange revenues, government-mandated nonexchange transactions, and voluntary nonexchange transactions.

The City recognizes assets from derived tax revenue transactions (such as sales and utilities gross receipt taxes) in the period when the underlying exchange transaction on which the tax is imposed occurs or when the assets are received, whichever occurs first. Revenues are recognized, net of estimated refunds and estimated uncollectible amounts, in the same period that the assets are recognized, provided that the underlying exchange transaction has occurred. Resources received in advance are reported as deferred revenues until the period of the exchange.

The City recognizes assets from imposed nonexchange revenue transactions in the period when an enforceable legal claim to the assets arises or when the resources are received, whichever occurs first. Revenues are recognized in the period when the resources are required to be used for the first period that use is permitted. The City recognizes revenues from property taxes, net of estimated refunds and estimated uncollectible amounts, in the period for which the taxes are levied. Imposed nonexchange revenues also include permits and court fines and forfeitures.

Intergovernmental revenues, representing grants and assistance received from other governmental units, are generally recognized as revenues in the period when all eligibility requirements, as defined by GASB 33, have been met. Any resources received before eligibility requirements are met are reported as deferred revenues.

Charges for services in the governmental funds, which are exchange transactions and are, therefore, not subject to the provisions of GASB 33, are recognized as revenues when received in cash because they are generally not measurable until actually received.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

**(d) *Encumbrances***

Within the governmental funds financial statements, no fund balances have been restricted for outstanding encumbrances since appropriations lapse at year-end. Encumbrances are reappropriated in the subsequent fiscal year’s budget to provide for the liquidation of the prior commitments.

**(e) *Cash and Cash Equivalents***

Cash and cash equivalents are comprised of the City’s cash deposits with banks, petty cash funds, repurchase agreements, and money market mutual funds.

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

**(f) Investments**

Investments are recorded at fair value. Fair value of investments is based on quoted market prices.

**(g) Capital Assets**

Capital assets, which include buildings, other improvements, machinery and equipment, automobiles and trucks, and infrastructure (e.g., streets, sidewalks, roads, bridges, and similar items), are reported in the governmental activities column in the government-wide financial statements, net of accumulated depreciation. Capital assets are defined by the City as assets with an estimated useful life in excess of one year with an initial individual cost of \$5,000 or more. Infrastructure assets are defined as streets with a cost of at least \$250,000; sidewalks with a cost of at least \$50,000; land improvements with a cost of at least \$5,000; and all buildings, building improvements, and land.

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair market value at the date of donation. General infrastructure assets acquired prior to January 1, 2002 consist of the roads, bridges, and network assets that were acquired or that received substantial improvements and are reported at estimated historical cost using deflated replacement cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized.

Depreciation, including depreciation recognized on assets acquired through government grants and other aid, is computed on the straight-line method over the estimated useful lives of the various classes of assets (with the ½ year convention election applied in the first and last year), except for roads, which are computed using the composite method. The estimated useful lives of depreciable capital assets are as follows:

	<u><b>Years</b></u>
Buildings	40
Other improvements	10 - 25
Machinery and equipment	5 - 10
Automobiles and trucks	5 - 7
Infrastructure	15 - 30

**(h) Compensated Absences**

The City grants vacation to all full-time employees based on years of continuous service, and compensatory time is granted to all nonexempt employees for hours worked in excess of a normal work week that are not taken within the current biweekly pay period. These benefits are allowed to accumulate and to carry over, with limitation, into the next calendar year and will be paid to employees upon resignation, retirement, or death. Sick leave benefits do not vest and, accordingly, are recorded as expenditures when paid. The entire accrued benefit liability related to the City's compensated absences in the amount of \$775,260 has been recorded in the government-wide financial statements.

**(i) Capital Contributions**

Capital contributions within public works represent government grants and other aid used to fund capital projects. Capital contributions are recognized as revenue when the expenditure is made and amounts become subject to claim for reimbursement. Amounts received from other governments that are not restricted for capital purposes are reflected as intergovernmental revenue.

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

**(j) *Interfund Transactions***

In the fund financial statements, the City has the following types of transactions among funds:

***Transfers***

Legally authorized transfers are reported when incurred as transfers in by the recipient fund and as transfers out by the disbursing fund.

Elimination of interfund activity has been made for governmental activities in the government-wide financial statements.

**(k) *Deferred Revenue***

The City has received inspection fees in advance from various developers. These fees are recognized as revenue as the City performs the inspections of the developments. This revenue is recorded in the government-wide statements as unearned revenue and as deferred revenue in the fund financial statements. Also included in the fund financial statements in deferred revenue are property tax revenues and court fines that are not collected within 60 days following the end of the current period and gross receipt taxes received from wireless telecommunication companies under protest.

**(l) *Governmental Fund Balance Classification and Policies***

The City's policy is to report the fund balance in the following categories, when applicable, listed from the most restrictive to the least restrictive:

**Nonspendable** -- The portion of fund balance that is not in a spendable form or is required to be maintained intact.

**Restricted** -- The portion of fund balance that is constrained to specific purposes through constitutional provisions or by enabling legislation.

**Committed** -- The portion of fund balance with constraints or limitations by formal action (ordinance) of the City Council, the highest level of decision-making authority.

**Assigned** -- The portion of fund balance that the City intends to use for a specific purpose, as determined by the City Council or by a City official to which the governing City Council delegates the authority (such as encumbrances).

**Unassigned** -- Amounts that are available for any purpose; these positive amounts are reported only in the General Fund.

City Council establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by City Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

When both resources are available, the City will spend the most restricted amounts before the least restricted.

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

**(l) Governmental Fund Balance Classification and Policies (Continued)**

The fund balance of the City's General Fund has been accumulated to provide stability and flexibility to respond to unexpected adversity and/or opportunities. The target is to maintain an unassigned fund balance of not less than 40% of annual operating expenditures and transfers out for the year.

**(m) Long-term Liabilities**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

**(n) Amortization**

In the government-wide financial statements, bond premiums and discounts are recorded as an increase or a reduction of the debt obligation and bond issuance costs are recorded as a deferred charge. Such amounts are amortized using the interest method or bonds outstanding method over the term of the related bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**(o) Use of Estimates**

The preparation of basic financial statements in conformity with U.S. generally accepted accounting principles requires the City to make estimates and assumptions that affect the reported amounts of assets and liabilities at fiscal year-end and revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**(2) Cash and Investments**

State statutes authorize Missouri local governments to invest in obligations of the United States Treasury and United States government agencies, obligations of the State of Missouri, time certificates of deposit, and repurchase agreements. Deposits in financial institutions must be collateralized by securities pledged to the City by these same institutions.

The following is a reconciliation of the City's deposit and investment balances at December 31, 2012:

	<b>Government-wide Statement of Net Assets</b>	<b>Fiduciary Funds Statement of Fiduciary Net Assets</b>	<b>Total</b>
Cash and cash equivalents	\$ 17,193,004	6,957,106	24,150,110
Investments	2,001,730	-	2,001,730
	<u>\$ 19,194,734</u>	<u>6,957,106</u>	<u>26,151,840</u>

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

***Interest Rate Risk***

The City's investment policy seeks to minimize the risk that the fair value of securities in the portfolio will fall due to changes in general interest rates by:

1. Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
2. Maintaining a sufficient balance in liquid funds to adequately cover forecasted cash requirements.

The City's goal is to match its investments with its anticipated cash flow requirements. No investments shall mature and become payable more than five years from the date of purchase. The investments of the primary government had the following maturities as of December 31, 2012:

	<b>Fair Market Value</b>	<b>No Maturity</b>	<b>1-5 Years</b>
<b>Primary Government</b>			
Money market	\$ 2,961,640	2,961,640	-
U.S. Agency Securities	2,001,730	-	450,603
Total primary government	4,963,370	2,961,640	450,603
Grand total investments	\$ 4,963,370	2,961,640	450,603

***Credit Risk***

The City's investment policy seeks to minimize credit risk, the risk of loss due to the failure of the security issuer by:

1. Pre-qualifying the financial institutions, securities dealers, intermediaries, and advisors with which the City will do business.
2. Diversifying the portfolio so that potential losses on individual securities will be minimized.
3. Settling all purchase/sale transactions delivery versus payment.

According to the investment policy, any agency security purchased must be senior debt and rated with the highest debt rating by Moody's Investor Services, Inc. and Standard and Poor's Corporation. The following table provides information on the credit ratings associated with the City's investments as of December 31, 2012, excluding obligations of the United States government or obligations explicitly guaranteed by the United States government.

	<b>Fair Market Value</b>	<b>Average Credit Quality (Moody's)</b>
U.S. Agency Securities	\$ 2,001,730	AAA
Money Market*	2,961,640	Unrated
*Collateralized by United States Treasury or Agency securities		

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

***Concentration of Credit Risk***

The investment policy states that the City will diversify by security type and institution. Security types shall be diversified to minimize the risk of loss resulting from over concentration of assets in a specific maturity, specific issuer, or specific class of securities. Diversification strategies are periodically reviewed and have been established as follows:

- United States Treasury securities - up to 100% of total investments
- United States Agency securities - no more than 60% of total investments
- Collateralized certificates of deposit - no more than 50% of total investments
- Collateralized repurchase agreements - no more than 50% of total investments
- United States agency callable securities - no more than 35% of total investments
- Commercial paper - no more than 10% of total investments
- Bankers acceptances - no more than 10% of total investments

In addition, investment in any single issuer of United States Agency Securities is limited to 40% of the total amount of all United States Agency securities in the portfolio. Investment transactions with a single institution will be limited to 35% of the total portfolio.

	<u><b>Fair Market Value</b></u>	<u><b>Percent of Total Investments</b></u>
U.S. Agency Securities	\$ 2,001,730	40.3%
Money Market*	2,961,640	59.7%
*Collateralized by United States Treasury or Agency securities		

***Custodial Credit Risk***

For deposits, custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution, or by a single collateral pool established by the financial institution.

For investments, custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. In accordance with its policy, the City addresses custodial risk by pre-qualifying institutions with which the City places investments, diversifying the investment portfolio, and maintaining a standard of quality for investments.

**(3) Receivables, Net of Allowances**

All amounts are scheduled for collection during the subsequent fiscal year.

	<u><b>Municipal Taxes</b></u>	<u><b>Intergovern- mental</b></u>	<u><b>Interest</b></u>	<u><b>Other</b></u>	<u><b>Total Receivables</b></u>
<b>Governmental Activities</b>

**(4) Capital Assets**

The following is a summary of changes in capital assets - governmental activities for the year ended December 31, 2012:

<b>Governmental Activities</b>				
<i>Capital assets not being depreciated:</i>				
Land	31,674,343	-	-	31,674,343
Right-of-way	80,986,776	2,758,312	-	83,745,088
Construction in progress	3,639,866	1,897,012	(3,906,614)	1,630,264
Total capital assets not being depreciated	116,300,985	4,655,324	(3,906,614)	117,049,695
<i>Capital assets being depreciated:</i>				
Buildings	26,567,350	-	-	26,567,350
Other improvements	29,543,422	2,770,984	-	32,314,406
Machinery and equipment	5,387,977	356,603	(255,937)	5,488,643
Automobiles and trucks	4,261,733	703,963	(433,462)	4,532,234
Infrastructure	107,813,643	7,875,327	(2,133,020)	113,555,950
Total capital assets being depreciated	173,574,125	11,706,877	(2,822,419)	182,458,583
<i>Less - Accumulated depreciation for:</i>				
Buildings	4,786,274	666,756	-	5,453,030
Other improvements	8,265,788	1,380,047	-	9,645,835
Machinery and equipment	3,516,910	331,275	(198,104)	3,650,081
Automobiles and trucks	2,365,779	593,313	(320,211)	2,638,881
Infrastructure	59,550,318	3,917,234	(2,133,020)	61,334,532
Total accumulated depreciation	78,485,069	6,888,625	(2,651,335)	82,722,359
Total capital assets being depreciated, net	95,089,056	4,818,252	(171,084)	99,736,224
Governmental activities - capital assets, net	211,390,041	9,473,576	(4,077,698)	216,785,919

Within the statement of activities, depreciation expense is charged to functions of the primary government as follows:

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

**Governmental Activities**

General government	\$ 408,349
Parks and recreation	1,761,270
Planning	13,233
Public works	4,113,763
Public safety	<u>592,008</u>
Total depreciation expense, governmental activities	<u>\$ 6,888,623</u>

**(5) Accounts Payable**

The City's outstanding accounts payable at year-end was entirely attributable to direct payments to vendors.

**(6) Restricted Net position**

The government-wide statement of net position reports \$3,673,588 of restricted net position, of which \$3,441,354 is restricted by enabling legislation.

**(7) Property Taxes**

The City's property tax is levied each September based on the assessed value listed as of the prior January 1 for all real and personal property located in the City. Taxes are billed in November, due and collectible on December 31, and delinquent after December 31. Liens are placed on property for delinquent taxes on January 1 following the due date. During 2008, the City decreased its levied tax rate from \$0.06 per \$100 of assessed valuation to \$0.03 per \$100 of assessed valuation. The tax levy is for the retirement of general obligation bonds payable.

Taxes levied for 2012 are recorded as receivables, net of estimated uncollectible amounts; however, revenue recognition on all property tax receivables not collected within 60 days after year-end is deferred on the fund financial statements and recognized as revenue in the government-wide financial statements. The 2011 levy was due and collectible within the City's fiscal year ended December 31, 2012.

All property tax assessment, billing, and collection functions are handled by the St. Louis County government. Taxes collected are remitted to the City by the St. Louis County Collector (the County Collector) in the month subsequent to the actual collection date. Taxes held by the County Collector, if any, are included in municipal taxes receivable in the accompanying fund financial statements.

**(8) Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The City, along with various other local governments, participates in an insurance trust for workers' compensation and for general liability matters (St. Louis Area Insurance Trust (SLAIT)). The purpose of this trust is to distribute the cost of self-insurance over similar entities. The trust requires an annual premium payment from each entity to cover estimated claims payable and reserves for claims. The members of the trust have no legal interest in the assets, liabilities, or fund balances of the insurance trust; however, the City is contingently liable to fund its pro rata

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

share of any deficit incurred by the trust should the trust cease operations at some future date. The trust has contracted with an insurance agent to handle all administrative matters, including processing of claims filed. The City's 2012 premium payments to the trust were \$364,968.

The City also purchases commercial insurance to cover risks related to property loss, public official liability, earthquakes, and employees' blanket bonds. Settled claims resulting from these risks have not exceeded coverage in any of the past three years.

**(9) Deferred Compensation Plan**

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. In accordance with the provisions of GASB 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the assets and liabilities of the deferred compensation plan are not included in the accompanying basic financial statements.

**(10) Retirement Plan**

The City contributes to the City of Chesterfield Missouri 401(a) Retirement Plan, a defined contribution pension plan, for all eligible full time employees. All full time employees are eligible to participate in the Plan after they have completed one year of service and attained the age of 18. The Plan is administered by Mass Mutual (formerly Hartford Investment.)

Benefit terms for the Plan are established and may be amended by the City Council. Per City ordinance, the City contributes an amount equal to 8% of compensation of eligible participants. For the year ended December 31, 2012, the City recognized pension expense of \$910,927.

Employees become vested in City contributions and earnings on City contributions after completion of 5 years of credited service with the City. Nonvested City contributions are forfeited upon termination of employment. Such forfeitures are used to offset contributions from the City. For the year ended December 31, 2013, forfeitures reduced the City's pension expense by \$83,415.

**(11) Interfund Balances**

Individual fund interfund receivable and payable balances as of December 31, 2012 are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Capital Improvement Sales Tax Trust Fund	\$ 216
General Fund	nonmajor governmental funds	41,995
Park Sales Tax Fund	General Fund	7,844
		<u>\$ 50,055</u>

All of these interfund balances are due to either timing differences or to the elimination of negative cash balances within the various funds. All interfund balances are expected to be repaid during the fiscal year ending December 31, 2012.

**(12) Obligations Under Operating Lease Agreements**

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

The City leases equipment under certain operating lease agreements with terms in excess of one year. Annual aggregate lease payments remaining under the terms of the operating lease agreements as of December 31, 2012 are as follows:

2013	31,088
2014	6,973
2015	5,078
2016	606
	<u>\$ 43,745</u>

**(13) Long-Term Liabilities**

The following is a summary of the changes in long-term liabilities for the year ended December 31, 2012:

	<b>Balance December 31 2011</b>	<b>Additions</b>	<b>Reductions</b>	<b>Balance December 31 2012</b>	<b>Amounts Due Within One Year</b>
Compensated absences	\$ 749,095	978,403	(952,238)	775,260	704,782
General obligation bonds	17,110,000	-	(2,270,000)	14,840,000	2,375,000
Plus - Issuance premium	202,577	-	(26,348)	176,229	-
Certificates of participation	48,925,000	-	(2,375,000)	46,550,000	2,530,000
Plus - Issuance premium	825,360	-	(66,995)	758,365	-
Total	<u>\$ 67,812,032</u>	<u>978,403</u>	<u>(5,690,581)</u>	<u>63,099,854</u>	<u>5,609,782</u>

Compensated absences are generally liquidated by the General Fund.

***General Obligation Bonds Payable***

In February 2008, the City issued \$5,255,000 in General Obligation Refunding Bonds Series 2008, the proceeds of which were used to advance refund \$5,245,000 of outstanding Series 1998 General Obligation Bonds. The Series 2011 bonds bear interest ranging from 2.95% to 3.5% and are repaid through a Debt Service Fund. The net proceeds of the Series 2008 bonds plus an additional \$88,646 of City monies were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the \$5,245,000 principal of the Series 1998 bonds. As a result, the Series 1998 bonds are considered defeased and the liability for these bonds has been removed from the basic financial statements. The City decreased its aggregated debt service payments by \$368,292 over 7 years which resulted in economic gain (difference between the present values of the of the old and new debt service payments) of \$356,707.

In February 2005, the City issued \$17,760,000 in General Obligation Refunding Bonds Series 2005 for a crossover refunding for a portion of General Obligation Bonds Series 1997 and a portion of General Obligation Bonds 1999 that had \$9,265,000 and \$13,055,000 outstanding, respectively. The Series 2005 bonds bear interest ranging from 3% to 5% and are repaid through a Debt Service Fund. The net proceeds of the Series 2005 issue were deposited into an irrevocable trust with an escrow agent to provide for all future debt service payments of the Series 2005 bonds to the "crossover" date of February 15, 2007 for the General Obligation Bonds Series 1997 and February 15, 2012 for the General Obligation Bonds Series 1999 and to provide for the \$17,760,000 called principal of the bonds on those dates. A crossover refunding does not result in the defeasance of debt prior to the crossover date because the assets placed in the irrevocable escrow are not used solely for satisfying scheduled payments on the defeased debt.

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

The annual principal and interest requirements to maturity of the General Obligation Bonds as of December 31, 2012 are as follows:

<u>December 31</u>	<u>General Obligation Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2013	2,375,000	531,565	2,906,565
2014	2,455,000	451,354	2,906,354
2015	2,545,000	367,279	2,912,279
2016	1,715,000	282,301	1,997,301
2017	1,805,000	203,326	2,008,326
2018 - 2019	3,945,000	168,813	4,113,813
	<u>\$ 14,840,000</u>	<u>2,004,638</u>	<u>16,844,638</u>

***Certificates of Participation***

In September 2009, the City issued \$4,550,000 in Certificates of Participation (Series 2009A), which represent proportionate interests in base rentals to be paid by the City pursuant to an annually renewable lease/purchase agreement dated September 21, 2012 between the City and Wells Fargo Bank (the trustee/lessor). The trustee has agreed to execute and deliver certificates pursuant to a declaration and indenture of trust to finance the City's renovation and improvement of the City's Central Park and the Chesterfield Valley Athletic Complex. The base rentals constitute rent for the Parks Administration and Maintenance Facility and real property on which the Facility is situated pursuant to the lease. The certificates of participation bear interest ranging from .50% to 3.45% and will be repaid by the Park Sales Tax Fund operating revenues.

In September 2009, the City issued \$5,695,000 in Taxable Certificates of Participation (Series 2009B), which represent proportionate interests in base rentals to be paid by the City pursuant to an annually renewable lease/purchase agreement dated September 21, 2012 between the City and Wells Fargo Bank (the trustee/lessor). The trustee has agreed to execute and deliver certificates pursuant to a declaration and indenture of trust to finance the City's renovation and improvement of the City's Central Park and the Chesterfield Valley Athletic Complex. The base rentals constitute rent for the Parks Administration and Maintenance Facility and real property on which the Facility is situated pursuant to the lease. The certificates of participation bear interest ranging from 5.65 % to 6.30% and will be repaid by the Park Sales Tax Fund operating revenues.

In December 2008, the City issued \$4,720,000 in Certificates of Participation (Series 2008), which represent proportionate interests in base rentals to be paid by the City pursuant to an annually renewable lease/purchase agreement dated December 1, 2011 between the City and Wells Fargo Bank (the trustee/lessor). The trustee has agreed to execute and deliver certificates pursuant to a declaration and indenture of trust to finance the City's renovation and improvement of the City's Central Park and the Chesterfield Valley Athletic Complex. The base rentals constitute rent for the land pursuant to the lease. The certificates of participation bear interest ranging from 3.25% to 5.375% and will be repaid by the Park Sales Tax Fund operating revenues.

In January 2005, the City issued \$25,710,000 in Certificates of Participation (Series 2005), which represent proportionate interests in base rentals to be paid by the City pursuant to an annually renewable lease/purchase agreement dated January 1, 2005 between the City and Wells Fargo Bank (the trustee/lessor). The trustee has agreed to execute and deliver certificates pursuant to a declaration and indenture of trust to finance the City's acquisition and construction of park land and parks and recreation amenities. The base rentals constitute rent for the land and amenities pursuant to the lease. The certificates of participation bear interest ranging from 3% to 5% and will be repaid through the revenues

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

generated by the ½ cent sales tax for parks passed by voters in November 2004. This sales tax has taken effect on April 1, 2005.

In August 2004, the City had advanced refunding on the Certificates of Participation (Series 2000) which had an outstanding principal amount of \$16,495,000 at that time. The City simultaneously issued the Certificates of Participation (Series 2004) in the amount of \$15,820,000, depositing the proceeds and the funds currently in the reserve fund with the Escrow Agent (UMB Bank, N.A., Kansas City, Missouri). The certificates of participation bear interest from 3% to 5% and are repaid by General Fund operating revenues.

In November 2002, the City issued \$2,325,000 in Certificates of Participation (Series 2002), which the City and the trustee, BNY Trust Company of Missouri, have entered into a base lease, pursuant to which the City, as lessor, has leased to the Trustee, as lessee, the real estate on which the City's maintenance facility is located, together with all improvements now or to be situated thereon for rent. The Series 2002 Certificates of Participation have been delivered and sold for the purpose of providing funds, together with other funds of the City, to pay the costs of: 1) refunding \$2,235,000 outstanding principal amount of Certificates of Participation Series 1995, which were issued to provide funds to acquire and construct a new maintenance facility for the City; 2) funding a Debt Service Reserve Fund for the certificates; and 3) paying the costs of delivering the certificates. The certificates of participation bear interest from 2% to 4.2% and are repaid through a transfer of General Fund operating revenues to a Debt Service Fund.

The annual principal and interest requirements to maturity of the certificates of participation as of December 31, 2012 are as follows:

<u>December 31</u>	<u>Certificates of Participation</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2013	2,530,000	2,033,839	4,563,839
2014	2,700,000	1,946,528	4,646,528
2015	2,870,000	1,844,433	4,714,433
2016	2,845,000	1,727,799	4,572,799
2017	3,085,000	1,602,923	4,687,923
2018 - 2022	18,215,000	5,732,995	23,947,995
2023 - 2027	10,870,000	1,919,536	12,789,536
2028 - 2031	3,435,000	348,174	3,783,174
	<u>\$ 46,550,000</u>	<u>17,156,227</u>	<u>63,706,227</u>

**(14) Interfund Transfers**

Individual fund transfers for the year ended December 31, 2012 are as follows:

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Basic Financial Statements**  
**December 31, 2012**

	Transfers From				Total
	General Fund	Parks Sales Tax Fund	Capital Improvement Sales Tax Trust Fund	Other Nonmajor Governmental Funds	
<b>Transfers To</b>					
General Fund	\$ -	-	-	41,733	41,733
Capital Improvement					
Sales Tax Trust Fund	575,000	-	-	-	575,000
Parks Sales Tax Fund	21,000	-	-	-	21,000
Parks Construction Fund	-	625,000	-	-	625,000
Other nonmajor governmental funds	1,918,458	2,834,438	1,981,601	-	6,734,497
	<u>\$ 2,514,458</u>	<u>3,459,438</u>	<u>1,981,601</u>	<u>41,733</u>	<u>7,997,230</u>

Interfund transfers were used to: 1) move revenues from the fund that ordinance or budget requires to collect them to the fund that ordinance or budget requires to expend them; 2) use unrestricted revenues collected in the General Fund to finance capital improvements and other funds in accordance with budgetary authorization; or 3) move revenues in excess of current year expenditures to other funds.

**(15) Commitments and Contingencies**

Various legal claims have arisen during the normal course of business which, in the opinion of management after discussion with legal counsel, will not result in any material liability to the City.

**(16) Pledged Revenues**

The City has pledged a portion of future parks sales tax revenues to repay \$25,710,000 in certificates of participation issued in December 2005 to finance park improvements throughout the City. The certificates are payable solely from the sales taxes generated by a 1/2 cent parks sales tax. These taxes were projected to produce 100% of the debt service requirements over the life of the bonds. Total principal and interest remaining on the bonds is \$29,348,624 payable through December 2025. For the current year, principal and interest paid and total sales tax revenues were \$1,826,391 and \$6,108,998, respectively.

**(17) GASB 63**

During the fiscal year 2012, the City implemented Governmental Accounting Standards Board Statement No. 63 Financial Reporting of Deferred Outflows of Resources, and Net Position as required by the Governmental Accounting Standards Board.

**CITY OF CHESTERFIELD, MISSOURI**  
**Notes to Schedules of Revenues, Expenditures, and Changes in Fund Balances**  
**Budget to Actual**  
**For the year ended December 31, 2012**

**EXPLANATION OF BUDGETARY PROCESS**

The City prepares and legally adopts an annual budget for the General Fund, the Parks Sales Tax Fund, the Capital Improvement Sales Tax Trust Fund, the Police Forfeiture Fund, the Sewer Lateral Fund, the Chesterfield Valley Tax Increment Financing Fund, all Debt Service Funds, and all Capital Project Funds. Budgets are adopted on a basis consistent with U.S. generally accepted accounting principles. The Council follows the procedures outlined below in establishing the budgetary data:

1. During or before the last week of November, the City Administrator submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures, estimated revenue of the fund for the budget year, and the means of financing them.
2. On December 1, the City Administrator presents the proposed budget at a Public Hearing prior to a regularly scheduled City Council meeting. The budget is adopted at a regular City Council meeting by resolution.
3. Copies of the proposed budget are made available for public inspection in the office of the City Clerk for at least 10 days prior to passage of the budget. At least one public hearing is held on the budget by the City Council. Notice of the hearing is given by publication in a newspaper with general circulation in the City.
4. The budget is adopted by the City Council by the affirmative vote of a majority of the members of the City Council and approval by the Mayor on or before the last day preceding the budget year. If the budget has not been passed and approved by this time, then the budget and appropriations for the current fiscal year shall be deemed to be rebudgeted and reappropriated for the budget year until a new budget is adopted and approved.
5. All appropriations lapse at year-end, outstanding encumbrances are reappropriated in the subsequent fiscal year budget to provide for the liquidation of the prior commitments.

The legal level of budgetary control for the General Fund's original adopted annual budget is defined as the budgeted appropriation amount at the object level of expenditures (personnel services, contractual services, commodities, and capital outlay) for a program within a department of the General Fund. Subsequent transfers within the General Fund's budget may be made as follows:

- a) Heads of departments may make transfers between the object levels of expenditures for a program within a department of the General Fund in an amount up to \$2,500 with the prior approval of the Finance Director.
- b) Heads of departments may make transfers between the object levels of expenditures for a program within a department of the General Fund in an amount from \$2,500 to \$5,000 with the prior approval of the Finance Director and the City Administrator.
- c) Approval of a majority of the City Council is required for transfers in an amount over \$5,000.

The legal level of budgetary control for the original adopted annual budget for the Chesterfield Valley Tax Increment Financing Special Revenue Fund, Parks Sales Tax Special Revenue Fund, Capital Improvement Sales Tax Trust Special Revenue Fund, Police Forfeiture Special Revenue Fund, Sewer Lateral Special Revenue Fund, all Debt Service Funds, and all Capital Project Funds is defined as the budgeted appropriation amount at the department level.

---

## **Other Supplementary Information**

---

## **Special Revenue Funds**

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

The following Special Revenue Funds are maintained by the City:

Police Forfeiture - This fund is used to account for special revenues received which are specifically earmarked for future expenditures in the area of public safety.

Sewer Lateral - This fund is used to account for special revenues received which are specifically earmarked for expenditures for repairs to residential sanitary sewer laterals.

Chesterfield Valley Tax Increment Financing - This fund is used to account for financial resources to be used for infrastructure and transportation projects in the Chesterfield Valley.

## **Debt Service Funds**

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, certain General long-term debt principal, interest, and related costs. The following Debt Service Funds are maintained by the City:

Parks 1998 - This fund is used to account for the accumulation of resources and payment of general obligation principal and interest on the parks General Obligation Bond issue, Series 2008 which advance refunded the General Obligation Bond issue, Series 1998.

Public Works Facility 1995 and 2002 - This fund is used to account for the accumulation of resources and payment of principal and interest on the Public Works Facility Certificates of Participation, Series 1995 and 2002.

City Hall - This fund is used to account for the accumulation of resources and payment of principal and interest on Government Center Certificates of Participation issued in fiscal year 2000.

Parks Construction - This fund is used to account for the accumulation of resources and payment of principal and interest on the 2005, 2008, and 2009A & B Certificates of Participation.

R&S - This fund (Road and Sidewalk Fund) is used to account for the accumulation of resources for and the payment of general long-term debt principal and interest payments on the General Obligation Street and Sidewalk Bond issue Series 2005.

## **Capital Projects Major Fund**

Capital Projects Funds are used to account for the accumulation of resources for the acquisition and construction of major capital assets.

### **Fiduciary Fund Types**

Trust and Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, or other funds.

#### **Agency Funds**

Court Bond Fund - This fund is used to account for monies received and held as bond deposits to ensure defendants' appearances in court.

Explorers' Fund - This fund is used to account for proceeds received in connection with a joint program sponsored by the City and the local explorer's post.

Highway 40 Trust Fund - This fund is used to account for collection and release of monies for future roadway improvements contemplated in a construction development within the City. Collection of monies ensure completion of projects and restoration of the surrounding area. An inspection by the City is necessary to release funds.

Miscellaneous Escrow Fund - This fund is used to account for the collection and release of monies in connection with various permits issued for construction projects in which the contractor must comply with certain requirements. Collection of monies ensure completion of projects and restoration of the surrounding area. An inspection by the City is necessary to release funds.

## **Statistical Section**

---

**CITY OF CHESTERFIELD, MISSOURI**  
**Statistical Section**  
**December 31, 2012**

This part of the City's CAFR presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<b>Contents</b>	<b>Pages</b>
<b>Financial Trends</b> These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	<b>68-71</b>
<b>Revenue Capacity</b> These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	<b>72-76</b>
<b>Debt Capacity</b> These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	<b>77-81</b>
<b>Demographic and Economic Information</b> These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	<b>82-83</b>
<b>Operating Information</b> These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	<b>84-86</b>

Sources: Unless otherwise noted, the information in these schedules is derived from the CAFRs for the relevant year.

Source: Basic financial statements.

- (1) In 2005, the City issued certificates of participation for parks. The proceeds were deposited in the Parks Construction Fund and the Capital Project Fund. This presented the substantial increase in unreserved fund balance for Capital Project Funds.
- (2) In 2005, the City crossover refunded the general obligation bonds for streets and sidewalks. The proceeds from bonds Series 2005 was presented as cash refunding escrow.
- (3) In 2011, GASB Statement No. 54 was implemented

Notes: Assessments are determined by the Assessor of St. Louis County as of January 1.

- (2) Assessments are based on a percentage of estimated actual values. Real property is classified as residential, agricultural, or commercial. Residential property is assessed at 19%, agricultural is assessed at 12%, and commercial is assessed at 32%. All railroad and utility property is assessed at 32%. All personal property is assessed at 33 1/3%. Real property is reassessed biannually in odd-numbered years.
- (3) The City was incorporated on June 1, 1988. No property tax was levied by the City until 1995 when the voters approved an \$11 million general obligation bond issue for parks. The entire levy funds debt service.
- (4) The City participates in the county-wide sales tax sharing pool, therefore, sales tax is not the City's own source revenue.

(1) Taxable sales reported by the Missouri Department of Revenue. State Law prohibits the disclosure of specific taxpayer information.

Note: The City participates in the county-wide sales tax sharing pool, which is generally distributed based on population.

Note: The City's direct rate is made up of the following:

0.500% Capital improvements sales tax effective April 1997  
0.500% Parks and stormwater sales tax effective April 2005
