RE: Financial Update

The following is a brief update of City finances through September 13, 2024.

This financial update is being reported on a cash basis. Although the City's revenue comes from a variety of sources, the predominant source is sales tax and there is generally a two-month lag between the "sale" and the "receipt". Therefore, the revenues the City received in the month of September which are reflected in this report and analysis as September 2024, are generally reflective of consumer spending which occurred in July 2024. However, the receipts are significantly influenced by the timing of retailer reports and the deadline requirements established by the Missouri Department of Revenue.

The monthly budget proportions are estimated based on an estimated pro-rata share of the annual budget figure, taking into account the prior five-year monthly average; however, the receipts are heavily dependent on actual reporting practices of retailers, which often vary from month to month and year to year. Therefore, you should not rely on any individual month's receipts in an analysis as history demonstrates that these monthly values are volatile and are heavily impacted by the timing of retailer reporting. Any analysis of our revenue reporting must be tempered with this understanding.

The sales tax receipts received in September for all funds are below 2024 budget expectations by an average of 10.12% (\$267k) on a cash basis. Sales tax receipts for all funds year to date are above 2024 budget expectations by an average of 3.76% (\$738k) and higher than 2023 actual year to date revenues by an average of 3.45% (\$680k) on a cash basis.

The Pooled Sales Tax receipts received in September 2024 were \$829,515, 8.24% (\$74k) below budget. We are ahead of the 2024 year to date budget expectations (\$256k), or 4.04% on a cash basis. The Pooled Sales tax collections for the General Fund were 0.54% (\$4k) higher than in September 2023, and above 2023 actual year to date revenues by 4.37% (\$276k) on a cash basis.

Public Safety year to date receipts (Prop P) of \$2,485,779 exceed 2024 budget expectations by 4.57% (\$109k) on the cash basis, and above 2023 actual revenues by 3.38% (\$81k).

In combination, the General Fund sales tax revenues (Pooled Sales tax and Public Safety Prop P revenues) exceed 2024 budget expectations by 4.18% (\$365k). The year to date 2024 revenues are 4.10% (\$357k) higher than 2023 year to date revenues. As mentioned previously, the timing and proportions of both the receipts and budget have proven to be inconsistent from year to year, and 2024 appears to be no different.

Parks Sales tax collections for the year (\$6,078,731) are ahead of the 2024 budget by 2.94% (\$174k) and exceed 2023 revenues by 2.55% (\$151k). The Capital Sales tax collections for 2024 (\$5,209,392) exceed the 2024 budget expectations by 3.98% (\$200k) and above 2023 revenues by 3.40% (\$171k). The same caveats discussed for the pooled revenues apply to these revenue sources.

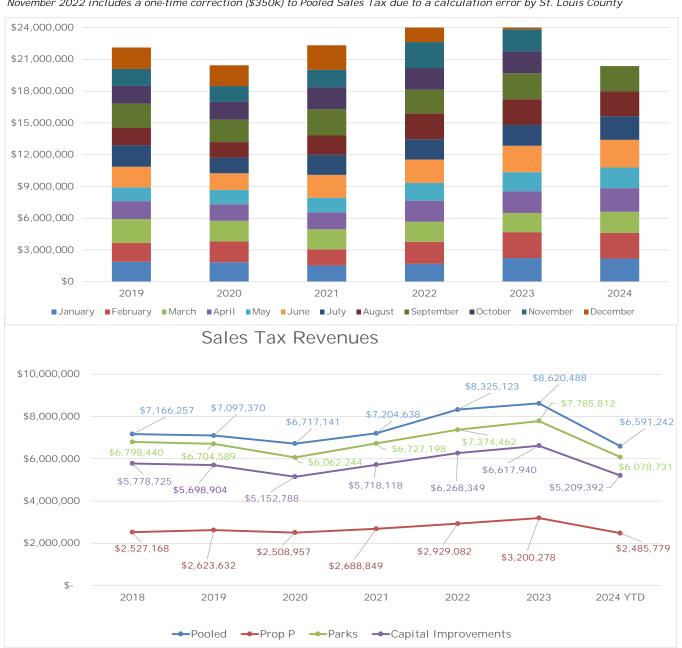

Finally, it is important to remind you that while we are reporting these revenues on a cash basis in September 2024, for financial reporting purposes revenues received in January and February are accrued back to 2023 fiscal year in the Annual Comprehensive Financial Report.
