MAYOR'S MESSAGE

Greetings to all Chesterfield residents.

I hope your summer has gone well as we approach another fall and exciting time of the year!

Because of the timing for the publication, editing and printing of the newsletter, I am writing

my message in mid-July, although you are not receiving this until late August.

Just a few days ago, my wife and I attended one of the free concerts the City provides at our amphitheater. With the weather cooperating and a popular band, the crowd was overflowing, and everyone seemed to be enjoying the event. Unfortunately, just an hour or so before the concert began, an attempt was made in another state to assassinate former President Donald Trump. So, we have two extremes of human behavior—one of appreciation and togetherness, and the opposite of destruction.

While acknowledging what is known as separation of church and state—which comes from the First Amendment of our Constitution and states, “Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof...”—I am willing and inclined to share something with my fellow residents.

My personal observation is that in our world that has become so politically polarized, many of us have lost our ability to have an objective attitude toward issues we face. This is made even more difficult because of the deliberate exaggeration and misinformation put forth by both sides, be it

left, right, liberal, conservative, etc. I acknowledge that I have a preference, and a strong one at that, but I must at least attempt to restrain myself from expressing myself too forcefully.

There are times when I happen to see something on one or the other “news” channels and am either outraged or recognize that the side I am biased toward is exaggerating the truth. During these times, I am able to reflect for spiritual guidance to give me relief from the feeling of outrage. When I am able to do this, I gain a peaceful state of mind that prevents me from saying or doing something I may later regret. I tend to think that most who may be reading this newsletter don’t need to have this concept suggested to them, but maybe it is helpful to have it reinforced. Yes, call it prayer, meditation or some introspection that

“WHAT IS JUST AS IMPORTANT, OR MORE IMPORTANT, IS THE RELIEF AND PEACE THAT THIS CONSCIOUS DECISION TO ASK FOR HELP IN DEALING WITH REAL-LIFE SITUATIONS CAN BRING.”

gives us the strength and wisdom to do and say (or not say) the right thing. What is just as important, or more important, is the relief and peace that this conscious decision to ask for help in dealing with real-life situations can bring.

In the known history of the world, mankind does not have a good track record of treating each other with civility and respect, let alone living in peace. For myself, I say a prayer for our country and all of humanity. Let us not self-destruct!

Cordially,

Bob Nation

CITY CALENDAR

City of Chesterfield September–December Calendar

SEPTEMBER

- 2** City Hall closed – Labor Day
- 3** City Council Meeting – 7 p.m. – City Hall Chambers

Attend the Annual Subdivision Trustee Symposium

Wednesday, September 25
City Hall Chambers
6-7:30 p.m.
No registration required.

Calling all subdivision trustees! The City is hosting its annual symposium to help you better serve your neighborhood and arm you with information to help during your term as a trustee. City department heads will present information on services provided by all areas of the operation. Some of the topic areas include:

- Police – Vacation checks for homeowners and speakers at subdivision meetings on various topics such as home safety, identity theft, soliciting, deer hunting, neighborhood watch programs and code enforcement.
- Public Works – Sewer lateral, street trees, sidewalk repair/replacement, street repair/replacement and snow removal programs.
- Planning – Permit process for decks or home remodeling, Planner of the Day and how to search for development projects.
- Parks – Programs available including older adult programs, park amenities and how to search for events and activities.

The City's website contains much information, but it can sometimes be challenging to navigate. You will learn the basics and how to easily find the most searched-for information.

SAVE THE DATE:
ANNUAL SUBDIVISION TRUSTEE SYMPOSIUM
Wednesday, September 25
City Hall Chambers
6-7:30 p.m.
No registration required.
Subdivision trustees will learn about services provided by various City departments, including Police, Public Works, Planning and Parks.

Important Updates for Subdivision Trustees

The City of Chesterfield continuously updates its comprehensive list of subdivision trustees. Trustees are provided notices of public hearings and upcoming projects that affect your subdivision. Recently adopted ordinances and resolutions, which may be of interest to residents, are also provided.

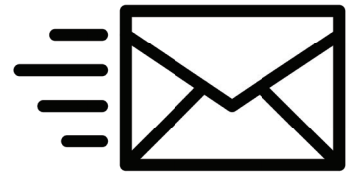

Please be advised that trustee contact information is public information and routinely provided when requested.

If you are a new trustee or know of any changes in your subdivision, download the Trustee Information Form from the City's website at www.chesterfield.mo.us

- Select "Residents," "Subdivision Trustees," then "Subdivision Trustee Information Form."
- Complete the form and return via mail or email as instructed.

Contact the Customer Service Center at 636.537.4000 if you would like a Trustee Information Form sent to you.

Subscribe to Web Mail Notifications for City Information in Your Inbox

Want to be in the know? Subscribe to web mail notifications that will deliver information on City topics that interest you straight to your inbox! There are 15 categories for different City services. Learn about business opportunities, receive public safety updates from the Chesterfield Police Department, get news about events from parks and recreation, be notified when a new digital version of *The Citizen* newsletter is available, and be prepared for City street construction, among updates from other City departments.

Type "Web Mail/eNotification" in the search bar on the City's website, or go to <https://www.chesterfield.mo.us/webmail.html> and provide us with your email address and select the categories for which you would like to receive information. Further information about each category's content is on the registration page.

After subscribing to your chosen topics, you will receive an email asking you to confirm your subscription; follow these instructions in the confirmation email to complete your subscription—this is a standard security feature to prevent your email address from being registered by others.

If you no longer want to receive notifications, it is easy to unsubscribe. Visit the eNotification page, click the link at the bottom of the page that says 'click here to unsubscribe,' enter your email address and select the list you would like to unsubscribe from. Once you hit submit, your email address is automatically removed from the selected lists.

Residents can register for the following web mail notification lists:

- Youth Recreation Programs
- Valley River Flood Information
- Requests for Bids
- Public Hearing Notices
- Press Releases
- Police Special Events
- Parks Activity Guide
- Information for Older Adults
- Information for Businesses
- Environmental Information
- Dog Park News
- Crime Watch
- Community Events
- City Street Construction
- Citizen Newsletter

Chesterfield Police Department to Host the AARP Smart Driver Course and Smart DriverTEK Workshop

The Chesterfield Police Department proudly announces a cooperative effort with AARP to provide the AARP Smart Driver Course. This is a newly updated, research-based, four-hour course that teaches valuable defensive driving skills, provides a refresher on the rules of the road, safety strategies and tips for how to adapt one's driving to compensate for changes that may come about with aging or new advances in vehicle technology. The course is taught in a single morning session and does not involve a test or driving. Fees are \$20 for AARP members and \$25 for non-members. Classes are 9 a.m.-1 p.m. at Chesterfield City Hall in the City Council Chambers. Reservations are required.

The Smart Driver Course will be held on:

Monday, September 16
Friday, December 13

The Chesterfield Police Department has also partnered with AARP to bring you the Smart DriverTEK workshop. This course is 90 minutes and covers how to utilize the latest high-tech safety features in your current car, what technology to look for when shopping for a new car and the safety benefits of these new technologies. This course is FREE and will be held 2:30-4 p.m. at Chesterfield City Hall in the City Council Chambers. Reservations are required.

The Smart DriverTEK workshop will be held on:

Monday, September 16
Friday, December 13

Course graduates may check with their auto insurance carriers to see if insurance discounts are available upon completion of this course.

For further information or to reserve a seat, please contact Officer Chad Meyer at 636.537.6769 or via email at cmeyer@chesterfield.mo.us

Did You Know?

The Chesterfield Police Department will once again participate in the DEA National Prescription Drug Take Back Day on Saturday, October 26. The collection sites will be Chesterfield City Hall and Clarkson Valley City Hall.

Understanding the City's Annual Budget Process: Transparency and Community Involvement

Each year, the City of Chesterfield is required to prepare and adopt a balanced annual budget per City ordinances and the statutes of the State of Missouri. Chesterfield's fiscal year coincides with the calendar year, running January 1 through December 31 each year. The annual budget provides the framework and priorities for the City, identifying the anticipated costs associated with specified services, purchases and contracts. Have you ever wondered what is involved with the budget process? How much time is spent creating, reviewing, discussing and ultimately adopting the budget? Are these deliberations public, and where might you find copies of the budgets once they are adopted? The annual budget review process begins in June of each year, approximately six months before its anticipated adoption and effective date.

Typically, the Finance and Administration Citizens Advisory Committee (FACAC), a group of seven appointed citizen volunteers with financial accounting or budgeting acumen, meets with staff to discuss the initial assumptions that make up the foundation of the budget. In June of this year, the FACAC met and discussed, reviewed and provided recommendations related to the revenues and expenditures assumptions used in developing the five-year forecast, and the recommendations were then included in the Finance 105 presentation held July 23. This public meeting provides an annual review and overview of the City's financial position and identifies strengths, weaknesses, threats and opportunities. The annual finance discussion provides the foundation and creates a uniform basis of information for the upcoming budget workshops.

City staff prepares budget goals and departmental requests to align with the City's long-range strategic plan, and initial requests are reviewed by the city administrator and director of finance prior to submission to City Council at the Finance and Administration "Committee of the Whole" budget workshop scheduled for Tuesday, October 1. During this meeting, staff will present the preliminary 2025 budget, discuss the City's revenues and expenditures by fund and answer questions. Any Council recommendations received during this meeting will be incorporated into the revised 2025 budget presentation during the second budget workshop on Tuesday, October 29. If necessary, a third budget workshop will be held in November. The final proposed budget is submitted to City Council for approval by the last council meeting of the year, and the budget is then adopted by resolution.

During the year, a variety of financial reports and updates are posted to the City's website in the transparency portal, including the budgets, Annual Comprehensive Financial Reports, monthly financial updates and five-year forecasts. Visit <https://www.chesterfield.mo.us/doccenter.html> to learn more and access the transparency portal, or click the eye icon on the City of Chesterfield's website homepage.

Do You Need a Business License? Explore the New Online Portal

Do you need a business license? All commercial businesses physically located and operating out of a tenant space within the Chesterfield City limits and engaging in any business, trade or avocation are required to obtain a City business license from the Department of Finance.

In May of this year, the City of Chesterfield launched the citizen license portal that allows you to apply for and renew all licenses, including business, alarm, liquor, tobacco, trash hauling and vending. Businesses were notified via email to establish their user access at https://www.civicgov4.com/mo_chesterfield/portal

Once the user establishes access, they can apply for or renew their licenses online. This provides the business access 24/7 to initiate their requests. The business assistance coordinator reviews the information provided to ensure compliance with City ordinances prior to issuance of the license.

After the application or renewal is submitted online, it is reviewed for compliance and to ensure all supporting documentation is provided, including the No Tax Due certificate. Once processed, the appropriate license fees will be applied to the user's account, and an invoice will be generated. The user may pay their invoice online from their secure portal account. After payment is received and posted, the license will be issued. An email will be sent to the user allowing them to print their license and display it at their Chesterfield business location. We recommend you maintain the email or save the document in case you need to re-print your license prior to the expiration date.

If you have any questions or need assistance, contact the business assistance coordinator or the director of finance at 636.537.4000.

Did You Know These Impressive Achievements by the Finance Department?

For the thirty-fourth consecutive year, the City of Chesterfield received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA). This is the highest form of recognition in governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management. The City has received this award from 1989–2022. The City's Finance Department excels in providing clear and transparent financial reports.

The City of Chesterfield also received its thirty-fourth consecutive Distinguished Budget Presentation Award from the Government Finance Officers Association. The award represents a significant achievement by the City's Finance Department. Each year, the City prepares an annual budget, conducts multiple budget workshops and hosts a public hearing prior to the adoption of the budget. This award reflects the commitment of the mayor, City Council and staff to meet the highest principles of governmental budgeting, ensuring public trust. The City has received this award from 1991–2024.

Chesterfield Implements SeeClickFix for Residential Reporting Needs

Earlier this year, the City of Chesterfield implemented SeeClickFix—a new reporting system created by CivicPlus that assists with reporting problems in the community. By utilizing SeeClickFix, residents can submit the exact location of a problem, upload photos and track the status of their request. SeeClickFix can be accessed via the City’s website or by downloading the SeeClickFix application onto a mobile device. Requests can be entered through SeeClickFix at any time, but the system is typically only monitored by City staff during regular business hours. Residents with an issue that requires immediate attention should contact the Chesterfield Police Department at 636.537.3000 or 911 if it is a true emergency.

To utilize SeeClickFix, visit the City’s website at <https://www.chesterfield.mo.us> and select the SeeClickFix icon.

Next, follow these step-by-step instructions to submit a request:

Step 1: Click the “New Request” button.

Step 2: Choose the location of the problem. You can do this by entering the address in the search bar or using the cursor. Once the location is selected, click the “Confirm Location” button.

Step 3: Select the category that best fits your concern. If your request is identified as a duplicate, someone has already reported this problem. In this case, you can click the heart logo icon next to the comments icon to follow this request and receive updates. Otherwise, click “Next Step” to continue.

Step 4: If you wish to add a photo, you can do so at this time; if not, click “No Photo” and proceed.

Step 5: Enter details about your concern, and click “Confirm Details.”

Step 6: Choose how you would like to submit your request. To receive automatic updates on your concern and allow the City to contact you if necessary, you must select “Submit as yourself” and then click “Submit.” If you choose this option, you will be prompted to either sign in or register for an account. With your account, you will receive automated updates via the email you have provided. If you wish to remain anonymous, you can choose “Hide your identity” or “Submit as a guest” and then select “Submit.” If you choose either of these options, you will NOT receive updates, and City staff will not be able to contact you. You will still be able to check the status of your concern by returning to SeeClickFix in the future.

Additional SeeClickFix information is on the City’s website at <https://www.chesterfield.mo.us/seeclickfix.html> and includes an introductory video and detailed instructions. If you do not wish to use SeeClickFix to report a problem, call City Hall at 636.537.4000, and a staff member will enter a request on your behalf.

Please remember that SeeClickFix is only used to address problems and concerns for which the City is responsible. If you have a problem with a utility company or another road agency such as MoDOT or St. Louis County, you must contact that utility or agency directly.

Public Works Department Engages In City Schools

While our street maintenance crews spend most of their days patching potholes, leveling sidewalks, placing concrete or plowing snow, we also take time, when asked, to participate in community events and present

our trucks and equipment at area events and schools. The Public Works Department enjoys any opportunity to connect with the Chesterfield community!

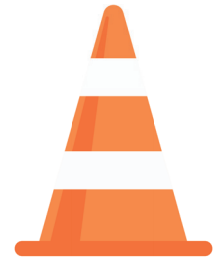

Construction Notifications Ensure Safety and Communication Amid City Construction Projects

The City of Chesterfield manages 184 miles of public streets and over 260 miles of public sidewalk. These assets regularly need work, such as maintenance and reconstruction, to ensure they are usable to the public. Before construction occurs, the City will typically send letters to all residents abutting a project area and to subdivision trustees. These letters explain the project and provide contact information for the City's project manager and the contractor's on-site representatives. In many cases, the letters also invite residents to on-site meetings where they can ask questions. The City provides this information so residents will know what to expect prior to the start of a project, including the schedule and any anticipated delays or closures.

Once a project has begun, signs will be placed to notify motorists of any work occurring in the area, such as road work ahead, one lane traffic ahead, or road closed. It is important that motorists heed these signs for the safety of themselves, other motorists, pedestrians and workers. Once a project is completed, the signs will be removed.

At the end of the project, the City sends a project survey to residents and trustees. These surveys are used to assess the contractor's performance and determine how we can improve in the future. If you receive one of these surveys, please complete it! Road construction is almost always an inconvenience to area residents, so the City appreciates your patience and any constructive feedback you provide to enable us to perform better in the future.

How Chesterfield Upholds Water Quality Within the Community

Did you know that in order to permit grading and land disturbance activities, the City of Chesterfield—along with 58 other municipalities, St. Louis County and MSD—operates under a Municipal Separate Storm Sewer System (MS4) permit from the Missouri Department of Natural Resources? Permit requirements cover many topics that impact water quality, including posting pet waste disposal signs, ensuring that development sites contain proper silt and erosion control, and bi-annual street sweeping. Additionally, the City must operate its facilities in such a manner to minimize exposure to stormwater and train its personnel annually in proper water quality practices.

If you are wondering what you can do regarding water quality, please remember that all stormwater inlets drain to creeks and streams, so please ensure that no trash, debris or chemicals are washed or dumped into stormwater inlets. Additionally, if you are planning a grading project, contact the City's Planner of the Day at 636.537.4733 or POD@chesterfield.mo.us to determine whether a permit is necessary.

If everyone does their part, we can ensure the future of clean water everywhere!

Residential Street Tree Program Restores Chesterfield's Trees and Upholds Tree City USA Designation for 33rd Year

The City of Chesterfield owns and maintains approximately 19,500 street trees. These trees, located in the public right-of-way, provide many benefits to residents, including shade, water quality and reduced runoff. Unfortunately, many trees in the right-of-way die or become hazardous each year and require removal. Should you have questions about the condition of a street tree, you can request an assessment from the City Arborist by contacting City Hall or by using the City's problem reporting system, SeeClickFix.

Residents can request a new or replacement street tree by completing an application located on the City's website at <http://www.chesterfield.mo.us/residential-street-tree.html>. Each application requires a \$100 fee, and the resident must choose a tree species from the City's approved street tree list. Please note that the fee covers a small portion of the total cost of the tree, with the City paying the majority of the cost and managing the tree installation. The City Arborist will ensure there is adequate space for a tree to survive and thrive, and they will work with residents to select a tree.

In previous years, the City has completed both spring and fall plantings. However, the trees recently planted as part of the fall planting have survived at a much higher rate than those planted in the spring; therefore, beginning in 2025, the City will transition to only having a fall planting season, with all applications due by May 1, 2025.

Preserving Legacy: Our Commitment to Open Space and Tree Conservation

The City of Chesterfield has been a Tree City USA since 1998 and has received the Tree City Growth Award every year since 2001. To effectively manage the City's public tree resources and encourage the implementation of community tree management, the City has adopted a detailed guide for preserving and planting trees within the City, found in Section 405.04.020 of the City's Unified Development Code.

Envision Chesterfield - The Comprehensive Plan 2020 provides a long-range vision for future growth and conservation of the City's open and green spaces and has been designed to guide the future of development and progress within the City. The preservation of open space, as defined by the City Code, is paramount to this vision. Open spaces are most prevalent in parks, recreation and conservation areas and are represented in the City's Comprehensive Land Use Plan. Parks and recreation areas are dedicated to active recreation and leisure activities, whether community or commercial-based, including public parks, athletic fields, playgrounds and recreation trails. Conservation areas are undeveloped open space reserved for protecting natural beauty, the environment and wildlife management. Each character area has development policies to ensure the responsible development of Chesterfield's tree resources.

In most cases, under the City Code, development and design criteria for most zoning districts require some percentage of open space to be preserved for public benefit. The code allows for variation, but most modern ordinances contain language for the required open space. Whether trees exist as a natural occurrence of native tree species or as planted trees around existing developments, their protection can only be assured when tree protection measures are utilized.

Unless specifically exempt by law, the tree preservation and landscape requirements apply to all vacant and undeveloped land and all property slated for redevelopment. The City of Chesterfield prioritizes its open and green spaces, and it remains clear through its vision and dedication to provide and protect open space for the benefit of our residents.

Understanding Conservation: Simple Steps for Preserving Our Planet’s Resources

We hear the word “conservation” and read about it in the media almost daily. Everybody tells us it is a good idea and should be practiced, but still, many of us may not understand exactly what it is and how it can be practiced. In today’s world, conservation means taking care of Earth’s natural resources like air, water, plants, soil, minerals and wildlife so they will still be around and in good condition for use by our future generations. It is a lofty goal supported by many governments, organizations and activists working in different areas of conservation. For example, the National Wildlife Federation (NWF) works for wildlife conservation which is the preservation and protection of animals, plants and their habitats. The Conservation Federation of Missouri is the largest conservation group in Missouri. It is a citizen’s organization and is a Missouri affiliate of the NWF. Locally, our City takes a leading role by working through the Parks and Recreation Department and the different citizen groups it supports.

What can you do?

Conservation requires sensible use of Earth’s valuable natural resources and to keep the environment clean and healthy. Water, land and air are all connected, so the actions people take at home have far reaching effects on the environment. Anyone can practice conservation by taking some simple actions:

- Plant native flowers and shrubs, which serve as food and shelter for pollinators.
- Reduce water wastage.
- Recycle using the City’s single-stream recycling for the conservation of resources.
- Limit or avoid fertilizer and use compost for less soil and water contamination.
- Use dark-sky friendly lighting fixtures outdoors for less light pollution, which helps wildlife.
- Join an environmental group working for conservation. The Chesterfield Citizens Environmental Advisory Committee (CCEAC) is one such group working locally in the conservation area.

Yes, you can make a difference!

HOLIDAY CELEBRATIONS

TRUCKS AND TREATS

Saturday, October 5
Central Park
10 a.m.-1 p.m.
Quiet hour: 10-11 a.m.
Free

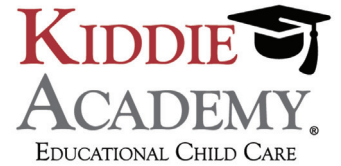

Come climb up in the driver's seat and explore our big maintenance trucks, emergency vehicles, machines and more. This free event for the whole family gives families and children a chance to explore and learn about rarely accessible vehicles' daily functions. Everyone is welcome to come in costume, participate in our fall festival activities and pick up spooky treats.

SPOOKY TALES AND TREATS

Friday, October 25
Chesterfield City Hall
6:30 p.m.
\$7 per child / Adults: free
Ages 2-12

Join us for a magical evening filled with thrilling stories and themed snacks.

A talented storyteller will engage young audiences with tales of adventures and spooky fun. Feel free to dress in your favorite costume and enjoy a night full of fun stories and sweet treats.

Register at <https://secure.rec1.com/MO/chesterfield-mo/catalog>

TURKEY TROT

Thursday, November 28
Chesterfield Valley Athletic Complex

Our 25th Annual Turkey Trot Run will take place on November 28 at the Chesterfield Valley Athletic Complex. The race will consist of a 5K or Fun Run Race for kids! Each participant will receive a shirt if registered by November 10. The 5K will start at 8:30 a.m. and the Fun Run will start at 9:30 a.m.

5K
\$25: Early Bird:
July 1–October 31
\$35: November 1–27

COOKIES WITH THE CLAUSES

Friday, December 6
Chesterfield City Hall
6:30 p.m.
\$10 per child / Adults: free
Ages 2-12

Grab your slippers and reindeer pajamas as we gather around Mrs. Claus' cookie table. Enjoy a holiday cookie and sit by the tree as Santa reads stories of holiday cheer! Bring the family together and create those wonderful memories.

Register at <https://secure.rec1.com/MO/chesterfield-mo/catalog>

CANDY CANE HUNT

Saturday, December 7
Central Park
10 a.m.
\$10 per child with pre-registration
\$15 per child day of registration
Adults: free
Ages 2-12

Don't miss the Candy Cane Hunt packed with candy canes, holiday characters and fun! Hunt down all your candy canes for the holiday season. The hunt ends when all the candy canes are found. Each age group will have designated areas for their hunt and a specific start time that will be posted on the website. A special holiday guest will be walking around to help candy cane hunters. After the Candy Cane Hunt, stay for crafts and treats.

Register at <https://secure.rec1.com/MO/chesterfield-mo/catalog>

OLDER ADULTS PROGRAMS

SENIOR EDUCATIONAL SERIES

Chesterfield City Hall
690 Chesterfield Parkway West
10 a.m.
Free

Pre-registration is required at
<https://www.chesterfield.mo.us/educational-seminars.html>

Tuesday, September 3 Senior Living Communities – The Inside Scoop

Have you ever had a question about senior living options and didn't know who to ask? Join Senior Learning Institute for a conversation about various aspects of life after retirement where experts will be on hand to answer your questions.

Tuesday, September 10 Signs of Dehydration

Fox Rehabilitation will teach the signs of dehydration, the importance of hydration, treatment options and when to call the doctor.

Thursday, September 12 Keeping Both Feet on the Ground – Take Control, Prevent Falls

Join this session, led by St. Luke's Occupational Therapy, to learn ways to increase your balance and improve safety around your home to prevent falls.

Tuesday, October 1 Planning Travel in Retirement

Traveling does not have to be overwhelming or expensive! Senior Learning Institute will introduce you to planning resources and travel tips.

Tuesday, October 8 Fall Risk Reduction for Older Adults

Fox Rehabilitation will discuss the statistics, fear of falling, intrinsic risk factors, environmental safety and interventions of physical therapists and occupational therapists.

Thursday, October 17 Navigating Senior Living Options

Transitions for Senior Living will discuss the different levels of care and types of senior living available, when and how to choose, what to look out for, and various costs associated with senior living. Learn the steps to be better organized and prepared for the transition, and leave feeling confident about navigating your next steps.

Thursday, October 24 Ensuring Safe Supplement Use – Oversight, Risks and Drug Interactions

Discover the ins and outs of supplement safety, led by St. Luke's Pharmacy team. We will examine the current safety oversight on dietary supplements, discuss potential benefits and harm, and share strategies to safely manage supplements alongside prescription medications.

OLDER ADULTS PROGRAMS

Tuesday, October 29 Benefits of Exercise

Fox Rehabilitation will discuss how exercise improves the quality of life in the older adult population with individualized care. They will also demonstrate proper techniques for these exercises.

Tuesday, November 5 Accounting, Tax and Financial Planning

Senior Learning Institute will strategize how to save on expenses and taxes, simplify bill pay and maximize your income. Bring some questions for the accounting, tax and financial professionals.

Tuesday, November 12 Are You Strong Enough?

Fox Rehabilitation will discuss the benefits of physical activity with any health condition that can be managed with exercise, while demonstrating proper techniques of these exercises.

Thursday, November 21 De-Stressing the Holidays

Every year, the holidays roll around and we promise to enjoy more and stress less. This year, learn effective strategies to do that, like relaxation breathing, daily quiet time, exercise and prioritizing, which are some techniques to be discussed.

Tuesday, November 26 Brain Health

Fox Rehabilitation will discuss how to improve your brain health, focusing on attention, executive functioning, orientation, memory and reasoning techniques.

Tuesday, December 3 The Truth About Driving After 80

As we age, we may see a decline in our abilities to drive and wonder when it's time to leave the driving to someone else. This is not an easy decision, but one we need to consider before it's made for us. In this discussion, Senior Learning Institute will talk about the challenges associated with driving as we age, as well as strategies for safely remaining behind the wheel.

Wednesday, December 11 The Power of Positive Touch

In a society where people are becoming increasingly isolated, Dr. Cypress Garrett, chiropractor and doula with St. Luke's, reviews the symptoms of touch deprivation, including increased anxiety, aggression, depression, fatigue and difficulty sleeping. Join us as she leads a conversation, open to questions from the audience, about the importance of positive touch.

Tuesday, December 17 Energy Conservation

Fox Rehabilitation will discuss how to conserve your energy when everyday tasks can seem difficult. Learn how to refine your approach to tasks to unlock your full potential by strategically planning, pacing, prioritizing and positioning yourself.

SPONSORS:
