

Chesterfield Police Department

Vacation (Home) Inspection Program

The Vacation Inspection Program (VIP) is a service offered to Chesterfield residents by the Chesterfield Police Department.

How can I participate?

First, contact the Chesterfield Police Department prior to your departure at **636-537-3000**. Personnel will ask you several questions which will include the dates of your vacation and other relevant information.

During the time specified, officers check the VIP residence daily during the course of their regular patrol to verify that all is in order.

What does this do?

This program is designed to help reduce the likelihood of a break-in and allow citizens to relax and enjoy their vacation knowing that their home is receiving additional police patrol. In the event that a problem does arise, the information provided to the police often assists in further investigation.

What do I do when I return from vacation?

When you return, contact the Chesterfield Police Department at **636-537-3000** immediately upon arrival to verify that you have returned and everything is in order.
